James Rumsey Program Options for 2023-2024

Interested in a James Rumsey program for your Junior and Senior year?

Step 1- Learn more about the program you're interested in by going to
www.jamesrumsey.com and clicking on the program of your choice.
Read about it, watch the video. Make sure this is what you want to do.

Step 2- Pick a program and write it in as your four electives on your Course Request Form. Also, pick four HHS classes and write them in as well (in case you don't get into James Rumsey).

Step 3- Apply at: www.jamesrumsey.com
JRTI Instructors will then visit our school this winter to interview you.
They review your transcripts and look at your grades and attendance.
After interviews, instructors will notify you in the Spring if you've been accepted.

*Students who choose a James Rumsey program attend James Rumsey periods 1-4 or 5-8 and receive 4 credits/year for their program. The remaining four courses are taken here at HHS (English, Math, Science, Social Studies). In most cases, there's no room for any other electives. These are two-year programs.

*Students may also request to attend James Rumsey all day, see your counselor for details.
