Parents, Guardians, and Patrons of Little Axe Public School,

By state mandate, we must be in school for a minimum of 1080 hours. This requirement is not dependent upon a four or five day week schedule; every public school in the state must reach this requirement. In building a school calendar, we always add extra hours to ensure that some snow days are not a factor in achieving this requirement. Little Axe Public School was out three days for weather and will need to make up a small amount of time. With a five minute extension on to the end of each school day beginning Monday, April 15th, we will make up for the shortage. Having said that, as approved by the school board, beginning April 15th, Little Axe Public Schools will extend the school day by five minutes through the end of the year and students will be released five minutes later than usual. This will allow us to complete the required 1080 hours for this school year.

Thank you for your understanding and support!

Jay Thomas,
Superintendent
