

# FINDING GRADES AND OTHER ITEMS IN THE PARENT PORTAL

1. Log in to the Infinite Campus Parent Portal Website:  
<https://campus.lumpkinschools.com/campus/portal/lumpkin.jsp>
2. Once you enter the portal, you'll see the following screen. Check for messages, manage your account, get the Infinite Campus mobile app, and more from this home page. To view information about your student, select your student name from the dropdown at the top of the screen.

3. Use the left navigation bar to select the page you would like to view.

4. You can click on the Grades tab and see the most recently graded assignments, and the overall averages of each course. Please note, averages for full year or full semester courses are cumulative. For these courses, the Term 4 Grade will be the final average.
5. To see a breakdown of grades within a course, click on the course name as shown below. This opens the Grading Task Summary. From this screen, you can see what assignments have been given and what those grades are.
