

Parents,

We are going digital with all the UIL & BISD athletic forms. We will be using the Aktivite platform. Attached is a PDF with instructions on how to create an account as well as register your athlete(s). On the attachment in the blank space is also a video that will show you how to do this as well. Just hover over the area and it will link you to the video. I've also included this link below. I know many of y'all will not have access to your athlete's physical and medical history forms. You will be able to download these documents. A medical history is needed every year. If your athlete is going to be a sophomore or senior, a physical is already on file and we will take care of that on our end. A medical history is required every year, feel free to download the medical history form and fill it out. You will then be able to take a picture and upload it. If your athlete is going to be a freshman or junior, a physical and medical history is required, you will then download those forms, get them filled out, and then you can upload those files as well. We hope that this alleviates the paperwork required by UIL & BISD as you will be able to digitally sign these. There will be some speed bumps along the way as we transition this first year, but this will alleviate a lot of hassles as we proceed into the future. Thanks again in advance for your patience.

Registration Checklist

This is where documents will be read and agreed to, legally binding E-Signatures will be completed, physicals will be uploaded, and fees can be paid. Once this section is complete, the registration is complete. Any requirements here that require the parent to upload a document will also require that the school's athletic administration approve the document, so please do not be alarmed if the status is Pending School Approval. Your registration is complete once all items on the checklist have been completed.

Additional Athletes: If you have additional student-athletes to register, you can start a new registration and add them as an athlete. **You do not need to create another login for additional athletes.** Once you add them, they will be available to select next time.
