

Home School Support Groups in Arkansas

Provided as a resource for voluntary use by: Division of Elementary and Secondary Education (DESE) - Home School Office

DISCLAIMER: State, regional, and local support groups are private organizations that exist to assist home school parents and students in various aspects of homeschooling. The Division of Elementary and Secondary Education (DESE) does not endorse any home school groups in Arkansas, nor is it a requirement to join one. This document is provided as a voluntary resource by the DESE Home School Office, a subsidiary of the Arkansas Department of Education (ADE). Please contact us at (501) 682-1874 to update information about your group or to provide information on a county where a group isn't currently listed.
