

## Questions On RFB TECH 01-19 LPS Multipurpose Room A/V System

To ensure that all vendors receive the same information, we have compiled a list of common questions that have been asked with the attached answers. If we receive any more questions, we will add them to the list and send it out again.

Question	Answer
<b>Question 1:</b> We would like to schedule a site survey. How do we do so?	A site visit can be set up. Do not contact the school directly for the site visit. Please contact Mr. Matthew Ferreira to schedule the visit. He can be contacted by email at Mferreira@bryan.k12.ga.us or by phone at (912)515-6663
<b>Question 2:</b> How soon will this system need to be installed and completed?	Bryan County Schools would like for the system to be completely functional by May 17, 2019. If this is not possible, please include your company's estimated date of completion on Page 10 of the bid document. We will work with the winning company on times that they can and cannot be in the multipurpose room and cafeteria for the installation.
<b>Question 3:</b> Are the floor plans available for this space, showing reflected views and elevations?	Bryan County Schools has a PDF of some of the floor plans of Lanier Primary School that will be sent to the vendor upon request. These plans will include some dimensions as well as the location of the equipment.
<b>Question 4:</b> The project will require the installation of a minimum of three power outlets. Is the vendor responsible for the installation or finding a contractor to install the outlets, or will Bryan County Schools handle the installation prior to the system set up?	Bryan County Schools will most likely handle the installation of the power outlets. However, please include the installation in your bid price as an optional expense.
<b>Question 5:</b> Can we re-use the current rack for the new equipment? (Currently, is a "mobile" rack on wheel)	No, Bryan County Schools would like for the rack to be mounted to the wall.
<b>Question 6:</b> Does Bryan County schools want the new rack to be on wheels, like it currently is, or does the new rack need to be mounted on the wall?	Please refer to the answer of Question 5.
<b>Question 7:</b> Does the rack need to stay in it's current location, or does it need to go on the stage?	We will not be keeping the rack in its current location. It will be mounted on the wall closer to the stage.
<b>Question 8:</b> Can the current wiring be reused?	No, all wiring will need to be a new installation.
<b>Question 9:</b> What are the locations for the video input plates?	Please refer to the answer of Question 3.
<b>Question 10:</b> What kind of system control panel does the school want installed?	A touchscreen panel mounted at the specified location, it MUST be programmable by Bryan County Schools personnel. A training on programming the control panel is also to be provided.
<b>Question 11:</b> There are currently 2 Floor Plates on the stage with Microphone jacks and 2 individual Microphone jacks on the front of the stage. Do these need to be integrated into the new system?	The 2 floor plates will need to be integrated as microphone jacks. The 2 microphone jacks on the front of the stage will need to be replaced with Video Input Plates.
<b>Question 12:</b> The current system is integrated with speakers in the cafeteria. Does the new system need to be integrated as well?	Yes.
<b>Question 13:</b> Can we use the current speakers in the cafeteria?	The best effort will be made to use the existing speakers, however, should they not perform to acceptable standards, they are to be replaced. Please include a price on recommended speakers on Page 10 of the bid document.
<b>Question 14:</b> There is also an the option of not mounting two large speakers on the wall, but putting several ceiling speakers up throughout the gym and the cafeteria. Can we include this in our bid?	The bidder is ultimately responsible for what they propose to Bryan County Schools. If your company chooses to propose anything different than what was listed in the Specifications section, please explain (on Page 10 of the bid document) the difference in equipment, the reason for the change in specification, and the respective pricing.
<b>Question 15:</b> If the system does include the cafeteria, which is separate from the multi-purpose room by a partition on rails, can we add two more of the wall mounted speakers in the cafeteria to make sure that the audio quality is the same as in the multi-purpose room?	Please refer to the answer of Question 15.
<b>Question 16:</b> If Bryan county Schools chooses to go with the suggestion of a company as listed on Page 10 of the bid document, when will we be informed?	The company that ultimately wins the bid will be informed of the award by 9:00 AM on Friday April 19th, 2019. At that time, we will also let the company know if we have chosen to proceed with one of their suggestions or with the original plans in the bid.
<b>Question 17:</b> Does the rear projector need to be mounted on the ceiling or on the wall?	Please submit bids with a wall mounted projector.
<b>Question 18:</b> Do the hanging microphone need to be hanging in front of the stage curtain or behind the stage curtain?	The hanging microphones need to be hanging in front of the stage curtain.
<b>Question 19:</b> What are the dimensions of the rooms that we will be installing the new equipment in?	Please refer to the answer of Question 3.
<b>Question 20:</b> What do we do with the old equipment?	All equipment will remain as the property of Bryan County Schools. Once the equipment has been removed from its current location, it must remain on the property of Lanier Primary School and placed where it will not obstruct or endanger the children of the school.
