Independent Auditor's Report

To the Board of Education of Galva-Holstein Community School District:

Report on the Audit of the Financial Statements

Opinions

I have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Galva-Holstein Community School District, Holstein, Iowa, as of and for the year ended June 30, 2022, and the related Notes to Financial Statements, which collectively comprise the District's basic financial statements listed in the table of contents.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the Galva-Holstein Community School District as of June 30, 2022 and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with U.S. general accepted accounting principles.

Basis for Opinions

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of my report. I am required to be independent of Galva-Holstein Community School District, and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements related to my audit. I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Basis for Disclaimer of Opinion

The financial statements of the Galva-Holstein Community School District Foundation have not been audited, and I was not engaged to audit the Foundation financial statements as part of my audit of the Galva-Holstein Community School District's basic financial statements. The Foundation's financial statements are included in the District's financial

statements as a discretely presented component unit. Because I was not engaged to audit the Foundation's financial statements and because I did not apply any auditing procedures to the Foundation's financial statements, I do not express an opinion on the discretely presented component unit.

Disclaimer of Opinion

Because the Foundation's financial statements have not been audited, the scope of my work was not sufficient to enable me to express, and I do not express, an opinion on the financial statements of the discretely presented component unit of the Galva-Holstein Community School District, as of and for the year ended June 30, 2022.

Emphasis of a Matter

As discussed in Note 14 to the financial statements, Galva-Holstein Community School District adopted new accounting guidance related to Governmental Accounting Standards Board Statement No. 87, Leases. My opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Galva-Holstein Community School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, I:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Galva-Holstein Community School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Galva-Holstein Community School District's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require Management's Discussion and Analysis, the Budgetary Comparison Information, the Schedule of the District's Proportionate Share of the Net Pension Liability (Asset), the Schedule of District Contributions and the Schedule of Changes in the District's Total OPEB Liability, Related Ratios and Notes on pages 6 through 13 and 50 through 55 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Galva-Holstein Community School District's basic financial statements. I previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the six years ended June 30, 2021 (which are not presented herein) and expressed unmodified opinions on those financial statements. The financial statements for the three years ended June 30, 2015 (which are not presented herein) were audited by other auditors who expressed unmodified opinions on those financial statements. The supplementary information included in Schedules 1 through 8, including the Schedule of Expenditures of Federal Awards required by Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplementary information in Schedules 1 through 8 is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, I have also issued my report dated February 1, 2023 on my consideration of Galva-Holstein Community School District's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Galva-Holstein Community School District's internal control over financial reporting and compliance.

Kay L. Chapman, CPA PC

MANAGEMENT'S DISCUSSION AND ANALYSIS

Galva-Holstein Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2022. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

2022 FINANCIAL HIGHLIGHTS

- The District implemented Governmental Accounting Standards Board Statement (GASBS) No. 87, Leases, during fiscal year 2022. The implementation of this standard revised certain assets and liability accounts related to leases, however had no effect on the beginning net position for governmental activities.
- General Fund revenues increased from \$6,802,136 in fiscal year 2021 to \$7,385,780 in fiscal year 2022, and General Fund expenditures increased from \$6,406,677 in fiscal year 2021 to \$6,996,843 in fiscal year 2022. The District's General Fund balance increased from \$3,374,567 at the end of fiscal year 2021 to \$3,752,715 at the end of fiscal year 2022, 11% increase.
- The fiscal year 2022 General Fund revenue increases came from tuition revenues (up 16.3%), State sources (up 9.6%) and federal sources (up 16.3%). The increased General Fund expenditures came mostly in the area of regular and special education instructional expense (up 12.35%).

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Position and a Statement of Activities. These provide information about the activities of Galva-Holstein Community School District as a whole and present an overall view of the District's finances.

The Fund Financial Statements tell how governmental and business type activities services were financed in the short term as well as what remains for future spending. Fund financial statements report Galva-Holstein Community School District's operations in more detail than the government-wide financial statements by providing information about the most significant funds. The remaining financial statements provide information about activities for which Galva-Holstein Community School District acts solely as an agent or custodian for the benefit of those outside of the District.

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the District's budget for the year, the District's proportionate share of the net pension liability and related contributions, as well as presenting the Schedule of Changes in the District's Total OPEB Liability, Related Ratios and Notes.

Supplementary Information provides detailed information about the nonmajor governmental and enterprise funds. In addition, the Schedule of Expenditures of Federal Awards provides details of various federal programs benefiting the District.

REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. All the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the District's net position and how it has changed. Net position is one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net position is an indicator of whether financial position is improving or deteriorating. To assess the District's overall health, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, need to be considered.

In the government-wide financial statements, the District's activities are divided into three categories:

- *Governmental activities:* Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- *Business type activities:* The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program and daycare program are included here.
- *Component Unit:* This includes the activities of the Galva-Holstein Community School District Foundation. The District receives significant financial benefits from the Foundation although they are legally separate entities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds, or to show it is properly using certain revenues, such as federal grants.

The District has three kinds of funds:

- 1) *Governmental funds:* Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The District's governmental funds include the General Fund, the Special Revenue Funds, the Debt Service Fund and the Capital Projects Funds.

The required financial statements for governmental funds include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

- 2) *Proprietary funds:* Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide financial statements. The District's Enterprise Funds, one type of proprietary fund, are the same as its business type activities but provides more detail and additional information, such as cash flows. The District currently has two Enterprise Funds, the School Nutrition Fund and Daycare Fund.

The required financial statements for proprietary funds include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position and a Statement of Cash Flows.

3) *Fiduciary fund*: The District is the trustee, or fiduciary, for assets that belong to others. This fund consists of a Private-Purpose Trust Fund.

- Private-Purpose Trust Fund - The District accounts for outside donations for scholarships for individual students in this fund.

The District is responsible for ensuring the assets reported in the fiduciary funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the government-wide financial statements because it cannot use these assets to finance its operations.

The required financial statements for fiduciary funds include a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position.

Reconciliations between the government-wide financial statements and the governmental fund financial statements follow the governmental fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Figure A-1 below provides a summary of the District's net position at June 30, 2022 compared to June 30, 2021.

Figure A-1

Net position							
Net investment in capital assets	2,837,878	2,016,955	68,999	15,263	2,906,877	2,032,218	43.04%
Restricted	3,563,316	4,680,196	-	-	3,563,316	4,680,196	-23.86%
Unrestricted	<u>1,365,421</u>	<u>421,147</u>	<u>126,191</u>	<u>64,438</u>	<u>1,491,612</u>	<u>485,585</u>	207.18%
Total net position	<u>\$ 7,766,615</u>	<u>\$ 7,118,298</u>	<u>\$ 195,190</u>	<u>\$ 79,701</u>	<u>\$ 7,961,805</u>	<u>\$ 7,197,999</u>	10.61%

The District's total net position increased by 11%, or \$763,806, over the prior year due in large part to the decrease in expenditures from the capital projects fund as well as no issuance of long-term debt which was not the case prior year. In addition, positive changes in compensated absences, termination benefits and pension expense helped to increase the District's net position.

