

Dear Parent/Guardian,

Bunker Hill School District encourages the use of supplemental instructional material that contribute to the understanding of the concepts for our students. Our teachers occasionally make use of videos in their class to enhance the learning process. We require that the supplemental instructional material is educationally sound, age-appropriate, educationally enriching, above reproach in content and not in violation of the copyright laws.

The information below is about a movie, which a teacher has requested to show in your child's classroom. Please read the information, sign and return the form for your child to view the movie. If you choose for your child not to view the movie, an alternative activity will be provided. Your child's grade will not be adversely affected if you choose for him or her not to watch this video.
