

**DENISON PUBLIC SCHOOL

POLICY AND PROCEDURES**

A homeless student shall have equal access to the same free, appropriate public education as provided to other children and youths.

Homeless students are individuals who lack a fixed, regular, and adequate nighttime residence. Homeless students include:

1. Students sharing the housing of other persons due to loss of housing, economic hardship, or similar reason; students living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; students living in emergency or transitional shelters; or students abandoned in hospitals;
2. Students who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodations for human beings;
3. Students living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or trains stations, or similar settings; and
4. Migratory students who are living in circumstances described above.

ENROLLMENT

Homeless students shall be immediately enrolled, even if the student is unable to produce records normally required for enrollment (i.e. academic records, immunization records, health records, proof of residency), or missed the district's application or enrollment deadlines.

Parents/guardians are required to submit contact information to the district's homeless coordinator

PLACEMENT

For the purposes of this policy, school of origin shall mean the school that the student attended when permanently housed or the school in which the student was last enrolled, including a preschool/pre-k program. School of origin shall also include the designated receiving school at the next grade level when the student completes the final grade level served by the school or origin.

Placement shall be determined based on the student's best interest. At all times, a strong presumption that keeping the student in the school of origin is in the student's best interest shall be maintained unless doing so would be contrary to a request made by the student's parent/guardian or the student in the case of an unaccompanied youth. When determining placement, student-centered factors, including but not limited to impact of mobility on achievement, education, health, and safety shall be considered. The choice regarding placement shall be made regardless of whether the student lives with their homeless parents/guardians or has been temporarily placed elsewhere.

If it is not in the student's best interest to attend the school of origin, or the school requested by the parent/guardian or unaccompanied youth, the director or his/her designee shall provide a written explanation of the reasons for the determination, in a manner and form that is understandable to the parent/guardian or unaccompanied youth. The written explanation shall include a statement regarding the right to appeal the placement decision. If the placement decision is appealed, the district shall refer the parent/guardian or unaccompanied student to the homeless coordinator, who shall carry out the dispute resolution process as expeditiously as possible and in accordance with the law. Upon notice of an appeal, the director of schools shall immediately enroll the student in the school in which enrollment was sought pending a final resolution of the dispute, including all available appeals.

CONFIDENTIALITY

In the process of determining McKinney-Vento eligibility, school districts may encounter instances where they believe it may be necessary to take steps to confirm information provided about a child's or youth's living arrangement. In these cases, districts must ensure that all such efforts are reasonable, utilizing discretion and sensitivity, and in keeping with the mandate of the Family Educational Rights and Privacy Act (FERPA). The local liaison should work with parents, caregivers, and youth to determine if they are able to provide any documentation that could confirm their living situation. However, remember that the McKinney-Vento Act prohibits schools from denying or delaying enrollment due to the inability to provide documentation normally required for enrollment.

RECORDS

Records ordinarily kept by the school shall be maintained for all homeless students. Information regarding a homeless student's living situation shall be treated as a student education record, and shall not be considered directory information. **School District Liaison's will ensure that all district personnel involved with the enrollment, transportation, and education of a homeless student are made aware of the student's rights to confidentiality under FERPA.**