The largest portion of the District's net position is invested in capital assets (e.g., land, infrastructure, intangibles, buildings, equipment and right-to-use leased equipment), less the related debt. The debt related to the investment in capital assets is liquidated with resources other than capital assets.

Restricted net position represents resources subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. The District's restricted net position decreased \$1,116,880 or 24% from the prior year. While not issuing any long-term debt in FY22 was beneficial to the District's net position by showing a reduction in long-term liability, the corresponding decrease in the additional proceeds from not issuing bonds is shown by the decrease in restricted resources seen in FY22.

Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements – increased \$1,006,027, or 207%. This increase in unrestricted net position is also a result of not issuing long-term debt in FY22, as the debt proceeds are restricted by the debt covenant.

Figure A-2 shows the changes in net position for the year ended June 30, 2022 compared to the year ended June 30, 2021.

Figure A-2

Net position, end of year	<u>\$ 7,766,615</u>	<u>\$ 7,118,298</u>	<u>\$ 195,190</u>	<u>\$ 79,701</u>	<u>\$ 7,961,805</u>	<u>\$ 7,197,999</u>	10.61%

In fiscal year 2022, property tax and unrestricted state grants account for approximately 54% of governmental activities revenues while charges for service and sales and operating grants, account for almost 100% of business type activities revenues. The District's total revenues were \$10,280,722, of which \$9,575,703 was for governmental activities and \$705,019 was for business type activities. The District's expenses primarily relate to instruction and support services, which account for approximately 73% of the total expenses.

As shown in figure A-2, the District as a whole experienced a 9% increase in revenues and a 12% increase in expenses. The increase in revenues resulted from an increase in land values which in turn generated more dollars in property tax, an increase in state grants due to increased student enrollment from the prior year, increased sales tax paid which increased the generated amount in the One-Cent Sales Tax Fund, and finally an increase in donations to the district. Although the construction project is winding down, FY22 saw continued large expenditures for capital projects. Non-instructional programs expense also grew attributable to the district's increase in children cared for in the daycare as well as increased food expenditures in the lunch fund.

Governmental Activities

Revenues for governmental activities were \$9,575,703 and expenses were \$8,927,386 for the year ended June 30, 2022. This is an increase in revenues of 9% and an increase in expenses of 12%.

The following table presents the total and net cost of the District's major governmental activities, instruction, support services, non-instructional programs and other expenses, for the year ended June 30, 2022 compared to those expenses for the year ended June 30, 2021.

Figure A-3

	Total and Net Cost of Governmental Activities					
	Total Cost of Services			Net Cost of Services

For the year ended June 30, 2022:

- The cost financed by users of the District's programs was \$1,861,340.
- Federal and state governments subsidized certain programs with grants and contributions totaling \$1,519,674.
- The net cost of governmental activities was financed with \$4,137,406 of property and other taxes and \$1,939,886 of unrestricted state grants.

Business Type Activities

Revenues for business type activities during the year ended June 30, 2022 were \$705,019, representing an increase of approximately 11% over the prior year, while expenses totaled \$589,530, an increase of approximately 11% over the prior year. The District's business type activities include the School Nutrition Fund and a Daycare Fund. Revenues of these activities were comprised of charges for service, federal and state reimbursements and investment income.

INDIVIDUAL FUND ANALYSIS

As previously noted, Galva-Holstein Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds, as well. As the District completed the year, its governmental funds reported combined fund balances of \$6,986,882, significantly below last year's ending fund balances of \$8,343,593. During fiscal year 2021, the District sold a second issue of GO bonds in the amount of over \$2.7 million. In fiscal year 2022, the District did not sell any bonds. Between not selling any bonds in fiscal year 2022, and expending the bond sale proceeds during fiscal year 2022, the governmental fund balances decreased significantly.

Governmental Fund Highlights

- The District's General Fund financial position is the result of the District's expenditures being less than the District's revenues, therefore the District did not have to use carryover fund balance to meet its financial obligations during the year and was able to show an increase in fund balance of \$378,148.
- The Management Levy Fund balance decreased by \$107,205 during the year, from \$1,101,112 in 2021 to \$993,917 in 2022. When planning the budget for the fiscal year, the District determined that there were sufficient funds and therefore chose to levy only \$66,000 for the Management Fund. With expenditures of over \$176,000 the fund balance decreased in 2022.
- The Capital Projects Building Project Fund balances decreased by \$2,030,473, from \$2,958,235 in 2021 to \$927,762 in 2022. The decrease is due to spending down the bond sale proceeds for the construction project.

Proprietary Fund Highlights

Proprietary Fund net position increased from \$79,701 at June 30, 2021 to \$195,190 at June 30, 2022 an increase of approximately 145%. The improvement in net position is reflected in the overall increased revenues from federal sources due to the free meals implemented during the COVID pandemic. For the Nutrition Fund, food and supplies expenditures increased by almost 8% while supply expenses in the Daycare Fund increased by over 300%. Whatever means the District has to manage expenses in the proprietary funds will need to be exercised as the free meals will be ending in fiscal year 2023.

BUDGETARY HIGHLIGHTS

Over the course of the year, Galva-Holstein Community School District amended its budget one time to reflect additional expenditures due to additional pandemic expenses, unexpected building repairs and improvements, increased food costs, and expedited progress on the construction project.

The District's total revenues were \$1,027,682 more than total budgeted revenues, a variance of approximately 11%. The District underestimated tuition/transportation revenues as well as federal source revenues. Most of the federal source revenues came from the ESSER grants and meal claims due to the free meals.

Total expenditures were \$1,438,159 less than budgeted. When the District amended its original budget, its expected outlays for the construction project were not met and expenses were over-projected by \$1.16 million. The other functions of Instruction, Student Support Services and Noninstructional programs were padded, but not to a large extent.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2022, the District had invested \$14,814,856 net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities, computers, audio-visual equipment, transportation equipment and intangible right-to-use leased assets. (See Figure A-4) More detailed information about the District's capital assets is presented in Note 4 to the financial statements. Depreciation expense for the year was \$780,480.

The original cost of the District's capital assets was \$25,381,329. Governmental funds account for \$25,188,215, with the remainder of \$193,114 accounted for in the Proprietary, School Nutrition Fund.

