## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

HomeTech Charter School is a WASC accredited, personalized learning, free public charter school. We provide two distinct educational program options: hybrid and home study. In our hybrid program, we combine a home school model with classroom-based instruction. Our students come to school for core, enrichment and elective classes receiving instruction from qualified and caring teachers and interacting with other students; they then receive a packet for independent study at home. Our Success classes provide open time throughout the week for students to receive extra help from a teacher when needed. Student work areas provide a space for students to work on campus every weekday, with access to computers.

Our campus is safe, welcoming and friendly for students and families. HomeTech Charter School emphasizes student/school/family communication, with weekly one-on-one teacher/student meetings and our online Aeries portal where parents and students can keep up to date on assignments, grades, attendance and more. HomeTech students receive full academic, social and emotional support, including individual tutoring, school counselor and caring staff. A Credit Recovery program and an Early Graduation program are available to all students.

### Mission:

HomeTech creates a welcoming and engaging learning environment by incorporating both classroom learning and independent study. Our flexible schedule and small class sizes allow for students to build confidence in achieving current and future success. Caring staff are committed to serving students academically, socially and emotionally to meet their full potential in and out of the classroom.

### Vision:

At HomeTech Charter School, all students will be provided clear pathways leading to their post-secondary academic and vocational goals. Pathways will be paved with partnerships created between our school and community. Teachers will provide the framework for a student driven, integrated curriculum and act as a consistent resource guiding students toward success.

## **A. Conditions of Learning State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

HomeTech Charter School uses the Paradise Unified School District's recommended curriculum whenever possible. In some cases, a different textbook is chosen that lends itself better to independent study. Often, supplemental materials are provided to support students in their independent learning endeavors. Any new or supplemental purchases are California state standards-aligned.

### School Facility Conditions and Planned Improvements

HomeTech Charter School has been in its current building since the 17-18 school year. HomeTech leases space (~8,900 sq. ft.) in a building which includes six classrooms, nine offices, a front office, a conference room/library and a student work area. The building and the grounds are well maintained and provide students with a safe, comfortable school environment. HomeTech has janitorial service to maintain a clean and orderly physical environment.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	36	N/A	36	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	20	N/A	28	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2021-22 Career Technical Education Programs

As part of HomeTech's high school graduation requirement, all students must pass a semester of Career & College using the Career Choices and Changes textbook.

High school students have access and opportunity to enroll in career and vocational classes through Butte Community College as part of HomeTech's concurrent enrollment program. These students can choose from a variety of CTE programs.

## 2021-22 Career Technical Education (CTE) Participation

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade 7	80	80	80	80	80
Grade 9	67	67	67	67	67

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2022-23 Opportunities for Parental Involvement

At HomeTech, staff and administration encourage parents to be involved in the school through various activities. Parents are encouraged to run for a seat on our school board. There are two seats on HomeTech's board specifically for parents. Parent board members are elected by other parents and serve a minimum of two years to work together with school and community members by participating in monthly meetings and making budget decisions (monitoring and allocating of funds), as well as policy decisions and other shared governance responsibilities. Two parents also serve on HomeTech's WASC committee, providing parent insight and feedback in developing the WASC Self-Study Report.

Parental involvement is required at the beginning of the year giving parents an opportunity to ask questions and learn more about our program with one of our certificated staff. In addition, parents have dedicated time two more times per year to meet with their child's advisory teacher to discuss progress, future plans and opportunities offered by HomeTech. As part of our ongoing improvement, parent feedback is solicited in our Parent LCAP survey. Parent participation on our Charter Advisory Council will be solicited in Spring 2023. This allows parents to provide input on programs, services and overall school operation. HomeTech parents are also invited to attend parent workshops provided through the Butte County Office of Education and other local agencies. HomeTech has several ways of communicating with parents including our regularly updated webpage, Facebook page, Instagram account as well as access to the Aeries Parent Portal. HomeTech regularly communicates with parents regarding school events and notices via text messages, emails and phone calls.

### C. Engagement

#### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

### Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

### C. Engagement

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	2.70	7.38	2.45
Expulsions	0.00	0.21	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

## 2022-23 School Safety Plan

One of our most important educational tasks is to ensure a safe and comfortable place where students are able to learn. The development of our school safety plan supports this notion with specific strategies for creating a safe environment for students and staff. A well-developed school safety plan is in place and is updated and approved by the school board annually. Our plan includes procedures to address disasters, dangerous pupils or persons, child abuse reporting, sexual harassment, dress code, safe ingress and egress, safe and orderly learning environment, rules of conduct and school discipline guidelines, and suspension and expulsion procedures. The 2022-23 School Safety Plan was fully updated in January 2023 to align with the Butte County Office of Education's county-wide safety plan and was reviewed and approved by our Safety Team in February 2023. Board Approval is scheduled for February 13, 2023.

## Professional Development

Professional development is a part of our site plan and a major component of instructional support to teachers. The professional development program provides opportunities for teachers to implement the school's core curriculum for all students, update subject area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies. Teachers and staff attend professional development either on their own time or during school hours and have substitutes tend to their classes during their absence. During 2020-21, the focus of professional development was on Social Emotional Learning (SEL) and improving student engagement during virtual teaching.

This table displays the number of school days dedicated to staff development and continuous improvement.
