

DID YOU KNOW...

THE FOREST OAKS PTO DOES THAT?

Your FOES PTO Board got right to work as soon as Forest Oaks opened its doors in 2013! Technology, Physical Activity, Event and Staff Support have always been some of our top priorities! our past and current board members work closely with FOES administration each year to ensure the needs of our school are met and we continue to push forward. It is always a challenge to navigate the needs of the school with the limited resources provided to administration. That's where the amazing support from our FOES parents comes in! Each and every year the PTO provides the salary for the Front Office Aide, support for events such as Field Day and the 5th Grade Celebration, as well as Staff Appreciation events and other miscellaneous requests, such as general maintenance needs, SRO support. PE support, etc., in addition to high priority needs and advancements!

[Take a look at the highlights of all that has been accomplished for FOES through your support of the PTO since 2013!](#)
