### THE 1974 DIAMONDBACK

### **DEDICATION**

TOM CAMP

"Man goeth forth unto his work and to his labour until the evening." Psalm 104:23

The words of the above psalm could be used as a fitting tribute to a former, well, beloved person of this community, Tom Camp. His willingness to serve and his readiness to help others won him the love and respect of everyone, both young and old, in the community. He was a faithful supporter of our school, our churches, and our community. His news column with its sagacious quips is missed by people far and near, and everyone will agree that "Magazine is not the same without Tom and the Camps' store."

It is for the above listed reasons and many more that the annual staff of J. D. Leftwich High School, with great pride and sincerity, do hereby dedicate the 1973-74 school year book, THE DIAMONDBACK, to Mr. Tom Camp.

DOYLE GARRETT Superintendent of Magazine Public Schools

It is my sincere wish that the pages of this yearbook will help you to recall a very eventful year in your life.

With devotion the teachers use their wisdom and training to direct the students to the threshold of their own potential.

Life is a matter of continuous choice between alternate courses of action. Our School Board, Administration and Faculty, as your friends, pray that you will make wise choices so that your paths will be the way of love, peace, happiness and understanding.

Doyle Garrett

### SCHOOL BOARD

STANLEY McCONNELL, President

BENNIE WARREN, Vice President

JIMMY KHILLING, Secretary

THOMAS GLASGOW, Member

J. B. WEBSTER, Member

Educational needs of our youth are constantly increasing, and the demands on schools are increasing proportionately. Schools must adjust their curricula to meet more adequately human needs that will extend throughout life. As educators we are striving to honor the need of youth to learn, to find acceptance, to empathize, to feel satisfaction, to discover dignity, and to develop skill and thus wisdom in coping with personal and group problems. We are striving to retain and to increase merited respect for duly constituted authority and help them to confront and master essential basic learning. Finally, we are striving to develop with and for the learner what he can become, which promises merited respect, dignity, and a measure of security. These are characteristics not learned from admonition, but from the world we live in.

DR. ELWAYNE CALLOWAY PRINCIPAL

With deep sincerity and devotion we, as an elementary grade school faculty, strive to meet the needs of the children that are entrusted to us for care and keeping; to help mold their lives and to meet the tasks that are ahead of them.

It is with love, sincerity and kindness that we help to guide and direct these tasks of learning. We are grateful to have a part in this year book.

VERA M. WINGFIELD PRINCIPAL
