What is AESAS?

The **Arkansas Educational Support and Accountability System (AESAS)**, Act 930 § 2 of 2017, is the state law that requires the state of Arkansas to test public school students.

What is the purpose of the test?

Research shows that the earlier we measure progress toward meeting educational standards, the more we can strengthen a student's chances to stay on target enabling him/her to succeed and be college and career ready upon graduating high school. These assessments ensure that all students in Arkansas public schools have an equal opportunity to demonstrate grade-level and subject area academic proficiency through the application of knowledge and skills in the core academic subjects consistent with state academic standards, and performance standards.