The largest change in capital asset activity during the year occurred in the building and improvements category, which increased from \$4,193,196 at June 30, 2021 to \$12,568,196 at June 30, 2022. This increase was a result of the continued building construction project.

Long-Term Debt

At June 30, 2022 the District had \$12,564,236 in total long-term debt outstanding. This represents a decrease of approximately 23% over last year. (See Figure A-5) Additional information about the District's long-term debt is presented in Note 5 to the financial statements.

The District bonds are not rated.

The Constitution of the State of Iowa limits the amount of debt school districts can issue to 5% of the assessed value of all taxable property within the District. The District's outstanding bonded and note indebtedness is significantly below its constitutional debt limit of approximately \$13.8 million.

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of several existing circumstances which could significantly affect its financial health in the future:

- Student financing is highly dependent upon student enrollment. The District's October 2020 total weighted enrollment showed an increase of 21.09 which resulted in approximately \$148,000 in additional funding for fiscal year 2022. In October of 2021, the weighted enrollment declined slightly by about 3. Hopefully that trend does not continue.
- The District is in a one-year 4.15% negotiated agreement with the teaching staff. Due to inflation and teacher shortages, higher salaries may need to continue in order to attract new staff and keep existing staff.
- With the completion of the addition to the Holstein site, other building projects being explored include roof replacements, updates in the high school, and possible weight room and wrestling room renovations. In addition, upkeep of older boilers and HVAC systems will be a focus as well as keeping the transportation fleet in good repair and rotation.
- The District will begin its 12th year (2022-23) of a whole grade sharing agreement involving grades 6-12 with the Schaller-Crestland Community School District. We will also continue the operational sharing arrangements we have in place which have been a great help for the financial viability of the District.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Natalie Kliegl, District Secretary/Treasurer and Business Manager, Galva-Holstein Community School District, 519 East Maple Street, Holstein, IA 51025.

GALVA-HOLSTEIN COMMUNITY SCHOOL DISTRICT
 Reconciliation of the Statement of Revenues, Expenditures and
 Changes in Fund Balances - Governmental Funds
 to the Statement of Activities
 For the Year Ended June 30, 2022

Exhibit F

Change in fund balances - total governmental funds \$(1,356,711)

Amounts reported for governmental activities in the Statement of Activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. These costs are not reported in the Statement of Activities, but they are allocated over the estimated useful lives of the capital assets as depreciation/amortization expense in the Statement of Activities. Depreciation/amortization expense and capital outlay expenditures in the current year are as follows:

Expenditures for capital assets	\$1,368,061	
Loss on disposal of capital assets	(3,248)	
Depreciation/amortization expense	<u>(771,794)</u>	593,019

Because some revenues will not be collected for several months after the year end, they are not considered available revenue and are recognized as deferred inflows of resources in the governmental funds. 11,666

Amortization of the premium on bond issuance did not provide current financial resources and, therefore, is not reported as revenue in the governmental funds. However, the annual amortization is reported as revenue in the Statement of Activities. 24,088

Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Current year repayments were as follows:
 Repaid 805,834

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds, as follows:

Compensated absences	16,780	
Termination benefits	34,657	
Pension expense	171,420	
Other postemployment benefits	<u>(2,078)</u>	220,779

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the governmental funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due. 3,933

The current year District IPERS contributions are reported as expenditures in the governmental funds but are reported as deferred outflows of resources in the Statement of Net Position. 345,709

Change in net position of governmental activities \$ 648,317

GALVA-HOLSTEIN COMMUNITY SCHOOL DISTRICT
Notes to Financial Statements
June 30, 2022

Note 1. Summary of Significant Accounting Policies

Galva-Holstein Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve and special education pre-kindergarten. The geographic area served includes the Cities of Galva and Holstein, Iowa and the predominate agricultural territories in a portion of Ida, Cherokee, Buena Vista and Sac Counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Galva-Holstein Community School District has included all funds, organizations, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the District. Galva-Holstein Community School District has one component unit which meets the Governmental Accounting Standards Board criteria. The Galva-Holstein Community School District Foundation is included in the financial statements as a discretely presented component unit, because of the nature and significance of its relationship with the Galva-Holstein Community School District.

Discretely Presented Component Unit

The Galva-Holstein Community School District Foundation was established to maintain, develop, increase and extend the facilities and services of the Galva-Holstein Community School District, and to provide broader educational service opportunities to its students, staff, faculty and the residents of the geographical area which it serves. The Foundation has a December 31 year-end. The Foundation does not produce separately prepared financial statements. In accordance with criteria set forth by the Governmental Accounting Standards Board, the Foundation meets the definition of a component unit which should be discretely presented. The Foundation is accounted for as a Governmental Fund in these financial statements. The Foundation financial statements are shown in the Statement of Net Position and the Statement of Activities in separate columns. As explained in the Independent Auditor's opinion, the Foundation financial statements have not been audited.

Jointly Governed Organizations

The District participates in a jointly governed organization that provides services to the District but does not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the County Assessor's Conference Board.

B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Position presents the District's nonfiduciary assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Net position is reported in the following categories:

Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net position results when constraints placed on net position use are either externally imposed or are imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position not meeting the definition of the preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental, proprietary and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds and proprietary funds are aggregated and reported as nonmajor governmental funds and nonmajor proprietary funds.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instructional, support and other costs.

The Management Levy Fund is utilized to account for the property tax and other revenues used for tort liability insurance premiums, unemployment compensation insurance claims and early retirement incentive payments.

The Capital Projects - Building Project Fund is used to account for all resources and expenditures used in the construction of new addition for industrial tech and ag education, plus a competitive gym.

The District reports no major proprietary funds; however, it reports two nonmajor proprietary funds. The District's School Nutrition Fund is used to account for the food service operations of the District and the Daycare Fund is used to account for the daycare operations of the District.

The District also reports a fiduciary fund which focuses on net position and changes in net position. The District's fiduciary fund consists of the following:

The Private Purpose Trust Fund is used to account for assets held by the District under trust agreements which require income earned to be used to benefit individuals through scholarship awards.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims, judgments and early retirement are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the District's policy is generally to first apply the expenditure toward restricted fund balance and then to less-restrictive classifications – committed, assigned and then unassigned fund balances.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Funds are charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Balance/Net Position

The following accounting policies are followed in preparing the financial statements:

Cash, Cash Equivalents and Pooled Investments - The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investment in the Iowa Schools Joint Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at amortized cost.

The Iowa Schools Joint Investment Trust is a common law trust established under Iowa law and is administered by an appointed investment management company. The fair value of the position in the trust is the same as the value of the shares.

