**LEARN SOMETHING
 NEW THIS SUMMER**

At our music concert, Mr. Schulz reached out to the audience with his need for more ukuleles. To our surprise his request was answered. Mrs. Riley (a parent at Central) shared his request and The Time Properties delivered by presenting him with a check in the amount of \$1200. Mr. Schulz was able to purchase 30 more instruments with their donation. Thank you again to, The Time Properties and Mrs. Riley for fulfilling this dream and giving back to our school and community!

TO ALL OF OUR BANGOR CENTRAL MOMS...

#Other People Matter

Thank you to all of the Central families that recently donated money to our family that recently lost their home to a house fire. It is very clear that **#otherpeoplematter** and we appreciate your generosity. Also, thank you to Radiant Church, Prime Brothers, and DHHS for helping this family get the resources needed to secure shelter and fulfill basic needs.

Teacher Request Forms for the 2019-2020 school year are due to the office by Friday, May 17. Request forms are in the main office.

On April 9, Bangor Central was recognized and received the Emerald Level Michigan Green School Achievement. We received a State Certificate, flag and level emblem along with recognition from the Bay County Board of Commissioners. Thank you to Ms. Phelps, Mrs. Caverly, and our school's green committee to get this initiative rolling in our school. Also, thank you to James Bolam, from Kindergarten who attended the meeting with us as a student representative to accept our award.
