School of Choice (Non-Resident)
****2019-2020 Transportation Request Form****
For In-District Bus Stop Location

Student's Name: _____

Home Address: _____

Home Phone: _____ Alternate Phone: _____

School Attending: _____ Grade: _____

Requested Stop Located by: _____
(NOT GUARANTEED)

Before School Only After School Only Both Before & After School

Parents of School of Choice students are required to provide their own transportation for their students. Our department, as a courtesy, may provide transportation for your student, based upon the space availability.

Our bus stop locations change from year to year, so we will assign your student to an existing stop location within our district that will not cause an overload on the bus or add additional cost to the transportation department. Your student must go to the stop location as assigned by this department. If this department has to change your child's stop location, parents will be notified and we will offer you another stop location. You are responsible for getting your child to and from their assigned stop location.

If a problem occurs with your child's bus stop location; i.e. behavioral issues with your child or someone is not at the stop location to get your child, this department reserves the right to discontinue transportation for your child.

***You will be notified by this office if your request is approved or denied.**
All Transportation discipline policies and procedures
shall apply with your student's transportation.*

Print Parent Name: _____

Parent's Signature: _____ Date: _____

For Transportation consideration, this form must be received in the Transportation Office by August 1, 2019. Requests are filled based on space availability. Forms received after this date, may be denied. We reserve the right to deny any School of Choice Transportation request.
