# Dear Neighbors

Mayor  
Patrick A. Ward

Photo / Jonathan Koslen  
Photography

I appreciate that you are taking the time to read our magazine and this letter to you. I often wish we could just stop the clock for a long moment in order to take a deep breath and focus on the things that are special in our lives – like real things; not on Facebook or on a device but things with substance – family, friends, neighbors. It is something we just don't seem to take the opportunity

to do. Perhaps, when you walk outside and see a neighbor, try to start a conversation and see where it goes. It needs to start somewhere!

I hate having to give this reminder but it is needed. We have had a rash of "car entries" where vehicles in drives have been left unlocked – a couple with keys inside – which has been an opportunity for theft. **PLEASE, LOCK YOUR CARS** always! Please, remove your keys or FOBs whenever you leave your car, even for a moment. When thieves are successful, **THEY COME BACK**, so if we pay attention to the security of our vehicles, we protect our property and our community.

The change of season is nearly upon us. We have enjoyed our pool and spray park facilities, but they will soon close for the season. We have shared wonderful evenings at our summer concerts and National Night Out events. Our crews have been busy tending and pruning and patching. Contractors have been hard at work on projects large and small across our City. It has been a fun yet busy time in Lyndhurst. Our City Council and my Administration continue to invest in our infrastructure to the benefit of all.

In a few weeks we will have the opportunity to gather as a community at our 97th annual Home Day event, a weekend filled with friends, local organizations and businesses. What started as a "one day picnic in the park" 97 years ago has grown but the core purpose, the real point, is to come together and enjoy each other as a community. We will also have our Annual Council Coffee event where great information on all our City services will be available. We are hoping to see you there!

Sincerely,

**Patrick A. Ward**

## From the Fire House

**O**ur Department has once again completed hydrant painting across the City. Priority was given to new or replaced fire hydrants and then those hydrants that have been identified as needing repainting. Our hydrant painter returned from last year and she really enjoys the work and the interaction with residents when out in the community.

During this year's Home Day weekend, the Lyndhurst Firefighters Local 1676 will be staffing the Beer Tent in the park during the entirety of the festival. Partial proceeds support various charities including Aluminum Cans for Burned Children ([www.acbcOhio.org](http://www.acbcOhio.org)) and Olivia's Dream ([www.oliviasdream.org](http://www.oliviasdream.org)). There will also be a brief September 11 Remembrance Ceremony in front of the fire station at 09:59 which was the time the first building collapsed.

Lastly, a friendly reminder, as we will be coming into the fall season that all open burning requires a permit and approval from the Fire Department. Yard waste, including fall. Outdoor recreational fires must be in an approved fire pit or container with smoke not creating a nuisance.

## After five years of active planning,

the former Lyndhurst Fire Department bays were leveled to make way for a new fire station and the former office and dormitory spaces were renovated for other uses. The project was, in spite of the pandemic, completed on budget and on time. We are proud of the result which you can tour, virtually, by scanning the QR Code provided.

## School Days

It's that time of year again, and with school back in session for some and getting ready to start for others, school buses will be packed with kids headed to and from school. Do you know when to stop for a school bus? School bus traffic laws are in effect for the safety of children or other passengers entering or leaving a school bus. Children often will be crossing the street at bus stops, so these laws are extremely important for their safety. In Ohio, school bus traffic laws vary depending on the size of the road.

On a road with fewer than four lanes, all traffic approaching a stopped school bus from **either** direction must stop at least 10 feet from the front or rear of the bus and remain stopped until the bus begins to move or the bus driver signals motorists to proceed.

If the bus is stopped on a street with four or more lanes, only traffic proceeding in the same direction as the bus must stop. To facilitate this law, children are dropped off on the same side of the road as their residences, so they won't have to cross the street.

Other school bus safety tips:

- Never pass a school bus on the right
- All school buses must stop before crossing railroad tracks
- Never pass a bus at a railroad crossing
- Be aware of school zone signals and always obey the posted speed limits – we will heavily enforce school speed limits
- Leave a little early so you are not rushed as you travel.

