• Everyone should be afforded the same educational opportunities dedicated to unlocking their unique purpose and potential
• All students can be inspired to become productive risk-takers and problem-solvers
• In attracting, retaining, developing and empowering professionals who inspire and create a passion for lifelong learning in all students
• Education should occur in a safe, secure, and nurturing environment, conducive to learning
• Learning best occurs through effective collaboration among students, parents and guardians, educators, and the community as active, engaged participants
• Technology and next generation learning should be embraced and utilized appropriately
