Dynamic Learning Maps

ACCESS for ELLs

IMPORTANT CONSIDERATIONS

2018-2019	Traditional school year
2019-2020	In-person through early March and fully remote from early March through end-of-year
2020-2021	Remote until October; mix of hybrid and remote for remainder of school year
2021-2022	First full-year with in-person instruction (remote learning in place when students were absent due to Covid)

*****some students were not being instructed in an in-person setting from early March 2020 until Sept. 2, 2021***

WHAT ASPECTS OF INSTRUCTION CHANGED AS A RESULT OF THE PANDEMIC?

- **Instructional Delivery Methods**
 - Certain instructional strategies/courses more challenging in a remote environment (e.g., Science labs, art, phonics)
 - Various new technology platforms/tools infused into daily instruction (e.g., Google Classroom for younger students, various online assessment platforms)
 - New instructional resources supported student learning
- **Access to tangible resources/materials**
- **Changes to assessment and grading**
 - Extended timelines for completion of work
 - Need for more formative assessment
 - Reduction in tests, quizzes, and certain district assessments

NEW JERSEY'S STATEWIDE ASSESSMENT PROGRAM - **NJSLA**

- The New Jersey Student Learning Assessments for English Language Arts (NJSLA-ELA) and for Mathematics (NJSLA-M) measures the extent to which students are, or on track to being, college or career ready in each of the two respective areas.
- The NJSLA helps districts to identify areas of curricular strength along with opportunities for improvement in each of the tested content areas. As per the NJDOE, districts are encouraged to review these results in conjunction with locally administered assessments to determine the optimum mechanism to support learning and mastery of our state's rigorous standards.
- Students in grades 3 - 9 took NJSLA English Language Arts and Literacy Assessments (ELA/L) and Mathematics Assessments in Spring 2022.

NJSLA **ELA & MATHEMATICS** PERFORMANCE LEVELS

- **Level 1: Not yet meeting grade-level expectations**
- **Level 2: Partially meeting grade-level expectations**
- **Level 3: Approaching grade-level expectations**
- **Level 4: Meeting grade-level expectations**
- **Level 5: Exceeding grade-level expectations**

NOTABLE ACHIEVEMENTS

English Language Arts & Mathematics

- Fair Lawn students scored higher than the state average in ELA in all grade levels—in some grades, as much as 27 percentage points higher.
- Fair Lawn students scored higher than the state average in Math in all grade levels/courses – in some, as much as 41 percentage points higher.
- Nearly half of all Fair Lawn grade 7 students exceeded expectations in ELA.
- Over 80% of 6th, 7th, and 8th grade students with a 504 Plan met or exceeded expectations in ELA.
- With few exceptions, there is relatively little fluctuation in ELA and Math performance levels between assessment administrations in Spring 2019 (pre-pandemic) and Spring 2022 (post-pandemic).

INTERVENTIONS

ENGLISH LANGUAGE ARTS & MATHEMATICS

- Three district Elementary Reading Specialists (grades K–6)
- Reading Intervention programs in all elementary schools
- Additional support for explicit phonemic awareness instruction in Kindergarten
- Reading Specialists assess all district first graders using the Phonological Awareness Screening Test (PAST) to create targeted intervention groups (i.e., O.G.-based intervention groups)
- Grade 3 teachers trained in Brainspring's Phonics First program
- Grade 4 word study program revised to be more structured and sequential, reviewing foundational word patterns and beginning study of affixes

INTERVENTIONS

ENGLISH LANGUAGE ARTS & MATHEMATICS

- Modified Grade 5 morphology study to include review of affixes and deeper study of Latin Roots
- K-4 Intervention teachers trained in IMSE (Orton-Gillingham); modified word work within LLI program to create continuity with classroom phonics program
- Elementary Lab sites led by reading specialists with a focus on small group instruction and conferring. Data-driven groupings for personalized learning period.
- Newer Performance-Based Reading Assessments to support Grade 5
- New Grade 6 lessons and workbook to expand students' knowledge of morphology with a focus on using context clues to support meaning making
- Grade 5-8 IXL platform to support ELA skill practice

INTERVENTIONS

ENGLISH LANGUAGE ARTS & MATHEMATICS

- Grade 5-12 Academic Level ELA classes (based on student literacy performance data), where class size is capped at 16 students and more support is provided to access the grade level curriculum
- K-12 Learning Ally access provides greater accessibility to grade level texts for at-risk readers
- Timed Reading and Writing Units
- Use of NJSLA rubrics to support essay work
- Student and teacher resources such as Newsela, Reading A-Z, leveled readers (online and print)
- Embedded NJSLA-structured questions in curricula (ELA & Math)
- After-school and Summer Learning Academies (ELA & Math)