School bus drivers believing a motorist has unlawfully passed a stopped bus will – if possible – report the license plate number to the Lyndhurst Police Department. We will diligently attempt to determine the identity of the driver, and if the identity is established, the reporting of the license plate number by the school bus driver establishes probable cause upon which to issue a citation. Failure to establish the identity of the driver may result in us sending a warning letter to the registered owner stating that a motor vehicle registered to the owner was reported as having unlawfully passed a stopped school bus in The City of Lyndhurst.

Failure to stop for a school bus can add points to your license and can be punishable by fines up to \$500. You *must* appear in court for this violation, and the judge may suspend your driver's license for up to one year. A driver who injures a pedestrian while failing to comply with school bus safety laws can face both criminal charges and civil liability (i.e. medical expenses, lost wages, pain and suffering damages, etc.).

Please do your part and pay attention as to whether the wheels on the bus are going round and round, or not ... our children's safety depends upon it!

## SafetyTown Success

**SafetyTown is back!** After a very long hiatus, SafetyTown returned to The City of Lyndhurst in a collaborative effort between The City of Lyndhurst, the Lyndhurst Police & Fire Departments, The Lyndhurst Police Foundation, and the Hillcrest YMCA.

SafetyTown is a community program for children entering kindergarten. The program's focus is to give students the tools to increase their awareness and make safe choices when it comes to road, bike, and school bus safety. The program also included water safety, stranger danger, safety signs, seat belt safety, playground safety, and stop drop and roll in fire safety.

Held for two weeks in July, Lyndhurst SafetyTown 2022 was – by all accounts – a huge success! Instruction was handled by members of the Lyndhurst Police and Fire Departments, with assistance from YMCA facilitators. Approximately 60 youngsters graduated from the inaugural classes. The weather was almost perfect, the children were excited and participated at every opportunity provided. It was a great experience for all involved and it allowed us to bring the police and community together in The City of Lyndhurst.

We want to thank all of the parents and guardians who allowed us to share SafetyTown with their children. Additionally, we offer a huge shout out to all of those who made this program a huge success from the development, planning, and execution phases of SafetyTown. Everyone involved was able to take away something from our time together. We look forward to bringing this program back in 2023, with even more to offer and new friends to be made!

## Lyndhurst Home Day

Mark your calendars for Lyndhurst Home Day, scheduled for the weekend of September 9, 10, and 11, 2022. We look forward to welcoming community members to Lyndhurst Park once again for what looks to be a fun-filled weekend. Please make sure to stop by the Lyndhurst Police Department booth and say hello to your Lyndhurst Police Officers.

# Dear South Euclid Lyndhurst Schools Community,

Linda N. Reid

**T**he South Euclid Lyndhurst School District is excited to begin the 2022-2023 school year with great expectations, and a continued eye on academic and co-curricular success. Meeting the overall social and emotional needs of students will also be a focus as we promote a safe, secure and encouraging learning environment. The last two years has taught everyone in education that a continual dedication to affirming students to be the absolute

best they can be, regardless of circumstances around them, must be a constant priority. To help ensure a successful school year, this article contains some of the nuances the community can expect from the South Euclid Lyndhurst Schools.

To help prepare students, and provide academic and co-curricular enrichment opportunities, the Arc Summer Learning Academy concluded its second year at the Greenvue Intermediate and Middle School Campus. This summer learning flipped traditional summer school models, by offering supplemental academic programming to those interested in an engaging environment, taught primarily by South Euclid Lyndhurst Schools instructors. Students had the opportunity to learn in a classroom setting during the morning, participate in a transition block of time, and then enjoy some creative educational experiences in the afternoon. Summer Academy Principal Sylvia Marshall once again did a fantastic job of leading this summer initiative. The district firmly believes that extra educational opportunities provided will only serve to benefit our youngest students. Congratulations to everyone involved.