For purposes of the Statement of Cash Flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

Property Tax Receivable - Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the Board of Education. Delinquent property tax receivable

represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is reported as a deferred inflow of resources in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2020 assessed property valuations; is for the tax accrual period July 1, 2021 through June 30, 2022 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April 2021.

Due from Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Capital Assets - Capital assets, which include property, furniture and equipment and intangible right-to-use leased assets are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Position. Capital assets are recorded at historical cost (except for intangible right-to-use leased assets, the measurement of which is discussed under “Leases” below) if purchased or constructed. Donated capital assets are recorded at acquisition value. Acquisition value is the price that would have been paid to acquire a capital asset with equivalent service potential. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Intangible assets follow the same capitalization policies as tangible capital assets and are reported with tangible assets in the appropriate capital asset class. Reportable capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

<u>Asset Class</u>	<u>Amount</u>
Land	\$ 500
Buildings	\$30,000
Improvements other than buildings	\$30,000
Right-to-use leased assets	\$ 5,000
Furniture and equipment:	
School Nutrition Fund equipment	\$ 500
Other furniture and equipment	\$ 1,000

Land and construction in progress are not depreciated. The other tangible property, plant, equipment and the intangible right-to-use leased assets are depreciated/amortized using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Useful Life</u>
Buildings	50 years
Improvements to buildings	5-20 years
Right-to-use leased assets	2-15 years
Furniture and equipment	5-10 years

The District's collection of library books and other similar materials are not capitalized. These collections are unencumbered, held for public exhibition and education, protected, cared for and preserved and subject to District policy that requires proceeds from the sale of these items, if any, to be used to acquire other collection items.

Leases - Galva-Holstein Community School District is the lessee for a noncancellable lease of equipment. The District has recognized a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements. The District recognizes leases with an initial, individual value of \$5,000 or more.

At the commencement of the lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how Galva-Holstein Community School District determines the discount rate it uses to discount the expected lease payments to present value, lease term and lease payments.

Galva-Holstein Community School District uses the interest rate charged by the lessor at the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.

The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and a purchase option price that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Deferred Outflows of Resources - Deferred outflows of resources represent a consumption of net position applicable to a future year(s) which will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension expense, the unamortized portion of the net

difference between projected and actual earnings on pension plan investments and contributions from the District after the measurement date but before the end of the District's reporting period.

Compensated Absences - Certain District employees accumulate a limited amount of earned but unused vacation for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental fund financial statements only for employees who have resigned or retired. The compensated absence liability has been computed based on rates of pay in effect at June 30, 2022. The compensated absences liability attributable to the governmental activities will be paid primarily by the General Fund.

Termination Benefits - District employees meeting certain requirements are eligible for early retirement benefits. A liability is recorded when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental fund financial statements only for employees that have resigned or retired. The early retirement liability has been computed based on the District's early retirement policy. The early retirement liability attributable to the governmental activities will be paid primarily from the Management Fund.

Unearned Revenue - Unearned revenues are monies collected for lunches that have not yet been served. The lunch account balances will either be reimbursed or served lunches.

Pensions - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Iowa Public Employees' Retirement System (IPERS) and additions to/deductions from IPERS' fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The net pension liability attributable to the governmental activities will be paid primarily by the General fund.

Total OPEB Liability - For purposes of measuring the total OPEB liability and OPEB expense, information has been determined based on the Galva-Holstein District's actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental and business-type activities will be paid primarily by the General Fund.

Deferred Inflows of Resources - Deferred inflows of resources represent an acquisition of net position applicable to a future year(s) which will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the fund financial statements

consist of property tax receivable and income surtax not collected within sixty days after year end and succeeding year property tax receivable that will not be recognized until the year for which it is levied.

Deferred inflows of resources in the Statement of Net Position consist of succeeding year property tax receivable that will not be recognized until the year for which it is levied, and unrecognized items not yet charged to pension expense.

Long-term Liabilities - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Position.

Fund Balance - In the governmental fund financial statements, fund balances are classified as follows:

Restricted - Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or are imposed by law through constitutional provisions or enabling legislation.

Unassigned - All amounts not included in the preceding classification.

Net Position - In the district-wide Statement of Net Position, net position is reported as restricted when constraints placed on net position use are either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Net position restricted through enabling legislation includes \$461,025 for physical plant and equipment, \$96,144 for student activities, \$1,800,125 for school infrastructure and \$911,117 for management levy purposes.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information.

F. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 2. Cash, Cash Equivalents and Pooled Investments

The District's deposits in banks at June 30, 2022 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2022, the District had investments in the Iowa Schools Joint Investment Diversified Portfolio which are valued at an amortized cost of \$749,517. There were no limitations or restrictions on withdrawals of the ISJIT investments. The investments in ISJIT were rated AAAM by Standard & Poor's Financial Services.

Credit Risk. This is the risk that a security's credit rating will be downgraded or that the issuer of a security or a guarantor will default (fail to make scheduled interest and principal payments or fail to fulfill its promise to repurchase securities). The investments in the ISJIT were rated AAAM by Standard & Poor's Financial Services. The District places no limit on the amount that may be invested in any one issuer.

The District had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 72

Component Unit Investments - The Foundation had investments in mutual funds as follows:

Mutual funds \$437,357

Note 3. Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2022 is as follows:

<u>Transfer to</u>	<u>Transfer from</u>	<u>Amount</u>
Nonmajor Special Revenue Student Activity	Major governmental General	\$ 10,789
Nonmajor Governmental Debt Service	Nonmajor Capital Projects Statewide Sales, Service and Use Tax	<u>207,935</u>
		<u>\$ 218,724</u>

Transfers generally move revenues from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources. The transfer from the Statewide Sales, Services and Use Tax Fund to the Debt Service Fund was for principal and interest payments on debt. The transfer from General Fund to Student Activity Fund was for safety equipment purchased.

