

## Elective options to fulfill NJ State Graduation Requirements

In order to graduate in the state of New Jersey, students must complete an elective in each of the following 3 categories: Visual or Performing Arts, Career Education, and Personal Financial Literacy. The following is a list of the courses available to Fair Lawn High School students in each of the above mentioned areas. Students must only take ONE course from each of these areas before graduating, but may choose to take more than one in any given category. Some courses have prerequisites and/or are not available to freshman students, so please check the FLHS website for more information on each course.
