Dear Parent or Guardian of next year's sixth grade student,
In the last couple of years, the State of Illinois has made some changes to the immunization requirements for attending school. Students are now required to have the following vaccinations:

- **3 or more doses of Diphtheria, Pertussis, Tetanus (Dtap)**
- **1 dose of Tdap**
- **3 or more doses of Polio (IVP)**
- **3 doses of Hepatitis B**
- **2 doses of Measles, Mumps and Rubella (MMR)**
- **2 doses of Varicella (chickenpox)**
- **1 Meningococcal Conjugate Vaccine (MCV)**

PHYSICAL EXAM: required for all sixth grade students and must be recorded on the Certificate of Child Health Examination form. The exam must include the **diabetic screening**, height, weight, **BMI**, blood pressure and signed by a medical doctor, advance practice nurse or physician assistant. The **health history section** must also be completed, signed and dated by a parent/guardian.

DENTAL EXAM: required for students in sixth grade.
The exam can be done up to 18 months prior to the May 15, 2020 deadline.

Please have all physical and immunizations requirements completed before the beginning of school or before the state mandated deadline.

Sincerely,
Tracy Hulsey, RN
