Dedication

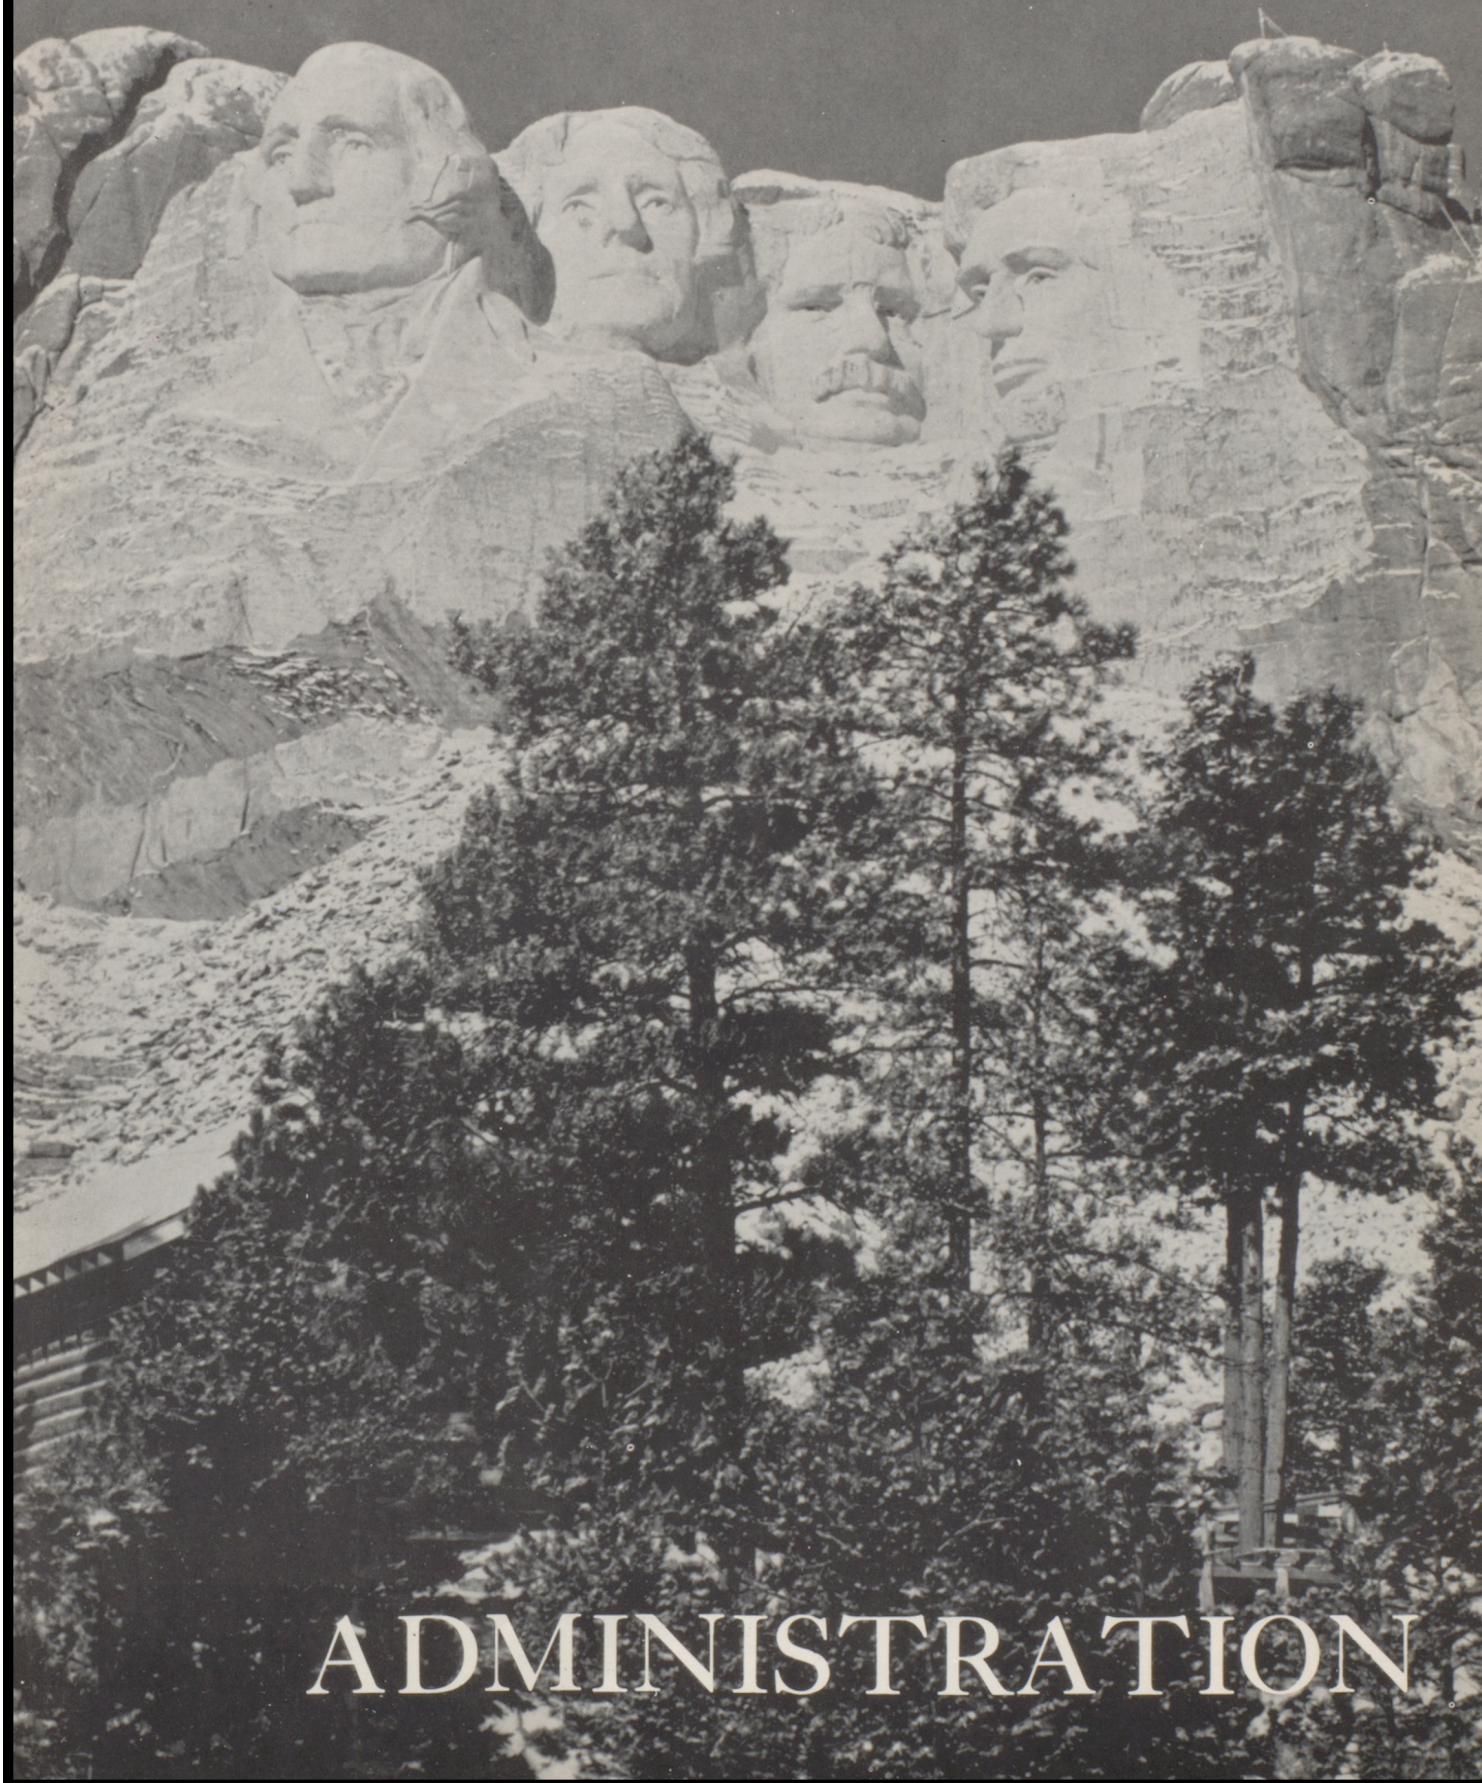

The public will support nothing better than it understands. And no school will long remain better than the people who support it, merit.

The good people of the Magazine School District have contributed money, time, effort, and influence to help provide a better opportunity for their children to receive a more adequate education. It is to be hoped that this local effort will not be relaxed in the years that lie ahead.

To these good parents and patrons of the Magazine Public Schools, we, the Senior Class of 1963 gratefully dedicate

A black and white photograph of a mountain landscape. In the foreground, there is a field of tall grass and some small bushes. A calm lake in the middle ground reflects the surrounding scenery. The background features a range of rugged mountains, with the most prominent peak having a snow-dusted summit. The sky is filled with soft, scattered clouds. The word "FRESHMEN" is printed in a white, serif, all-caps font in the lower right corner of the image.
