**GAAB Complaints of Discrimination (See JDDC, JGECA and KN) GAAB**

The district is committed to maintaining a working and learning environment free from discrimination, insult, intimidation or harassment due to race, color, religion, sex, age, national origin or disability. Any incident of discrimination in any form shall promptly be reported to an employee's immediate supervisor, the building principal or the district compliance coordinator for investigation and corrective action by the building or district compliance officer. Any employee who engages in discriminatory conduct shall be subject to disciplinary action, up to and including termination.

Discrimination against any individual on the basis of race, color, national origin, sex, disability, age, or religion in the admission or access to, or treatment or employment in the district's programs and activities is prohibited. Superintendent, 19 N Broadway, Herington, KS 67449-2401, (785) 258-2263 has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and The Americans with Disabilities Act of 1990.

Complaints of discrimination should be addressed to an employee's supervisor or to the building principal or the compliance coordinator. Complaints against the superintendent should be addressed to the board of education.

Complaints of discrimination will be resolved using the district's discrimination complaint procedures in policy KN.

**GAAB Complaints of Discrimination (See JDDC, JGECA and KN) GAAB-2**

The district prohibits retaliation or discrimination against any person for opposing discrimination, including harassment; for participating in the complaint process; or making a complaint, testifying, assisting, or participating in any investigation, proceeding or hearing.

Approved: 01/16

The board of education is committed to providing a positive and productive working and learning environment, free from discrimination on the basis of sex, including sexual harassment. Sexual harassment will not be tolerated in the school district. Sexual harassment of employees or students of the district by board members, administrators, certificated and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited.

Sexual harassment is unlawful discrimination on the basis of sex under Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. All forms of sexual harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events. Sexual harassment against individuals associated with the school is prohibited, whether or not the harassment occurs on school grounds.

It shall be a violation of this policy for any student, employee, or third party (visitor, vendor, etc.) to sexually harass any student, employee, or other individual associated with the school. It shall further be a violation for any employee to discourage a student or another employee from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy. Violation of this policy by any employee shall result in disciplinary action, up to and including termination.

Sexual harassment shall include, but not be limited to, unwelcome sexual advances, requests for sexual favors, and other verbal or physical

conduct of a sexual nature when: (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment; (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Sexual harassment may result from verbal or physical conduct or written or graphic material. Sexual harassment may include, but is not limited to: verbal harassment or abuse; pressure for sexual activity; repeated remarks to a person, with sexual or demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning an employee's job status.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. Complaints of sexual harassment will be promptly investigated and resolved.

Employees who believe they have been subjected to sexual harassment should discuss the problem with their immediate supervisor. If an employee's immediate supervisor is the alleged harasser, the employee should discuss the problem with the building principal or the district compliance coordinator. Employees who do not believe the matter is appropriately resolved through this meeting may file a formal complaint under the district's discrimination complaint procedure in policy KN.

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual

harassment under the definition outlined above. Unacceptable conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors which are unacceptable but do not constitute harassment may also result in employee discipline.

If discrimination or harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence.

Any employee who witnesses an act of sexual harassment or receives a complaint of harassment from another employee or a student shall report the complaint to the building principal. Employees who fail to report complaints or incidents of sexual harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.

Initiation of a complaint of sexual harassment in good faith will not adversely affect the job security or status of an employee, nor will it affect his or her compensation. Any act of retaliation or discrimination against any person who has filed a complaint or testified, assisted, or participated in any investigation, proceeding, or hearing involving a sexual harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including termination of employment.

To the extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

**GAAC Sexual Harassment (See GAF and JGEC)**

**GAAC-4**

False or malicious complaints of sexual harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy and related materials shall be posted in each district facility, shall be published in employee handbooks and on the district's website as directed by the district compliance coordinator. Notification of the policy shall be included in the school newsletter or published in the local newspaper annually.

- Using physical restraint that obstructs the student’s airway;
- Using physical restraint that impacts a student’s primary mode of communication;

accordance with an order from a person appropriately licensed to issue the order for the device;

\* Any device used by a certified law enforcement officer to carry out law enforcement duties; or

\* Seatbelts and other safety equipment when used to secure students during transportation.

Use of Emergency Safety Interventions

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the present ability to effect such physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student's behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

ESI Restrictions

A student shall not be subjected to ESI if the student is known to have a medical condition that could put the student in mental or physical danger as a result of ESI. The existence of such medical condition must be indicated in a written statement from the student's licensed health care provider, a copy of which has been provided to the school and placed in the student's file.

Such written statement shall include an explanation of the student's diagnosis, a list of any reasons why ESI would put the student in mental or

physical danger, and any suggested alternatives to ESI. Notwithstanding the provisions of this subsection, a student may be subjected to ESI, if not subjecting the student to ESI would result in significant physical harm to the student or others.

#### Use of Seclusion

When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.

All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.

A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such room shall be free of any condition that could be a danger to the student, well-ventilated, and sufficiently lighted.

#### Training

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participant, which shall be made available for inspection by the state board of education upon request.