Note 4. Capital Assets

Capital assets activity for the year ended June 30, 2022 was as follows:

	Restated, Balance Beginning of Year	Increases	Decreases	Balance, End of Year
<u>Governmental activities</u>				
Capital assets not being depreciated/amortized:				
Land	\$ 304,818	\$ -	\$ -	\$ 304,818
Construction in progress	<u>8,705,703</u>	<u>128,664</u>	<u>(8,834,367)</u>	<u>-</u>
Total capital assets, not being depreciated/amortized	<u>9,010,521</u>	<u>128,664</u>	<u>(8,834,367)</u>	<u>304,818</u>
Capital assets being depreciated/amortized:				
Buildings and improvements	9,315,445	8,884,508	-	18,199,953
Improvements other than buildings	823,638	640,974	-	1,464,612
Furniture and equipment	4,708,439	548,282	(111,702)	5,145,019

Food services	<u>\$ 8,686</u>
---------------	-----------------

Note 5. Long-term Liabilities

Changes in long-term liabilities for the year ended June 30, 2022 are summarized as follows:

	Balance, Beginning of Year, <u>as Restated</u>	<u>Additions</u>	<u>Reductions</u>	Balance, End of Year	Due Within <u>One Year</u>
Governmental activities					
Lease agreements	\$ 73,813		\$ 15,834	57,979	16,154
Revenue bonds	1,610,000	-	160,000	1,450,000	165,000
General obligation bonds	11,030,000	-	630,000	10,400,000	655,000
Bond premium	384,045		24,088	359,957	24,088
Termination benefits	117,457	-	34,657	82,800	41,400
Compensated absences	26,954	-	16,780	10,174	-
Net pension liability	2,875,843	-	2,818,552	57,291	-
OPEB liability	<u>140,995</u>	<u>2,078</u>	<u>-</u>	<u>143,073</u>	<u>6,923</u>
Totals	<u>\$ 16,259,107</u>	<u>\$ 2,078</u>	<u>\$ 3,699,911</u>	<u>\$ 12,561,274</u>	<u>\$ 908,565</u>
Business type activities					
Net pension liability	<u>\$ 99,476</u>	<u>\$ -</u>	<u>\$ 96,514</u>	<u>\$ 2,962</u>	<u>\$ -</u>

Interest costs incurred and charged to expense on all long-term debt was \$378,711 for the year ended June 30, 2022. During the year ended June 30, 2022, the District made principal payments on total long-term debt of \$805,834.

Lease Agreements - On March 9, 2021, the District entered into a lease agreement for copiers. An initial lease liability was recorded in the amount of \$73,813 per Accounting Change/Restatement Note 14. The agreement requires monthly payments of \$1,430 over 5 years with an implicit interest rate of 2.00% and final payment due April 1, 2026. During the year ended June 30, 2022, principal and interest paid were \$15,834 and \$1,331, respectively.

Year Ending June 30,	Copier Lease			
	Interest Rates	Principal	Interest	Total
2023	2.00%	\$ 16,154	\$ 1,011	\$ 17,165
2024	2.00%	16,480	685	17,165
2025	2.00%	16,811	354	17,165
2026	2.00%	8,534	49	8,583
Totals		<u>\$ 57,979</u>	<u>\$ 2,099</u>	<u>\$ 60,078</u>

Termination Benefits

The District offered a voluntary early retirement plan to its full-time employees during fiscal year 2021. Eligible employees must have completed at least twenty years of continuous full-time contracted service to the Galva-Holstein Community School District and must have reached the age of fifty-five on or before June 30 of the calendar year in which early retirement commences. The application for early retirement benefits is subject to approval by the Board of Education.

Under the plan certified staff retirees are eligible to continue participation in the District's group insurance plan by meeting the requirements of the insurer. The District will pay no more than \$25,000 per year for three years towards the cost of the family insurance. The insurance coverage shall cease when the retiree reaches the age for Medicare eligibility, secures other employment in which the employer provides insurance coverage, or dies.

At June 30, 2022, the District had three retirees receiving benefits and reported \$82,800 of termination benefit liabilities. There were \$34,657 of early retirement expenditures for the year ended June 30, 2022 paid from the Management Fund.

Revenue Bonds

Details of the District's June 30, 2022 statewide sales, services and use tax revenue bonded indebtedness are as follows:

Year Ending June 30,	Bond issue of August 2013			
	Interest Rates	Principal	Interest	Total
2023	2.60%	\$ 165,000	\$ 43,870	\$ 208,870
2024	2.80%	170,000	39,345	209,345
2025	2.95%	175,000	34,384	209,384
2026	3.20%	180,000	28,922	208,922
2027	3.30%	185,000	22,990	207,990
2028-2030	3.40-3.55%	575,000	30,369	605,369
Totals		<u>\$ 1,450,000</u>	<u>\$ 199,880</u>	<u>\$ 1,649,880</u>

The District has pledged future statewide sales, services and use tax revenues to repay the \$2,590,000 bonds issued August 2013. The bonds were issued for the purpose of financing a portion of the costs of a new school. The bonds are payable solely from the proceeds of the statewide sales, services and use tax revenues received by the District and are payable through 2030. The bonds are not a general obligation of the District. However, the debt is subject to the constitutional debt limitation of the District. Annual principal and interest payments on the bonds are expected to require approximately 45% of the statewide sales, services and use tax revenues. The total principal and interest remaining to be paid on the bonds is \$1,649,880 at June 30, 2022. For the current year, \$160,000 of principal and \$47,935 of interest was paid on the bonds. Total statewide sales, services and use tax revenues were \$561,626 for the year ended June 30, 2022.

General Obligation Bonds

Details of the District's June 30, 2022 general obligation indebtedness are as follows:

Year Ending	Bond issue of July 1, 2019				Year Ending	Bond issue of December 1, 2020			
	Interest Rates	Principal	Interest	Total		Interest Rates	Principal	Interest	Total
June 30,					June 30,				
2023	5.00%	\$ 395,000	\$ 271,050	\$ 666,050	2023	2.00%	\$ 260,000	\$ 34,245	\$ 294,245
2024	5.00%	420,000	251,300	671,300	2024	2.00%	260,000	29,045	289,045
2025	5.00%	445,000	230,300	675,300	2025	2.00%	260,000	23,845	283,845
2026	3.00%	465,000	208,050	673,050	2026	2.00%	270,000	18,645	288,645
2027	3.00%	500,000	194,100	694,100	2027	1.00%	250,000	13,245	263,245
2028-2032	3.00%	2,705,000	738,000	3,443,000	2028-2032	1.0-1.35%	705,000	35,965	740,965
2033-2037	3.00%	<u>3,265,000</u>	<u>304,350</u>	<u>3,569,350</u>	2033-2037	1.45-1.55%	<u>200,000</u>	<u>4,550</u>	<u>204,550</u>
Totals		<u>\$ 8,195,000</u>	<u>\$ 2,197,150</u>	<u>\$ 10,392,150</u>	Totals		<u>\$ 2,205,000</u>	<u>\$ 159,540</u>	<u>\$ 2,364,540</u>

Year Ending	Total		
	Principal	Interest	Total
June 30,			
2023	\$ 655,000	\$ 305,295	\$ 960,295
2024	680,000	280,345	960,345
2025	705,000	254,145	959,145
2026	735,000	226,695	961,695
2027	750,000	207,345	957,345
2028-2032	3,410,000	773,965	4,183,965
2033-2037	<u>3,465,000</u>	<u>308,900</u>	<u>3,773,900</u>
Totals	<u>\$ 10,400,000</u>	<u>\$ 2,356,690</u>	<u>\$ 12,756,690</u>

On July 1, 2019, the District issued \$9,565,000 of general obligation bonds for the addition of industrial tech/ag education and automotive classrooms, a competitive gym and a daycare area. The bonds bear interest at rates ranging from 3.0-5.0% per annum. During the year ended June 30, 2022, principal and interest paid were \$385,000 and \$290,300, respectively.

