What's New In '92?

Magazine is adding on to it's high school and grade school buildings. Thenew part of the high school building is going to include a library, and one classroom. The new part of the grade school will include four classrooms.

The athletic program has been working on improving their sportsmanship and school spirit. Tony Hamby showed his school spirit by painting a rattler on one wall of the gym.

A federal grant provided money for the addition of a new computer lab at the grade school. The lab is used by students in K-8.

We have a new grade school principal at Magazine this year. Mrs. Leona Cleveland's previous jobs include teaching at Magazine, working as an adjunct professor at Arkansas Tech, being the grade school principal at Scranton, and working as the minister of music and the coordinator of the youth programs at the First Baptist Church at Paris. Alan Strandrige was previously the superintendent of Palestine-Wheatley school. He said he has been "tremendously impressed with Magazine. We have some of the best stude nts, and most of the parents I've met are really nice."

Mr. Isaacs is setting the bell for the new bell schedule. Adding an extra 30 minute period has caused the bell schedule to change.

Shaved heads and partially shaved heads ere a fad of 1992. Preston Baumgartner displays his new haircut.

Magazine has an extra 30 minute period between 2nd and 3rd hour. If a student has a 68% or below in any class, they have to go to tutoring for that class during this xperiod. If you have all grades above 68%, you can use this as a study hall period. All classes and club meetings and pep rallies are to be held during this time.

A random pole of 30 students revealed the following information about student's preferences in 1992.

Favorite movie: Ghost, Robinhood, Silence of the Lambs, and Dances with Wolves.

Favorite T.V. show: Married with Children, Full House

Favorite country song: "Shameless" Favorite rock song: "Without You"

Favorite singer/group: Garth Brooks

Favorite actor: Arnold Swartzenager, Kevin Costner, Mel Gibson

Favorite actress: Julia Roberts

Favorite cartoon character: Bugs Bunny and Mickey Mouse

Favorite food: Pizza

For the first year at Magazine, we have a full time speech therapist, Mrs. Marcia Ford.

Friends are friends forever They will never turn away All the love you woe them Is a debt you cannot pay Everytime you are hurting, They will wipe away the tears Time can never take away Memories made throughout the years All the pain you put them through All the times you've cried Regardless of how you have hut them They remain close by your side Nights filled with smiles and laughter All the special moments you have shared

All the things you felt inside
But no one ever cared
These times won't last forever
So take a look around
Notice all the good times
And the Friendships you have found
The road of life may lead us many
miles apart

But our hearts remain together Because we hold our memories close And "Friends are friends forever"

In loving memory of my son, Shane, who I am so proud of. He gave me so much love, joy and happiness. I love and miss you, Shane, but you'll always be on my mind and in my heart.

MOM

Written in loving memory of Shane Lee Whitehead

MY FRIEND

A smiling face with eyes of blue A wisdom of ways, yet naive, too

A freckled brow for all to see A perfect smile that was meant to be

The radiant red of his hair Left some to wonder, others to stare

His walk, his talk-his everything
The silly way he tried to sing
The awesome boy we called1-3 had a special gift we all
could see

He was always there to wipe my tears and take away all kinds of fears

He was always by my side-totake away my pain

I will always love my friend-this special guy was SHANE.

Shane,

It has often been said that the man is the stronger sex. When it comes to putting into words what is felt in the heart, I have to wonder. Even though we cannot be together, it is so natural and easy to think of you and all the good times we shared. Any hard times we had seem to fade away so quietly, but the memories of all the smiles and special times will stay with me and never disappear. You made it easy being a dad, but the hardest part of being a friend is knowing when you are needed a little or when you are needed a lot. I was grateful for the opportunities I had to discuss some of your darker moments with you. I just hope in some small way I was able to shed a little light on these and maybe put a bright spot in your day. What I'm trying to say is that I love you and miss you terribly.