**Notification and Documentation**

The principal or designee shall notify the parent the same day as an incident. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contacting the parent. A parent may designate a preferred method of contact to receive the same-day notification. Also, a parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the day of the incident. Such written documentation shall include: (A) The events leading up to the incident; (B) student behaviors that necessitated the ESI; (C) steps taken to transition the student back into the educational setting; (D) the date and time the incident occurred, the type of ESI used, the duration of the ESI, and the school personnel who used or supervised the ESI; (E) space or an additional form for parents to provide feedback or comments to the school regarding the incident; (F) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future incidents; and (G) email and phone information for the parent to contact the school to schedule the ESI meeting. Schools may group incidents together when

documenting the items in subparagraphs (A), (B) and (C) if the triggering issue necessitating the ESI's is the same.

The parent shall be provided the following information after the first and each subsequent incident during each school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through the local dispute resolution process (which is set forth in this policy) and the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas. Upon the first occurrence of an incident of ESI, the forgoing information shall be provided in printed form or, upon the parent's written request, by email. Upon the occurrence of a second or subsequent incident, the parent shall be provided with a full and direct website address contacting such information.

Law Enforcement, School Resource, and Campus Security Officers

Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy.

If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of

an emergency safety intervention, or report to the state department of education any law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

Documentation of ESI Incidents

Except as specified above with regard to law enforcement or school resource officer use of emergency safety interventions, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- Date and time of the ESI,
- Type of ESI,
- Length of time the ESI was used,
- School personnel who participated in or supervised the ESI,
- Whether the student had an individual education program at the time of the incident,
- Whether the student had a section 504 plan at the time of the incident, and
- Whether the student had a behavior intervention plan at the time of the incident.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent's designee on at least a biannual basis. At least once per school year, each building principal or designee shall review the

documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

Reporting Data

District administration shall report ESI data to the state department of education as required.

Parent Right to Meeting the ESI Use

After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the parent's request. The focus of any such meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

For a student with an IEP or a Section 504 plan, such student's IEP team or Section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan, or amend the behavior intervention plan if already in existence.

For a student with a section 504 plan, such student's section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting. If the parent requests an individualized education program team meeting, the private school shall help facilitate such meeting.

#### Local Dispute Resolution Process

If a parent believes that an emergency safety intervention has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below.

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a

written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any, to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30<sup>th</sup> day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school, and the state department of education and shall be mailed to the parents and the state department within 30 days of the board's receipt of the formal complaint.

If desired, a parent may file a complaint under the state board of education administrative review process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

Family and medical leave as required by federal law shall be granted for a period of up to 12 weeks during a 12-month period. For purposes of this policy, a 12-month period shall be defined as a fiscal year beginning on July 1 and ending the following June 30. Spouses who are eligible for FMLA leave and are both employed by the district may be limited to a combined total of 12 weeks of leave during any 12-month period if the leave is taken for birth of the employee's son or daughter or to care for the child after birth, for placement of a son or daughter with the employee for adoption or foster care or to care for the child after placement, or to care for the employee's parent with a serious health condition.

Leave is available for the following:

- (1) the birth of a son or daughter of the employee and to care for the newborn child;
- (2) the placement of a son or daughter with the employee for adoption or foster care and to care for the newly placed child;
- (3) to allow the employee to care for the employee's spouse, son, daughter, or parent with a serious health condition;
- (4) a serious health condition of the employee that makes the employee unable to perform the functions of his or her job;
- (5) any qualifying exigency arising out of the fact that the employee's spouse, son, daughter or parent is a covered military member on active duty (or has been notified of an impending call or order to achieve active duty) in support of a contingency operation; and
- (6) the need to care for a covered service member with serious injury or illness if the employee is the spouse, son, daughter, parent, or next of kin of the service member. Eligible employees are, for reason (6) only, entitled to a combined total of 26 workweeks of leave during a 12-month period.

This leave shall normally be unpaid leave. However, if the employee has any paid vacation, personal, sick leave that is available for use because of the reason for the leave, the paid leave shall be used concurrently with the annual family and medical leave. The superintendent will notify the employee of the beginning date of family and medical leave and the amount of the employee's accrued paid leave designated as family and medical leave.

The employee is eligible for family and medical leave if he or she has been employed by the district for at least 12 months and has worked at least 1,250 hours during the 12-month period immediately preceding the commencement of the FMLA leave.

During the period of any unpaid family and medical leave, the board shall continue to pay the employer's share of the cost of group health benefits in the same manner as paid immediately prior to the leave. Any employee portion of the cost shall be paid by the employee to the clerk of the board on the payroll date or other time as the employee and superintendent may agree prior to the commencement of the leave. The board may terminate group health coverage if

the employee's portion of the payment is not received within 30 days of the due date, so long as written notice of the delinquency in payment and the notice of intent to terminate coverage are sent at least 15 days prior to the termination.

When leave is foreseeable, the employee shall give written notice 30 days in advance. If leave is not foreseeable, notice will be given as soon as is practicable.

