RCGS

Leadership class

With the assistance of MS band and chorus, students worked with teachers to teach the entire grade school student body the high school fight song to build school spirit. During three Friday Celebrations the students practiced with the MS band. The student body sang the fight song at the RCHS Homecoming Pep Assembly. The purpose was to build school spirit.

Constitution Week Activities

Attached is information from Polly Ogden, Daughters of American Revolution regarding activities in celebration of Constitution Week. On September 16th, each student in PreK-8 received an American flag donated by the Riley City Library and the Riley Friends of Library.

Activities

- Art class information – September 21 was International Peace Day. Melissa Granberry and Jennifer Geier collaborated for a student activity. Students made pinwheels during art class and displayed them on the front yard. During the art lesson, Melissa stresses employability skills to middle school students such as renewing friendships, forgiving others, and how they can impact our school climate through peaceful measures.

Professional Development

September 23rd – Teachers created an implementation goal regarding the eWalkthrough. It centered on research on Marzano’s Nine or Checking for Understanding. Teachers were trained in the eWalkthrough with Sue Jenkins, SWP Consultant.

I attended workshops on Kansas Education Systems Accreditation (KESA) on September 12th, 13th, and 28th.

Report of Constitution Week Activities - Polly Ogden DAR

The City of Riley had activities in celebration of Constitution Week. The proclamation was signed at **the August 23, 2016** City Council meeting. **DAR members** Janice May, Ila Morrill, and Charlotte Shawver attended the signing **by Riley City Mayor Tim Sharp. Two Riley County Grade School children joined in** this activity.

Number attendees: 20

The Riley City Library and the Riley Friends of Library participated in several activities including the purchase of 500 flags **to present** to Riley County Grade School **students**. Janice and Charlotte met with RCGS principal Teresa Grant to **plan the RCGS activities**. The flags were fixed with a small jingle bell (yarn attached) and **a tag noting they were** given by Riley Friends of Library, **along with the** date of Constitution Week. The flags were given to all students (Grades 1-8) at a student body **assembly** on September 16, 2017.

Number attendees: 500

The *Riley Countian* newspaper gave the community **excellent** coverage of Constitution Week activities. I have attached copies for the report. Also we have had a **notice with** pictures on **the Riley City** Library Facebook page.

Number of copies sent: 1,100

The Riley County Grade School kindergarten, third, and fourth grades, as well as the Leadership group of the seventh and eighth grades, also celebrated Constitution Week on September 19 and 20 by walking uptown to City Hall to Ring the Bell. The 100-year-old bell is a special historic memory in our community. A brief story of its origins was given to the students, and each student rang the bell. Pictures were taken of the bell ringing and of the groups.

Number attendees: 160

- b. We have a very talented staff at Riley County

October 2016 Transportation Report

Fancy Creek Township put down much needed gravel on Falcon road north of Senn Rd. They have also been working on cutting back the overhanging trees. They have one area that is about a block long that they are still working on.

Wildcat Creek Township has cut back the trees in two areas that I requested.

One of our van drivers has a minor accident during the real heavy rain that recently occurred. The only damage was a scratch on the rear bumper. The owner of the other vehicle told me that there was no damage on her vehicle, although she has apparently now filed a claim.

Bus 7 blew the right front on the 28th. I found out that it had picked up a large bolt which put a large hole in it. The driver said that he heard something just before it went flat. The driver had no problem controlling the bus, since his speed at the time of the blow as about 10 mph. No one was hurt at all. Fritz made a service call and changed the tire on the side of the road.

We have had problems with the rebuilt injectors that were installed on Bus 28 when the new engine was installed. Foley is working on it as of this report. They should be covered under the warranty.

Bus 14 has an electrical cooling fan issue. Because we are not using the bus right now, I have not pursued the repair, because it will have to go to a Ford dealer for the repair.

Garry Goff resigned on 9/28 due to the recommendation of his surgeon. He is suffering from a Navy injury that needs repair. Jennifer Maiorana has taken his route over. We are advertising for additional help. I also need to replace Garry's mechanical help.

The new spare driver is working out well. He has been driving four afternoons a week so far.

Buses 3 and 16 will be serviced shortly as they are almost due. Suburban #25 is also almost due.

Frank Clark

Transportation Director

Update as of 10/3/16:

Bus #1: Cost of engine replacement \$28,974.46. Cost of extra parts \$3,655.65. Total \$32,630.11.

Bus #28: Cost of engine replacement \$29,061.91. Cost of extra parts \$5,036.54. Total \$34,098.45.

Riley County Schools USD 378
Board of Education Meeting
October 10, 2016
Superintendent's Report

DATE: 09/29/16

1. **Board member "thank you"**- a special thanks to Kyle Bohnenblust, Ross Wahl, and Nathan Mead for taking the time to tour all of our facilities on Friday, September 30th. This team of board members makes up the Facilities Committee. They may wish to share their findings at a future board meeting.
**A special thank you to Ian Peters, Jon Granberry, Frank Clark and Grace Brown for their efforts to present the needs from their department/building.*
2. **Audit (fiscal)** - our annual fiscal audit has been taking place over the last couple of months. The auditor has indicated he will be ready to present to the board in the month of November.
3. **Board policy**- I have been working with our SRO Brian Swearingen on the mandated statute SB 367. We should be ready to present to the board in November or December.

