

School Calendar

The school calendar for each year is made a part of the KFEA Agreement.

A calendar committee is established annually to propose three to six calendar options. The committee will consist of three members of PSE and three members of KFEA. The calendar options will be presented to all respective bargaining unit members for vote by March 1. The top two calendars will then be resubmitted for a final vote by March 15. The selected calendar will be presented to the Board for adoption at the next available Board meeting.
