

Summer Camps at EmBe

EmBe's specialty summer camps are short (one, two or four days) and geared towards boys and girls ages from 6 to 14 (varies by camp). Camp CEO, FIRST LEGO League Robotics, Babysitting Camp, and Camp ChangeMaker all help tweens & teens engaged and excited about deepening their summer camp experiences.

CAMP CEO

Camp CEO is a unique 4-day camp experience that will give girls in grades 6-8 an opportunity to learn what leadership means, and how to be a leader among their peers, at school, and in the community. They'll be given the opportunity to meet, witness in action, and engage in conversation with women in our community that have chosen non-traditional career paths.

Girls also will learn leadership and team building skills through a ropes challenge course at the YMCA Leif Ericson campsite. Each girl will participate in the Real Colors Personality Assessment, giving the girls an opportunity to learn about themselves and how to communicate with others around them. Dream boards are created for the girls to set goals and continue working towards those. The girls will also learn from professionals in personal finance, and have opportunities to learn about giving back in community service. *Limit 14 campers per session.*