The continued implementation of an engaging, and rigorous three-Year Curriculum and Instruction plan will help to maintain our positive push towards enriched academic achievement. The district is pleased to report that after its first year of implementation, several instructional

focuses have been accomplished. Some of those milestones include the selection of a new math core curriculum resource, designed to provide heightened levels of mathematics rigor. In addition, iReady an educational evaluation tool, that provides diagnostic assessment, has been implemented in grades Kindergarten through eighth for Language Arts and Mathematics. The SEL School System has created an honors and accelerated Mathematics pathway and placement procedure to continue encouraging our top learners. An ACT prep course, to help ensure greater success for test-taking, has been created at Memorial Junior High and Brush High School. To monitor and evaluate the components of this three-year plan, a Curriculum and Instruction Task Force has been created, comprised of administrators and educators to promote progress and ensure success. Looking ahead, these subjects, along with a continued focus on elementary literary skills, K-8 mathematics, American Government, and African American History curriculum, will be future focuses.

Finally, the community is excited to welcome some notable new faces in new places throughout our buildings. We formally welcome Michael Fording to the role of Principal at Charles F. Brush High School. Mr. Fording brings more than 20 years of experience in education and nearly a decade in building leadership. Lorraine Fuller, who previously served the district as Assistant Principal at Brush, has become the Principal at Memorial Junior High School. Matthew Bryan, formerly at Memorial Junior High, has become the fourth grade principal at Greenvue Intermediate School. Be sure to say hello to these individuals!

The South Euclid Lyndhurst Schools is excited to begin anew for the 2022-2023 school year, and we thank the community for their enduring and compassionate support. All the best to everyone in our school family, and as always, GO ARCS!

# Roy Goes to the Park Estates in 1927

**"H**oney, time to get up! You've got a busy day planned!" "Thanks Ma!" She's right, I'm goin' to help Pa take a big beef order to Mr. Baker's house in the Lyndhurst Park Estates. Pa says he's the head man at the Cleveland Plain Dealer and one of the first folks to settle in the new section of town. OOPS ... Pa's waitin' on me. I'd better get a move on.

Boy, what a chilly day, Homedays was so hot and muggy this year, it seems like forever ago! No matter, I still won the sack race and got a new baseball as my prize. Me, Harry Schaeffer and the Kebrdle boys are gonna' play "first bouncer-fly" when we get back.

There's Mr. Kneale and his family, pickin' their strawberry crop. The strawberries are everywhere throughout Lyndhurst. Same with the apple and pear trees. I love pickin' fresh fruit to eat while we walk.

Boy, Pa's truck rides so smooth down Richmond Road since they put the new bricks down. All right... there's the "Big Red" goin' up the interurban line. Pa says the city kids ride "Big Red" up Mayfield Road from Cleveland and "the Heights" and get off at Clubside Road. From there they walk to Hawken School, rain or shine, for classes. "You oughta' see em", Pa says, 40 or 50 kids, trudin' through the streets, all in a straight line, with their schoolmasters' leadin' em'! Must be nasty in the winter, with all those open fields and the wind and snow a blowin' in your face." Of course, they do have the best sled riding hill in Lyndhurst, with that hill on the 15th fairway of Mayfield Country Club, right behind the school. I was there last winter and it was great. Six of us kids crashin' on Marie Spiegel's toboggans, with bodies flyin' everywhere! What a riot!

*Clubside Road view, from the Hawken School rooftop, in 1926.*

Here's Clubside road. Boy, there's lots of open fields. Wonder why they don't plant em'? Mrs. Scheuring, my teacher in the red schoolhouse says that Congressman Bolton and his wife, are responsible for the founding of both the "Park Estates" and Hawken School. A Mr. Collacott did the developing for them and right now there's only 12 houses in here. Mr. Collacott's house is first on the right, after you turn off Mayfield Road. Boy, these are fine houses. Mrs. Schuering says they're a "Dutch Colonial" design. I like the three roads they have and how they separate the Estates into two islands (as they like to call em'). It's neat and it feels different down here. Not at all like our farms up on the north side of town. Here, at Mr. Baker's house, the air smells damp and earthy from the woods and creek.

