Executive Order No. 2023-07-20-02

MEMORANDUM

TO: Development Services and Planning Department

FROM: Brian E. Linley, City Manager

REF: Moratorium on Open Drainage and Ribbon Curbing

The City is revisiting the street and road design standards because it has been discovered that they are wholly inadequate. Roads built to these standards are not holding up. Until new design standards are adopted there is a moratorium on open drainage and ribbon curbing for street construction.

Respectfully

Brian E. Linley