On December 1, 2020, the District issued \$2,720,000 of general obligation bonds to complete an addition to the elementary/high school building. The bonds bear interest at rates ranging from 1.55-2.0% per annum. During the year ended June 30, 2022, principal and interest paid were \$245,000 and \$39,145, respectively.

Note 6. Pension Plan

Plan Description - IPERS membership is mandatory for employees of the District, except for those covered by another retirement system. Employees of the District are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by the Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at P.O. Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code Chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

Pension Benefits - A Regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012 will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month the member receives benefits before the member's earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50% for each month the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits - A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with

a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions - Contribution rates are established by IPERS following the annual actuarial valuation which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2022, pursuant to the required rate, Regular members contributed 6.29% of covered payroll and the District contributed 9.44% of covered payroll, for a total rate of 15.73%.

The District's contributions to IPERS for the year ended June 30, 2022 totaled \$345,709.

Net Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2022, the District reported a liability of \$60,253 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to IPERS relative to the contributions of all IPERS participating employers. At June 30, 2021, the District's proportion was 0.042979%, which was an increase of 0.000327 from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the District recognized pension expense of \$517,129. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Differences between expected and actual experience	\$ 45,844	\$ 46,030
Changes of assumptions	39,411	-
Net difference between projected and actual earnings on IPERS' investments	-	2,183,072
Changes in proportion and differences between District contributions and the District's proportionate share of contributions	19,680	19,000
District contributions subsequent to the measurement date	<u>345,710</u>	<u>-</u>
Total	<u>\$450,645</u>	<u>\$ 2,248,102</u>

\$345,710 reported as deferred outflows of resources related to pensions resulting from the District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2023. Other amounts reported as deferred

outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended <u>June 30,</u>	<u>Amount</u>
2023	\$ (530,503)
2024	(534,063)
2025	(494,588)
2026	(589,341)
2027	<u>5,328</u>
Total	<u>\$ (2,143,167)</u>

There were no non-employer contributing entities to IPERS.

Actuarial Assumptions - The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement.

Rate of inflation (effective June 30, 2017)	2.60% per annum.
Rates of salary increase (effective June 30, 2017)	3.25 to 16.25% average, including inflation. Rates vary by membership group.
Long-term investment rate of return (effective June 30, 2017)	7.00 % compounded annually, net of investment expense, including inflation.
Wage growth (effective June 30, 2017)	3.25% per annum, based on 2.60% inflation and 0.65% real wage inflation.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an economic assumption study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

Mortality rates used in the 2021 valuation were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Asset Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Domestic equity	22.0 %	4.43 %
International equity	17.5	6.01
Global smart beta equity	6.0	5.10
Core plus fixed income	26.0	0.29
Public credit	4.0	2.08
Cash	1.0	(0.25)
Private equity	13.0	9.51
Private real assets	7.5	4.63
Private credit	<u>3.0</u>	2.87
Total	100.0 %	

Discount Rate - The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed employee contributions will be made at the contractually required rate and contributions from the District will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments to current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate 1% lower (6.00%) or 1% higher (8.00%) than the current rate.

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net pension liability	\$2,132,558	\$60,253	\$(1,676,470)

IPERS' Fiduciary Net Position - Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

Payables to IPERS - At June 30, 2022, the District reported no payables to IPERS for legally required District contributions or for legally required employee contributions withheld from employee wages which had not yet been remitted to IPERS.

Note 7. Other Postemployment Benefits (OPEB)

Plan Description - The District administers a single-employer benefit plan which provides medical and prescription drug benefits for employees, retirees, and their spouses. Group

insurance benefits are established under Iowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

OPEB Benefits - Individuals who are employed by Galva-Holstein District and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical and prescription drug benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

Retired participants must be age 55 or older at retirement. At June 30, 2022, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	3
Active employees	<u>43</u>
Total	<u>46</u>

Total OPEB Liability - The District's total OPEB liability of \$143,073 was measured as of June 30, 2022 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions - The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions and the entry age normal actuarial cost method, applied to all periods included in the measurement.

Rate of inflation (effective June 30, 2022)	2.75% per annum.
Rates of salary increase (effective June 30, 2022)	0%, OPEB directly determined by years of service, not salary.
Discount rate (effective June 30, 2022)	2.37% compounded annually, including inflation.
Healthcare cost trend rate (effective June 30, 2022)	6.0% per annum.

Discount Rate - The discount rate used to measure the total OPEB liability was 2.37% which reflects the index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher as of the measurement date.

Mortality rates are from the RPH-2014 tables. Annual retirement probabilities are based on varying rates by age and turnover probabilities mirror those used by IPERS.

Changes in the Total OPEB Liability

Total OPEB liability beginning of year	<u>Total OPEB Liability</u> <u>\$ 140,995</u>
Changes for the year:	
Service cost	10,716
Interest	4,132
Recognition of deferred inflows/outflows	(9,663)
Changes in assumptions	(13,320)

Demographic changes	17,136
Benefit payments	<u>(6,923)</u>
Net changes	<u>2,078</u>
Total OPEB liability end of year	<u>\$ 143,073</u>

Changes of assumptions reflect no change in the discount rate from 2.37% in fiscal year 2021.

Sensitivity of the District's Total OPEB Liability to Changes in the Discount Rate - The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1% lower (1.37%) or 1% higher (3.37%) than the current discount rate.

	1% Decrease (1.37%)	Discount Rate (2.37%)	1% Increase (3.37%)
Total OPEB liability	\$155,123	\$143,073	\$134,266

Sensitivity of the District's Total OPEB Liability to Changes in the Healthcare Cost Trend Rates - The following presents the total OPEB liability of the District as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower (5.0%) or 1% higher (7.0%) than the current healthcare cost trend rates.

	1% Decrease (5.0%)	Healthcare Cost Trend Rate (6.0%)	1% Increase (7.0%)
Total OPEB liability	\$130,057	\$143,073	\$160,888

OPEB Expense and Deferred Outflows of Resources Related to OPEB - For the year ended June 30, 2022, the District recognized OPEB benefit of \$2,078. At June 30, 2022 the District reported no deferred inflows or outflows of resources related to OPEB.

