#### INTRODUCTION

Recorded in the following pages is a visual and written account of the events which took place during the 1978-79 school year. This account not only tells what happened but also when, where, and who made it happen.

Although the many happy moments shared during this year cannot by brought back, they can be remembered fondly in our future years. We hope that this year's edition of the Diamondback will bring to mind the memories you made at MHS and that it will help you to realize that truly "this is our year."

#### Administration

"This is your year" so live each day to its fullest in progressing toward realization of worthy goals, which is the strength and beauty in the tower of life. We are limited in time to our creator. Don't let opportunity pass us by.

Education is more meaningful today than in the past era as there seems to be no end to the variety of discoveries and improvements that flow from the minds of mankind. As you live from day to day, you may be a part of these continuous changes by always seeking knowledge and truth.

It is our goal as instructors through training, wisdom, and devotion to guide and direct you to the threshold of your potential. Our School Board, Administration, and faculty, as your friends, pray that you will make wise decisions so that your paths will be the way of love, peace, happiness and understanding.

"This is our year" certainly applies to the seniors of '79 but it also applies to all of us. The past is gone and the future is not promised but "now" is the time over which we have the most control—the friends we make, the ball games we win, the knowledge we store up, and the good habits we form.

My sincere wish, as your princiapl, is that as you thumb through your "Diamondback" now and in the future, that you may be able to recall pleasant memories of 1978-79 and be able to think that truly this was "our year".

This is our year . . . to feel a sense of being involved, to have a sense of being able to change from a state of being tired to one of being free to grow and use our energies. We are now at the point where we must educate people in what nobody knew yesterday, and prepare in our schools for what no one knows yet, but what some people must know tomorrow.

# In Memory of . . . Miss Virginia Swearingen

Let Her Be Remembered

Let her be remembered, Since her earthly life is done. As one who loved wild heather Blowing in the sun.

Let her be remembered, When we are dust again, As one who loved the heavenly lights Shining through the rain.

Let her be remembered, As one who loved a tune Composed by Schubert long ago, Played in church or school room.

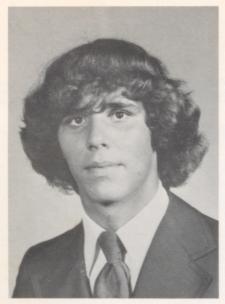

Let her be remembered, As one who loved the words, of Thoreau, Poe, and Lincoln And the music of the birds.

And let her be remembered, By the music that she played As one who served above all else, Her fellowman and God.

### State

Arkansas Boys and Girls State, sponsored each year by the American Legion and the American Legion Auxiliary are week-long training courses in study and practical application of problems of self-government. During this time, Boys and Girls Staters may put into practice the theories of our government through organized political parties, party caucuses, party conventions, party primaries and general elections. The elected officials serve in city, county, and state offices.

The experience of Boys and Girls State gives the individuals who participate a deeper appreciation for our way of life through religious experiences, teaches respect for our flag, and gives them a better understanding of the freedoms as guaranteed us by our constitution.

## GOOD LUCK SENIORS!

JUDGE RONALD GENE KILLION

As you leave J. D. Leftwich High School and follow the roads of adventure in your life, we hope that your "Diamondback" will refresh your precious memories of 1978-79. May you always remember with love and respect your Alma Mater, M. H. S.

Shadowed by Mount Magazine, By the depths of Petit Jean, Stands the school of my devotion, shrine of all my youthful dreams Hallowed halls and peaceful shades, Youthful steps and voices gay, Keep alive my Alma Mater in my memory always.

Magazine stand ever nobly, Trust your children to be true.

Even though our lives may lead us many miles away from you.
