

November 19, 2021

Dear Grosse Ile Family,

For the past couple of months, a Strategic Plan Committee has been working to create goals that will lead GITS into the future. These goals are now in draft form and we are sending them out for your feedback. As you will notice, the committee has created goals that are both inspirational and aspirational. The sky is the limit for our students and we want our goals to reflect that optimism. While the goals themselves are not measurable, the strategies we use to achieve them will be.

We respectfully request that you take a few minutes to provide feedback on these goals. Your input will be considered by the committee prior to finalizing our recommendation to the Board of Education for final approval. By offering your feedback, you will assist in moving the district forward and improving the educational experience for all of our community's children.

The link below will take you to a survey where you will be able to preview the goals and answer a few quick questions. In order for your responses to be considered by the committee, please make sure to complete the survey prior to December 1st.

<https://forms.gle/HUfBtumWogZRwjE76>

Finally, it is very important to the Strategic Plan Committee that these goals are reviewed by ALL members of our Grosse Ile community. We understand that many members of the community without school-aged children do not receive school email alerts and may not have access to social media. Therefore, we would appreciate any assistance you can provide in sharing the link to the survey with all members of the community. Paper copies for the survey are also available at the GITS Central Office for individuals who do not have access to technology.

Thank you and we look forward to sharing our completed Strategic Plan with you in the near future.

Respectfully,

Valerie Orr
Superintendent