*A freshly paved Spencer Road, looking east from Richmond Road in 1927.*

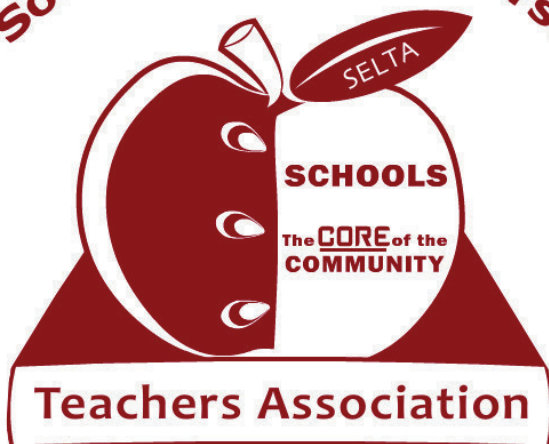

I hate to leave but Pa says it's time to go. He's got a couple of hogs, comin' in from out in Windsor and he has to get em', right quick. He says I can come back with him another day. "Don't forget, the boys are waitin' to play ball with you son!" "Oh yeah, thanks Pa!"

I think we'll play on Spencer Road since they paved it too. Pa's tickled pink that they named it after him. Boy, the first paved side street in Lyndhurst and it's got our name. I wonder if anybody in the future will realize that? The town sure is a-changin'. A few years ago, we were still Euclidville. Now we're Lyndhurst Village. Maybe someday there will be a historian, or someone who will write about our town and growin' up here. Boy, the stories I could tell em'!

Oh good, the boys, are waitin' for me. OH NO ... there's Marie Spiegel and Elsie Cain. THEY can't play ball! They're girls! But, come to think of it, Elsie is the one who knocked the cover off my old ball, so maybe I'll let her be on my team. Good thing I won my new ball at Homedays. I love autumn in Lyndhurst.

# News from our Community Partnership on Aging

***"Those who wish to sing, always find a song"** - Swedish Proverb*

Did you know that singing is good for your health? According to Cleveland Clinic, studies on group singing show that it can lower levels of perceived stress, improve memory and mood, boost happiness, and even boost immune system activity. For those with Parkinson's disease, singing has been found to strengthen the muscles that control breathing and swallowing, and a preliminary new study suggests it may also improve both motor symptoms and mood. Now you can take your singing out of the shower and join others in our newly organized CPA Community Choir! Led by Laura Bruck, an accomplished Vocal Music educator, the group is open to anyone who wants to sing-no auditions required, no need to read music, no prior experience needed, all skill levels are welcome – we want to bring beautiful music to CPA with your help! We have an organizational meeting planned for Wednesday August 31 at 12:30 p.m. at the South Euclid Community Center. Please let us know you want to be part of this exciting new program by contacting the office at 216.291.3902. Choir sessions will start in September ... winter concert anyone?

Talking about September, it is time to start gearing up for the 2022 Random Acts of Fun. This is a 10-day scavenger hunt across our six cities that raises funds and awareness for CPA. Random Acts of Fun includes many missions and tasks that participants complete for points including getting pictures with Mayor Patrick A. Ward, discovering hidden treasures in the cities, decorating

scarecrows and tie dying t-shirts. Funds raised support CPA nutrition programs. New this year is a closing event, called (wait for it ...) Random Acts of Funny – a comedy show on September 29! Watch the CPA website and the September newsletter for more details. Feel free to direct questions to Therese (gridat@communitypartnershiponaging.org).

## **Our School of Tech Fall classes are as follows:**

**CPA Connects 2 U** starts on September 27 for eight weeks. Upon completion of the class, graduates receive a new tablet and one year internet service.

**Apple iPhone** class starts on August 30 for four weeks.

**Android Smart Phone** class starts on September 27 for four weeks.

**Laptop Basics** class starts on October 25 for four weeks.

Please call 216.848.0595 if you are interested in any of the above School of Tech classes.

