Review 2022-23

Needy Student Fund

This fund is available to assist students during difficult times when they have immediate needs. During the Harvey Floods of 2017 we received donations from across the state that were used in the Needy Student Fund to supply children with things like school supplies, clothing, and comfort care items. More recently, the needy student funds have been used to assist students when they have needs for class materials such as textbooks for dual credit courses and for Cosmetology kits. Students who have personal care needs such as clothing, hygiene products, shoes and socks and basic groceries have been assisted with these funds. When a family experiences a fire or other emergency, the funds have been used to provide them with immediate relief. This fund is a way to provide assistance directly to students who are identified as having a need. Often school counselors or administrators will notify us of the needs and we are able to utilize these funds to take care of the students.

School Safety Grant

2022-25

To assist LEAs in meeting the new school safety standards and to include other security related costs like metal detectors, cameras, and monitoring tools such as those allowed under the school safety allotment, the SB500 school safety and security grant, and the silent panic alert technology grant.

The purpose of this project is to first allow LEAs to implement the new safety standards applicable to Chapter 61, Sub-chapter CC, 61.031 of Commissioner's Rules. Generally, allowable safety standards activities include procurement and installation of:

- fencing,
- exterior doors,
- glass doors not within a secured area,
- ground level exterior windows,
- silent panic alert technologies, and
- other required rule components around emergency responder radios, exterior door numbering, and exterior secure master key lock boxes.

Once minimal compliance with the rule is met, the LEA may choose from a variety of school security-related activities, such as:

- security cameras and equipment,
- communications systems,
- district peace officers, private security officers, school marshals,
- active shooter trainings, emergency response training,
- prevention, identification, and management of emergencies and threats.

Award Amount: \$200,000

Application Due: August 2023