During the 2016 Legislative session the body developed a new statute call SB 367. Under this statute school districts must develop a memorandum of understanding (MOU) with relevant stakeholders, including local law enforcement agencies, courts, and the county or district attorney. The MOU is clearly stating guidelines on how and when school based behaviors are referred to law enforcement.

4. **HVAC damage**- TCA made their biannual inspection of our hvac systems at the end of September. During their inspection they noticed that the large units' fins on the north gym roof at RCHS were damaged beyond repair from hail. The fins were damaged beyond repair to be combed out. TCA researched whether the fins could be replaced or not. They found the units are too old and they cannot be replaced. We have called our insurance company to have them look at the units. I will keep the board posted.
5. **Grounds equipment**- we have experienced several challenges with our fields used for physical education class, band, and sports. One of the challenges is creating a safe environment for kids to play on. Our ground is so compact that it becomes very hard. The hardness makes it more likely for kids to get secondary concussions if they hit the back of their head on the ground, shin splits, shoulder injuries, etc. It also does not allow us to get the full benefit from our fertilizer and herbicide applications to the grounds to have a blanket of grass to create the necessary cushion for slips and falls. The grounds team, activities directors and I have been researching methods to decrease the amount of injuries on these surfaces. We will be bringing equipment in to assist in the process (ie- core aerator, mowers, etc). The team will also be evaluating whether it is more cost efficient to do some of the work ourselves versus using a vendor. I will keep the board posted on our progress.

BOARD OF EDUCATION TOPICS

Overview- this section of the board packet is designed to give the board of education members a place within the meeting to discuss progress made towards their short and long term goals. This month there are four components that make up this one section:

- 1. New Accreditation process (KESA-Kansas Education Systems Accreditation)*
- 2. Board's goal- update on progress made towards developing action steps to complete the goals*
- 3. Facilities tour- potential update from the Facilities committee's facilities tour on 9/30.*
- 4. Out of district student enrollment- the board asked to see a historic overview current enrollment pattern and state funding.*

On August 22nd the board developed several goals with Dr. Jordan, KASB Consultant. Then the board challenged the administrative team to develop measurable action steps to accomplish the goals. After reviewing the board's goals and the accreditation process, the team felt we should put the two together to better align to the district's mission statement. We plan to discuss the recommendation at the board meeting.

- I. Accreditation process-** as the board is aware all Kansas schools are mandated to begin preparations for the new accreditation process (KESA-Kansas Education Systems Accreditation). The process will be accomplished over a five year span. This year is considered the planning year or as the state calls it "zero year". I plan to give the board a brief overview (several attachments have been included in the packet to help facilitate the dialogue and act as a future reference point for the board members).

A. Process- below is an abbreviated snapshot of the 5 year process (see attachment BOE #1)

- Year 1- School/district needs assessments, goal area identification, Outside Validation Team (OVT) visit
- Year 2- Building/district goal establishment; action plan development; OVT chair check-in
- Year 3-Action plan implementation; midpoint reflection/revision; OVT visit
- Year 4-Action plan implementation; data collection; OVT chair check-in
- Year 5-Data/evidence analysis; OVT on-site visit; accreditation rating granted by State Board

B. Where are we in the process?

- Completed the needs assessment with the teachers (*see attachment BOE #2*)
- Identified two goals (R's) areas for improvement (*see attachment BOE #3 & 4*)
- Developed 'draft' action plan to address each goal
- October 14th- we will present the draft to the teachers
- We plan to use the remainder of the staff development days to work on the process

C. Future tasks that need to be completed by June 1st?

- Gain consensus from the staff and board on our action plan
- Train our staff and board on the necessary roles and steps within the plan
- Educate our parents and community about the process and how they can help
- Identify an OVT chair and team
- Use our staff development time to complete the tasks

D. Board's role?

- Be trained on the accreditation process (overview)
- Adopt the recommended action plan from the staff and administrators
- Allow time at the board meetings to make presentations on our progress
- Provide the necessary resources for the team to accomplish the process
- Educate our parents and community about the process and how they can help

Retreat Follow-up

continued

II. **Board Goals-** below is the list of the short and long term goals the board developed at the August 22, 2016 board retreat meeting. I placed the accreditation links (red & blue words) into the box with the boards goals (black words) to show that there is a correlation between the two. The board will be asked if they can support 'blending the accreditation mandates and board's goals into one task to be more efficient in our assignment of duties.

III. **Facilities Tour-** Ross, Nathan, and Kyle all participated in a 'facilities tour' on Friday, September 30th. During this event the committee members toured the facilities, grounds and equipment within the two campuses. The tour was lead by the principals and superintendent. The goal of the tour was to listen and view the areas of concern/strength by the district's principals. Last week, I sent out a draft copy of the tour guide developed by the principals to all the board members. *The committee members may wish to share their findings and/or wish to discuss their thoughts at the meeting.*

IV. **Out of district data-**last month the board began discussing the idea of whether it would benefit the district to open our doors to new out of district students. The dialogue began when the administrative team shared that they have received several request from parents wanting to attend our school system. They had also received some formal written letters from potential parents to revisit the topic. *In the end, the board asked the administrative to bring enrollment data to the next meeting. The administrative plans to make a presentation on the topic.*

Attachments for the presentation:

1. Enrollment history for all students (attachment BOE #5 average & #6 fte)
2. Out of district history (attachment BOE #7 GS & #8 HS)

RECOMMENDED ACTION:

1. Accreditation- no action at this time.
2. Board goals- no action at this time.