Note 8. Risk Management

The District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 9. Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the Area Education Agency. The District's actual amount for this purpose totaled \$219,157 for the year ended June 30, 2022 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

Note 10. Contingencies

Grant Funding - The District participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants were subjected to local audit but still remain open to audit by the appropriate grantor government. If expenditures are disallowed by the grantor government due to noncompliance with grant program regulations, the District may be required to reimburse the grantor government. As of June 30, 2022, significant amounts of grant expenditures have not been audited by granting authorities but the District believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the District.

Note 11. Categorical Funding

In accordance with Iowa Administrative Code Section 98.1, categorical funding is financial support from the state and federal governments targeted for particular categories of students, special programs, or special purposes. This support is in addition to school district or area education agency general purpose revenue, for purposes beyond the basic educational program and most often has restrictions on its use. Any portion of categorical funding provided by the state that is not expended by the end of the fiscal year must be carried forward as a restricted fund balance.

The following is a schedule of the categorical funding restricted in the General Fund at June 30, 2022.

<u>Program</u>	<u>Amount</u>
Gifted and talented	\$ 64,237
Teacher leadership	49,920
Preschool fund balance	110,221
Teacher salary supplement	54,922
Early literacy	9,917
Educator quality, professional development	<u>5,688</u>
	<u>\$ 294,905</u>

Note 12. Deficit Net Position

The District's Enterprise Fund - Daycare Fund had negative unrestricted net position and total net position of \$32,619 at June 30, 2022.

Note 13. Tax Abatements

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and

an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

Tax Abatements of Other Entities

Property tax revenues of the District were reduced by the following amounts for the year ended June 30, 2022 under agreements entered into by the following entities:

<u>Entity</u>	<u>Tax Abatement Program</u>	<u>Amount of Tax Abated</u>
Ida County	Economic development projects	\$ 35,783
City of Holstein	Economic development projects	26,856

The State of Iowa reimburses the District an amount equivalent to the increment of valuation on which property tax is divided times \$5.40 per \$1,000 of taxable valuation. For the year ended June 30, 2022, this reimbursement amounted to \$43,452.

Note 14. Accounting Change/Restatement

Governmental Accounting Standards Board Statement No. 87, Leases, was implemented during fiscal year 2022. The new requirements require the reporting of certain lease liabilities which were previously not reported. The result of these changes had no effect on the beginning net position.

	<u>Capital Assets</u>	<u>Long-term Liabilities Lease Agreements</u>
Balances June 30, 2021, as previously reported	\$ 14,079,025	\$ -
Changes to implement GASB Statement No. 87	<u>73,813</u>	<u>73,813</u>
Balances July 1, 2021, as restated	<u>\$ 14,152,838</u>	<u>\$ 73,813</u>

Note 15. Subsequent Events

The District has evaluated subsequent events through February 1, 2023 which is the date that the financial statements were available to be issued.

GALVA-HOLSTEIN COMMUNITY SCHOOL DISTRICT
Notes to Required Supplementary Information – Budgetary Reporting
For the Year Ended June 30, 2022

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds except Private Purpose Trust Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated function level, not by fund. The Code of Iowa also provides District expenditures in the General Fund may not exceed the amount authorized by the school finance formula. During the year, the District adopted one budget amendment, increasing budgeted expenditures by \$2,042,434.

GALVA-HOLSTEIN COMMUNITY SCHOOL DISTRICT
Notes to Required Supplementary Information – Pension Liability
For the Year Ended June 30, 2022

Changes of benefit terms:

There are no significant changes in benefit terms.

Changes of assumptions:

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Moved from an open 30-year amortization period to a closed 30-year amortization period for the UAL (unfunded actuarial liability) beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20-year period.

Galva-Holstein Community School District
Schedule of Expenditures of Federal Awards
Year Ended June 30, 2022

Schedule 8

Basis of Presentation - The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal award activity of Galva-Holstein Community School District under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Galva-Holstein Community School District, it is not intended to and does not present the financial position, changes in financial position or cash flows of Galva-Holstein Community School District.

Summary of Significant Accounting Policies - Expenditures reported in the Schedule are reported on the accrual or modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Indirect Cost Rate - Galva-Holstein Community School District uses a federally negotiated indirect cost rate as allowed under the Uniform Guidance.

Subrecipients - There were no awards passed through to subrecipients by Galva-Holstein Community School District.

See accompanying Independent Auditor's Report.

Independent Auditor's Report on Internal Control
Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Board of Education of Galva-Holstein Community School District:

I have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Galva-Holstein Community School District as of and for the year ended June 30, 2022, and the related Notes to Financial Statements, which collectively comprise the District's basic financial statements, and have issued my report thereon dated February 1, 2023. I did not issue an opinion on the Galva-Holstein Community School District Foundation, which is included in the District's financial statements as a discretely presented component unit, because I was not engaged to and did not audit the Foundation. Except as discussed in the preceding sentence, I conducted my audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Report on Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered Galva-Holstein Community School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Galva-Holstein Community School District's internal control. Accordingly, I do not express an opinion on the effectiveness of Galva-Holstein Community School District's internal control.

A deficiency in internal control exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control

that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. I identified a certain deficiency in internal control, described in Part II of the accompanying Schedule of Findings and Questioned Costs as item 2022-001 that I consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Galva-Holstein Community School District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of non-compliance or other matters which are required to be reported under Government Auditing Standards. However, I noted certain immaterial instances of non-compliance or other matters which are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2022 are based exclusively on knowledge obtained from procedures performed during my audit of the financial statements of the District. Since my audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Galva-Holstein Community School District's Responses to the Findings

Government Auditing Standards requires the auditor to perform limited procedure on Galva-Holstein Community School District's responses to the findings identified in my audit and described in the accompanying Schedule of Findings and Questioned Costs. Galva-Holstein Community School District's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, I express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

I would like to acknowledge the many courtesies and assistance extended to me by personnel of Galva-Holstein Community School District during the course of my audit. Should you have any questions concerning any of the above matters, I shall be pleased to discuss them with you at your convenience.

A handwritten signature in cursive script that reads "Kay Chapman".

Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control over Compliance Required by the Uniform Guidance

To the Board of Education of Galva-Holstein Community School District:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

I have audited Galva-Holstein Community School District's compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of Galva-Holstein Community School District's major federal programs for the year ended June 30, 2022. Galva-Holstein Community School District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In my opinion, Galva-Holstein Community School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the audit requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). My responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of my report.

