

HILLS-BEAVER CREEK ELEMENTARY

Parent Connection April 18, 2019

Roofing Construction Project

Over the next week, construction will begin on a roofing project at the elementary school. With the construction there may be extra vehicles and equipment on the elementary campus. Please be mindful of the construction process and extra traffic when you are dropping off or picking up. Workers will be doing most of the work outside of the building, but students will be aware of the project. The project is anticipated to last about 4-6 weeks.

Volunteer Week

Last week was set aside to celebrate all of the individuals who volunteer to serve our school and students. We appreciate the support of our community members and all of the individuals that take time to volunteer at the elementary school.

Bike Safety and Bike Rodeo

Students in grades K-3 will participate in a bike safety presentation on May 9. The presentation will include some bike helmet give away for selected students. The bike rodeo will take place on May 4 in Beaver Creek. More details on the time of the bike rodeo will come later.

MCA Testing

MCA testing will continue with the reading test next week. All students in grades 3-5 will be taking the reading test on Wednesday and Thursday next week. A small breakfast will be provided for students that are testing on those days.

Bussing Routes

Starting on Tuesday we will return to traditional bus routes. Busses will be going on to all surfaces and locations. Thanks for your cooperation over the past week with bussing.

MCA Preliminary Results

Preliminary result scores for individual math tests were sent home with students today. The results are considered preliminary and final results are sent to families in the fall. The results provide more immediate feedback for students that may be wondering how they performed on the test. No schoolwide results will be public until next fall.