INTERVENTIONS

ENGLISH LANGUAGE ARTS & MATHEMATICS

- Two district Elementary Math Specialists (grades K-6)
- Math Intervention programs in all elementary schools
- Math Specialists provide PD for new teachers and conduct demonstration lessons for new teachers
- Math Specialists conduct demonstration lessons to help teachers integrate rotations into their classrooms
- REFLEX Math for Grade K- 4 students to help with fact fluency
- Incorporate Math Talks in grades K-2
- Math taught through rotations in Grades 2-4 to differentiate for individual student needs. Being piloted in Grades 5 & 6 this year.
- Math Word walls in every classroom to help support and stress math vocabulary

INTERVENTIONS

ENGLISH LANGUAGE ARTS & MATHEMATICS

- Revised Open Response questions to enhance time spent on Modeling and Reasoning, a challenging math skill
- Modified Everyday Math lessons for special education classes in grades K-4
- Investigation of possible new resources, programs, and materials for special education classes
- IXL for grades 1-8
- Creation of grade 6 NJSLA practice activities for every math unit
- Additional enrichment for grade 6 math at the completion of each unit
- Addition of extra Open Response Items in each unit in grades 5 & 6 as well as on the Unit Assessments
- Modified curriculum and pacing in grades 7-9 to hit priority skills prior to NJSLA administration

INTERVENTIONS

ENGLISH LANGUAGE ARTS & MATHEMATICS

- NJSLA Math class at FLHS
- ALEKS software for grade 9 students in NJSLS Algebra Prep
- Math Ancillary to support students in NJSLA Prep Class
- Ancillary support in two Algebra 1 classes at FLHS to help ELL students
- Investigate and pilot new and additional strategies for math fluency using alternative assessments (instead of timed tests)
- FLHS Honor Society tutoring
- Tutor.com
- LinkIt! for data analysis and creation of targeted strategy groups

SPRING 2022 NJSLA SCIENCE

- The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency based on the New Jersey Student Learning Standards for Science (NJSLS-S). The science standards require students to draw on their understanding of science and engineering practices (e.g., analyzing/interpreting data, developing/using models), disciplinary core ideas (e.g., matter, ecosystems, energy), and crosscutting concepts (e.g., cause and effect, patterns) to make sense of phenomena or to design solutions to problems.
- This assessment represents a shift from an emphasis on measuring students' ability to remember facts to an emphasis on students' ability to use their understandings in novel situations.

NJSLA **SCIENCE** PERFORMANCE LEVELS

Students in grades 5,8, and 11 participated in the NJSLA Science Assessment in Spring 2022.

- **Level 1: Below Proficient**
- **Level 2: Near Proficiency**
- **Level 3: Proficient**
- **Level 4: Advanced Proficiency**

District Participation Rates

****N/A when n<10**

INTERVENTIONS

SCIENCE

- One district Elementary Science Specialist (grades K–6)
- Elementary Science Specialist collaboration with literacy and math specialists to address argument writing in science
- Middle and high school initiative to develop a cohesive approach to argument writing in science (Claims, Evidence, Reasoning)
- Professional development focused on data literacy for all secondary Science teachers (Dataspire)– teaching teachers the skills to teach students how to work with data
- Innovations Lab curriculum revised to integrate additional science and engineering practices
- Embedded NJSLA-structured questions in curricula
- Summer Mad Science program

INTERVENTIONS

SCIENCE

- Ongoing curriculum revisions in grades 5 & 6 to address changes in instructional time on task
- Investigating possible new Science programs; possible pilot of several new resources

DYNAMIC LEARNING MAPS

- Designed for students with the most significant cognitive disabilities for whom general state assessments are not appropriate, even with accommodations
- Designed to assess what students know and can do in Mathematics, English Language Arts, and Science
- Access to unique accessibility tools and supports delivered through the online assessment system or provided by the teacher
- Four performance level categories: Emerging, Approaching, Target, Advanced

2022 **DLM** PARTICIPATION RATES

SUBJECT	NUMBER OF STUDENTS TESTED
ENGLISH/ LANGUAGE ARTS LITERACY	32
MATH	32
SCIENCE	2

ACCESS FOR ELLS

- **ACCESS** is an English language proficiency assessment for students in Grades K–12. The test is administered every year to help monitor the English language development of students identified as English Language Learners.
- **ACCESS** is a computer-based, adaptive test that measures students' ability to understand and produce English used within the school setting.
- Students are tested in four domains: Listening, Reading, Speaking, Writing.