I am required to be independent of Galva-Holstein Community School District and to meet my other ethical responsibilities, in accordance with relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion on compliance for each major federal program. My audit does not provide a legal determination of Galva-Holstein Community School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Galva-Holstein Community School District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

My objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Galva-Holstein Community School District's compliance based on my audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence judgement made by a reasonable user of the report on compliance about Galva-Holstein Community School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, I:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Galva-Holstein Community School District's compliance with the compliance requirements referred to above and performing other such procedures as I considered necessary in the circumstances.
- Obtain an understanding of Galva-Holstein Community School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Galva-Holstein Community School District's internal control over compliance. Accordingly, no such opinion is expressed.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance I identified during the audit.

Report on Internal Control over Compliance

My consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that was not identified. However, as discussed below, I did identify a certain deficiency in internal control over compliance that I consider to be a material weakness.

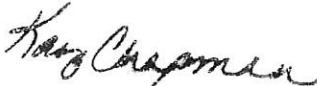

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. I consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as item 2022-002 to be a material weakness.

My audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on Galva-Holstein Community School District's response to the internal control over compliance finding identified in my audit is described in the accompanying Schedule of Findings and Questioned Costs. Galva-Holstein Community School District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, I express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Part II: Findings Related to the Financial Statements

INTERNAL CONTROL DEFICIENCY

MATERIAL WEAKNESS

2022-001 Segregation of Duties

Criteria - Management is responsible for establishing and maintaining internal control. A good system of internal control provides for adequate segregation of duties so no one individual handles a transaction from its inception to completion. In order to maintain proper internal control, duties should be segregated so the authorization, custody and recording of transactions are not under the control of the same employee. This segregation of duties helps prevent losses from employee error or dishonesty and maximizes the accuracy of the District's financial statements.

Condition - I noted that the same individual performed the following duties: recording and processing of cash receipts, preparing checks and bank reconciliations, preparation of journals and general financial information for ledger posting, and the analysis of financial information.

Cause - The limited number of accounting personnel makes it difficult to achieve adequate internal accounting control through the segregation of duties and responsibilities. A small staff makes it difficult to establish an ideal system of automatic internal checks on accounting record accuracy and reliability. This is not an unusual condition but it is important the District officials are aware that the condition exists.

Identification of a Repeat Finding - This is a repeat finding from the immediate previous audit, 2021-001.

Effect - Inadequate segregation of duties could adversely affect the District's ability to prevent or detect and correct misstatements, errors or misappropriation on a timely basis by employees in the normal course of performing their assigned functions.

Recommendation - I realize segregation of duties is difficult with a limited number of office employees. However, the District should review its procedures to obtain the maximum internal control possible under the circumstances utilizing currently available staff, including elected officials, to provide additional controls through review of financial transactions, reconciliations and reports. These independent reviews should be documented by the signature or initials of the reviewer and the date of the review.

GALVA-HOLSTEIN COMMUNITY SCHOOL DISTRICT
Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2022

Views of Responsible Officials and Planned Corrective Action - We will review our procedures and implement changes to improve internal control, as we deem necessary.

INSTANCES OF NON-COMPLIANCE

No matters were noted.

Part III: Findings and Questioned Costs for Federal Awards

INSTANCES OF NON-COMPLIANCE

No matters were noted.

INTERNAL CONTROL DEFICIENCY:

FAL Number 10.553: School Breakfast Program
FAL Number 10.555: National School Lunch Program
FAL Number 10.555: National School Lunch Program- Noncash Commodities
FAL Number 10.555: COVID-19 National School Lunch Program
FAL Number 10.559: COVID-19 Summer Food Service Program for Children
Pass-through Entity Identifying Number: N/A
Federal Award Year: 2022
Prior Year Finding Number: 2021-002
U.S. Department of Agriculture
Passed through the Iowa Department of Education

2022-002 Segregation of Duties - The District did not properly segregate custody, record-keeping and reconciling functions for revenues and expenditures, including those related to federal programs. See 2022-001.

Part IV. Other Findings Related to Required Statutory Reporting

1. Certified Budget - Expenditures for the year ended June 30, 2022 did not exceed the amounts budgeted.
2. Questionable Expenditures - No expenditures were noted that I believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.
3. Travel Expense - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.

GALVA-HOLSTEIN COMMUNITY SCHOOL DISTRICT
Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2022

4. Business Transactions - No business transactions between the District and District officials or employees were noted.
5. Restricted Donor Activity - No transactions were noted between the District, District officials or District employees and restricted donors in compliance with Chapter 68B of the Code of Iowa.
6. Bond Coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure that the coverage is adequate for current operations.
7. Board Minutes - I noted no transactions requiring Board approval which had not been approved by the Board.
8. Certified Enrollment - No variances in the basic enrollment data certified to the Iowa Department of Education were noted.
9. Supplementary Weighting - No variances regarding the supplementary weighting certified to the Iowa Department of Education were noted.
10. Deposits and Investments - No instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy were noted.
11. Certified Annual Reports - The Certified Annual Report was certified timely to the Iowa Department of Education.
12. Categorical Funding - No instances were noted of categorical funding being used to supplant rather than supplement other funds.
13. Statewide Sales, Services and Use Tax - No instances of non-compliance with the allowable uses of the statewide sales, services and use tax revenue provided in Chapter 423F.3 of the Code of Iowa were noted.

Pursuant to Chapter 423F.5 of the Code of Iowa, the annual audit is required to include certain reporting elements related to the statewide sales, services and use tax revenue. Districts are required to include these reporting elements in the Certified Annual Report (CAR) submitted to the Iowa Department of Education. For the year ended June 30, 2022, the District reported the following information regarding the statewide sales, services and use tax revenue in the District's CAR:

GALVA-HOLSTEIN COMMUNITY SCHOOL DISTRICT
Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2022

Beginning balance		\$ 610,510
Revenues		
Statewide sales, services and use tax	\$561,626	
Interest earned	<u>2,442</u>	564,068
Expenditures/transfers out		
School infrastructure		
Building improvements	\$ 18,912	
Equipment	75,368	
Transfers to other fund		
Debt service fund	<u>207,935</u>	<u>302,215</u>
Ending balance		<u><u>\$ 872,363</u></u>

For the year ended June 30, 2022, the District did not reduce any levies as a result of the moneys received under Chapter 423E or 423F of the Code of Iowa.

14. Deficit Net Position - The District's Enterprise – Daycare Fund had a negative unrestricted and total net position of \$32,619 at June 30, 2022.

Recommendation - The District should continue to monitor these activities and investigate alternatives to eliminate this deficit in order to return the activities to a sound financial condition.

Response - This deficit was a result of adopting GASB Statement No. 68 during the year ended June 30, 2016. We will review the situation and implement changes, as needed.

Conclusion - Response accepted.
