# IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR ELECTRONIC TRANSFERS

Telephone us at the telephone number or write us at the address on the statement as soon as you can, if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt. We must hear from you no later than 60 days after we sent you the FIRST statement on which the problem or error appeared.

- (1) Tell us your name and account number (if any).
- (2) Describe the error or the transfer you are unsure about and explain as clearly as you can why you believe it is an error or why you need more information.
- (3) Tell us the dollar amount of the suspected error.

If you tell us orally, we may require that you send us your complaint or question in writing within 10 business days.

We will tell you the results of our investigation within 10 business days after we hear from you and will correct any error promptly. If we need more time, however, we may take up to 45 days to investigate your complaint or question. If we decide to do this, we will recredit your account within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not recredit your account.

If we decide that there was no error, we will send you a written explanation within 3 business days after we finish our investigation. You may ask for copies of the documents that we used in our investigation.

Mrs. Grant,

I would like to propose that we discard the majority of the books-on-cassette held in our library collection. We have 88 books-on-cassette. Collectively these books have been circulated 14 times in the past 4-1/2 years (since I started in the library). Many of our teachers no longer have a cassette player in their classroom and, although we do have a cassette player here in the library, these books go largely unused.

I am attaching a list of all titles in the collection. The last column lists the number of circulations from August 15, 2012 to January 9, 2017. I have written in the margin the years of those circulations (once in 2015 and all others older than 2015).

I am recommending that we discard all titles EXCEPT those marked with a check mark (to left of the title). I have used our published school read-aloud/novel study list, my knowledge of books used by particular grade levels, and the William Allen White award winners list as the criteria for my selection.

Thank you,

Dawn Messerla RCGS Library Aide