ACCESS FOR ELLS RESULTS

Grade	Eligible Test Takers	Valid Scores	Participation Rates	2022 ACCESS for ELLs Administration Percentages Scoring in Each Level					
				Entering (Level 1)	Beginning (Level 2)	Developing (Level 3)	Expanding (Level 4)	Bridging (Level 5)	Reaching (Level 6)
K - 4	172	172	100%	17%		68%		14%	
5 - 8	40	36	90%	6%		83%		11%	
9 - 12	30	29	97%	18%		71%		13%	
TOTAL	242	237	98%						

Note: Percentages may not total 100 due to rounding.

INTERVENTIONS

ENGLISH LANGUAGE LEARNERS

- In grades K – 4, all beginner ELLs (students who score a 2.5 and below on the screener or the ACCESS test) receive ELL support during their writing period.
- All ELLs in grades 5 – 6 receive two periods of ELL support (reading & writing blocks).
- All ELLs in grades 7 – 8 receive two periods of ELL support (ELA & Literature Connections).
- All beginner ELLs in grades 9 – 12 receive two periods of support:
 - English class (Beginner, Intermediate I, Intermediate II, or Advanced)
 - Subject Area Reinforcement (SAR). (Other students are enrolled in SAR on a case-by-case basis.)

INTERVENTIONS

ENGLISH LANGUAGE LEARNERS

- Ancillary support for ELLs in SAR classes.
- Learning A – Z bundle, Starfall, Superstar online, Superteacher
- Robotel pilot at FLHS (online digital platform where students are prompted to read based on their proficiency level and can record their responses to the reading prompts or type in their responses)
- Sheltered Instruction Observation Protocol (SiOP)

GRADE 3 ELA

English Language Arts Assessment Report, 2021–2022

This report shows whether FIRSTNAME met grade-level expectations and is on track for the next grade level. **This assessment is just one measure of how well your student is performing academically. The results from this assessment should be used in combination with other indicators of achievement in drawing conclusions about your student's performance in English language arts.**

Visit the NJ Parent Portal at nj.results.pearsonaccessnext.com and use the following code to access your student's performance results online.

pSzf29CnPQwS

See slide 2 of this report for specific information on your student's performance in reading and writing.

How Did FIRSTNAME Perform Overall?

Performance Level 2

- Level 5 Exceeded Expectations
- Level 4 Met Expectations
- Level 3 Approached Expectations
- Level 2 Partially Met Expectations
- Level 1 Did Not Yet Meet Expectations

Your student's score
701

For additional information regarding your student's overall performance or the use of Not-Tested or Void codes, please see the Score Interpretation Guide at <https://nj.mypearsonsupport.com>

How Students in New Jersey Performed

If your student took the assessment several times, under similar circumstances, your student would likely score within the range between the reported scale score plus or minus 2.3 points.

FIRSTNAME M. LASTNAME

How Did Your Student Perform in Reading and Writing?

READING

WRITING

LITERARY TEXT

Your student performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by showing they can read and analyze fiction, drama, and poetry.

INFORMATIONAL TEXT

Your student performed about the same as students who **approached expectations**. Students meet expectations by showing they can read and analyze nonfiction, history, science, and the arts.

VOCABULARY

Your student performed about the same as students who **met or exceeded expectations**. Students meet expectations by showing they can use context to determine what words and phrases mean.

WRITTEN EXPRESSION

Your student performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by showing they can compose well-developed writing, using details from what they have read.

KNOWLEDGE OF LANGUAGE AND CONVENTIONS

Your student performed about the same as students who **met or exceeded expectations**. Students meet expectations by showing they can compose writing using rules of standard English.

LEGEND

- Did Not Yet Meet or Partially Met Expectations
- Approached Expectations
- Met or Exceeded Expectations

What are the New Jersey ELA/Math assessments? The tests measure how well students have learned grade-level material in English language arts and mathematics. Students who meet or exceed expectations are likely on track for the next grade or course and, ultimately, for college and careers. The tests include questions that measure your student's fundamental skills and knowledge, and require students to think critically, solve problems, and support or explain their answers. The tests are one of several ways to help parents/legal guardians and teachers understand how well children are learning. The results also give your school and district important information to make instructional improvements.

Learn more about the New Jersey ELA/Math assessments

To learn more about the content of the assessment and access released test questions, visit <https://nj.mypearsonsupport.com/manuals/blueprints> and <https://nj.digitalitemlibrary.com>.

Learn more about New Jersey's college- and career-ready standards

Explore your school's website or ask your principal for information on your school's assessment schedule, the curriculum chosen by your district, and to learn more about how assessment results contribute to school improvements. You can also learn more about New Jersey's K-12 standards at <https://www.nj.gov/education/standards/>.
