DIAMONDBACK

THE 1972 DIAMONDBACK

Published by the students of J.D. Leftwich High School

MRS. RAY JAMES

As the golden sun sets beneath the western horizon another last chapter has ended in a great book of life. Mrs. Johnnie James' pleasant laughter and pleasing consolations canno longer be heard. Her footsteps, in the halls of Magazine School have been silenced - but by no means will her life be forgotten. Every child, man or woman that has had the opportunity to experience a part of her life will always count this experience a blessing and inspiration. Mrs. James is no longer with us in person as she has gone over the horizon to be with the Master Teacher. A hallowed teacher's desk and chair have been vacated but her memory will live on in the hearts and lives of the students, faculty members, friends and close family relations. No nobler deeds can be done than to help mold the character of youth. This was Mrs. Johnnie James' life to whom we so proudly dedicate our 1971-72 yearbook.

It is my sincere wish that the pages of this year-book will help you to recall a very eventful year in your life and remind you of the inspiration you received from your dedicated teachers. May their words of encouragement be remembered with their wish for the best in life for each of you.

It has certainly been a pleasure working with the fine gentlemen of this school board. I wish to thank the faculty, student body and the community for the fine cooperation

given us.

Doyle Garrett Superintendent of Schools

To the senior class of 1972 the lions share of the credit for the very excellent year-book. Their fine leadership in this, as well as many other shoool activities has helped to make this school year one of fondest memories. May all students exert the qualities of leadership necessary to accomplish the difficult in life.

Editors are to be complimented for their fine presentation of life as it is at Magazine High School.