Upon the employee providing notice of need for leave, the employer will notify the employee of the following within 5 business days, absent extenuating circumstances:

- a. whether or not the employee is eligible for FMLA leave, and the reasons that leave will or will not count as family and medical leave;
- b. any requirements for medical certification;
- c. employer requirement of substituting paid leave;
- d. requirements for premium payments for health benefits and employee responsibility for repayment if employer pays employee share;
- e. right to be restored to same or equivalent job; and
- f. any employer required fitness-for-duty certifications.

The superintendent may require an instructional employee to continue leave until the end of a semester if the leave begins more than five (5) weeks before the end of a semester, lasts more than three (3) weeks and the return would occur during the last three (3) weeks of the semester.

Leave for reason 1 or 2 must be taken within 12 months of the date of birth or placement of the child. Family leave for reasons 1 or 2 may not be used intermittently or on a part-time basis without the prior approval of the superintendent.

If the leave is for a reason other than the employee's serious health conditions or for qualifying exigency as described in section (5) above, the superintendent may require an instructional employee to continue leave until the end of a semester, if:

1. the leave begins in the last five (5) weeks of a semester, will last more than two (2) weeks and the return to work would occur in the last two (2) weeks of a semester, or
2. the leave begins in the last three (3) weeks of a semester, and lasts more than five (5) days.

**GARID**    **Military Leave**

**GARID**

Employees are entitled to military leave under the Uniformed Services Employment and Reemployment Act of 1994. The Act applies to military service that began on or after December 12, 1994 or military service that began before December 12, 1994 if the employee was a reservist or National Guard member who provided notice to the employer before leaving work.

Reemployment rights extend to persons who have been absent from work because of “service in the uniformed services.” The uniformed services consist of the following military branches:

- Army, Navy, Marine Corps, Air Force or Coast Guard.
- Army Reserve, Navy Reserve, Marine Corps Reserve, Air Force Reserve or Coast Guard Reserve.
- Army National Guard or Air National Guard.
- Commissioned corps of the Public Health Service.
- Any other category of persons designated by the President in time of war or emergency.

“Service” in the uniformed services means duty on a voluntary or involuntary basis in a uniformed service, including:

- Active duty.
- Active duty for training.
- Initial active duty for training.
- Inactive duty training.
- Full-time National Guard duty.
- Absence from work for an examination to determine a person’s fitness for any of the above types of duty.

The employee may be absent for up to five (5) years for military duty and retain reemployment rights. There are, however, exceptions which can exceed the five (5) years limit. Reemployment protection does not depend on the timing, frequency, duration or nature of an individual’s service. The

**GARID Military Leave**

**GARID-2**

law enhances protections for disabled veterans including a requirement to provide reasonable accommodations and up to two (2) years to return to work if convalescing from injuries received during service or training.

The returning employee is entitled to be reemployed in the job that they would have attained had they not been absent for military service, with the same seniority, status and pay, as well as other rights and benefits determined by seniority. If necessary, the employer must provide training or retraining that enables the employee to refresh or upgrade their skills so they can qualify for reemployment. While the individual is performing military service, he or she is deemed to be on a furlough or leave of absence and is entitled to the non-seniority rights accorded other individuals on non-military leaves of absence. Individuals performing military duty of more than 30 days may elect to continue employer sponsored health care for up to 18 months at a cost of up to 102 percent of the full premium. For military service of less than 31 days, health care coverage is provided as if the individual had never left. All pensions which are a reward for length of service are protected.

Individuals must provide advance written or verbal notice to their employers for all military duty. Notice may be provided by the employee or by the branch of the military in which the individual will be serving.

Notice is not required if military necessity prevents the giving of notice; or, the giving of notice is otherwise impossible or unreasonable.

**GARID Military Leave**

**GARID-3**

Accrued vacation or annual leave may be used (but is not required) while performing military duty. The individual's timeframe for returning to work is based upon the time spent on military duty.

**TIME SPENT ON  
MILITARY DUTY**

**RETURN TO WORK OR APPLICATION FOR  
REEMPLOYMENT**

---

Less than 31 days:	Must return at the beginning of the next regularly scheduled work period on the first full day after release from service, taking into account safe travel home plus an eight (8) hour rest period.
More than 30 but less than 181 days:	Must submit an application for reemployment within 14 days of release from service.
More than 180 days:	Must submit an application for reemployment within 90 days of release from service.

The individual's separation from service must be under honorable conditions in order for the person to be entitled to reemployment rights. Documentation showing eligibility for reemployment can be required. The employer has the right to request that an individual who is absent for a period of service of 31 days or more provide documentation showing:

- the application for reemployment is timely;
- the five-year service limitation has not been exceeded; and,
- separation from service was under honorable conditions.

If documentation is not readily available or it does not exist, the individual must be reemployed. However, if after reemploying the individual, documentation becomes available that shows one or more reemployment requirements were not met, the employer may terminate the individual, effective immediately. The termination does not operate retroactively.

Questions should be directed to Veterans' Employment and Training Service, U.S. Department of Labor.

Kansas law also requires reemployment if an individual is called to active duty by the state.