Finally, keep up to date with all the great activities and programs coming in the Fall. By signing up for the CPA newsletter to be delivered to your email inbox monthly – Just go to our website ([www.communitypartnershiponaging.org](http://www.communitypartnershiponaging.org)) and follow the prompts.

## Energy Prices – Should I Panic?

There has been a lot in the news about the cost of energy and we should be paying attention to what gas and electric programs we are signed up for. Phone and door-to-door solicitors will try to take advantage of the current market to talk our residents into "panic buying" or "panic-signing" as many resident calls to City Hall indicate.

Our best advice is to:

1. Know what program you are signed up for and for how long.
2. Know the price per **mcf for gas** or price per **kwh for electricity** you are paying. Those are listed on your bill along with the name of your supplier.

3. Do not share your personal information with any unsolicited caller.
4. Be very cautious with offers that sound "too good to be true".
5. Review the fine print of any offer before you sign, especially cancellation fees.

The City of Lyndhurst has long partnered with NOPEC for Electric and Natural Gas aggregation. FirstEnergy and Dominion Energy can provide you information if you have questions about the program in which you are enrolled or are considering signing up for. You can also contact the NOPEC Call Center at 1.855.NOPEC01 (1.855.667.3201) to discuss the options they have available for you.

# From our Service Department

## Yard Waste & Leaf Disposal

**D**riving around the city we continue to notice an abundance of yard debris on residential tree lawns placed well before the correct collection day. Pruning and trimming of trees, shrubs and hedges is a chore that must be done, but do not place any debris on your tree lawn before 5 p.m. the day preceding your collection day but no later than 7 a.m. the day of collection. Small trimmings four feet and under must be bundled with twine or contained either in yard waste bags or designated yard waste only containers (stop at the service garage office for "Yard Waste Only" stickers for your privately purchased cans). Longer branches up to a 6-inch diameter should be left long and stacked with the butt ends facing the same direction for our woodchipper to collect. We can take grass and hedge clippings, but no sod, earth, or processed wood (lumber) as part of our yard waste program.

Beginning in mid to late October the Service Department will begin vacuuming piles of leaves from treelawns as we do every year. Leaf pick-up will be on an **AS-NEEDED Basis**. All leaves that are collected from treelawns will be recycled, composted, and made into leaf humus or other product. It is extremely important that all leaves are piled on your treelawn for vacuum pick-up. **Please DO NOT pile leaves in the street or gutter as this is a safety hazard and these leaves may not be picked up. PILED LEAVES MIXED WITH BRANCHES OR OTHER MATERIALS WILL NOT BE PICKED UP!**

At the end of the leaf season, should you have small quantities of leaves or other yard waste for pickup, please place them in paper yard waste bags or your designated yard waste container for pick-up on your regular collection day. We appreciate your assistance in assuring a successful leaf collection program and the responsible recycling of as much of our yard waste as possible.

## Tire Roundup

**T**ires, off the rim, may be dropped off at the service garage during our weekend rubbish program (Saturdays and Sundays from 11:30 a.m. to 3:30 p.m.) during the month of September only. If you would like to dispose of your tires before this time you may drop them off at a tire dealer for disposal for a fee. This program is only for Lyndhurst residents, please bring proof of residency.

### **Arc Summer Learning Academy Continued Providing Enrichment to SEL Students**

Congratulations to the students in the South Euclid Lyndhurst Schools, who took full advantage of the academic and co-curricular enrichment opportunities through the Arc Summer Learning Academy this past summer. Having just concluded its 2nd year at Greenview, the Arc Summer Learning Academy flipped-the-script on traditional summer school models, by offering supplemental academic programming to those interested in an engaging environment, taught primarily by South Euclid Lyndhurst Schools instructors. Students learned in a classroom setting during the morning, participated in a transition block of time, and then enjoyed creative educational experiences in the afternoon. Principal Sylvia Marshall did a fantastic job of leading the Arc Summer Learning Academy once again this past year, and the district firmly believes that extra educational opportunities will only serve to benefit our youngest students. Congratulations to everyone involved!
