

# Parent Features of TeacherEase

Parents can get current information about their child's studies, communicate with teachers, and motivate students to higher performance.

## Parents Securely Login

For a parent to gain access to TeacherEase, their account must be setup by the school secretary or a school administrator. The parent must have a valid email address to access TeacherEase. (The same email address can be added to more than one student.) Once the school has entered the email address (user name) into TeacherEase, TeacherEase will send a "welcome" email with login and password information to the parent. Once the parent has reviewed this email, they should be able to login.

If you haven't received a "welcome" email, please contact Kim Miller at [kmiller@triopiacusd27.org](mailto:kmiller@triopiacusd27.org) or 217/457.2281.

The parent can then use this login/password to access their student's information. Go to [www.teacherease.com](http://www.teacherease.com) and click "login" and fill in your information. Upon initial login, TeacherEase will ask that you change your password.

Parents will have a drop down menu if they have more than one student enrolled in the Jr. Sr. High School.

Once you login, you should see the **Parents Main** page. On the Parents Main page you have the following options:

### Academics

Class/Subject  
Assignments  
Student Progress Update  
Attendance

### Communicate

Announcements  
Send Email to Teachers  
Email Logs

### Miscellaneous

Behavior Logs  
Update Email/Passwords

## Assignments

Parents can check a student's current **assignments**. Did they get tonight's homework done yet? If they were absent, what do they need to make up? Note: The assignments are listed by due date and not by date assigned.

The screenshot shows the TeacherEase interface. At the top, there is a navigation bar with "Main | Logout | Support". Below this is the "Assignments" section, which includes a brief description: "These are the assignments in the student's current classes/subjects. This also includes other student work like quizzes, tests, individual assessment, etc." and the student's name "Student: Josh Doe". A table lists the assignments with columns for Date Due, Class/Subject, Assignment Title, and Notes. The table contains 12 rows of data. At the bottom of the page, there is a "Back" button.

Date Due	Class/Subject	Assignment Title	Notes
9/3/2001	Advanced Math	<a href="#">p. 23</a>	problems 1-15
	Advanced Math	<a href="#">p. 33</a>	problems 1-21 odd

12/24/2001	Advanced Math	<a href="#">Effort</a>	Effort grade for entire semester

# Student Progress Report

This is the most important report in TeacherEase. Parents can check their child's current scores and get details. They can praise a student doing well. They can motivate a student not working to their potential. They can get help for a struggling student.

The Student Progress Report also contains a list of each class and graded assignments (Click **Show Details**) and a list of missing homework that your child has not yet made up.

### Student Progress Details

Using this on-line student progress report, parents can quickly identify where the student is performing well and where they need improvement. They can praise or intervene as required. Students can also self-monitor and strive for the next grade level.

## Attendance

This page shows all the student's absences, tardies, etc.

## Announcements

We are not currently using this feature. To see daily announcements, visit [www.triopiacusd27.org](http://www.triopiacusd27.org) and click on the Daily Announcement link.

## Email

Parents can email teachers and administrators. They can better communicate with the school staff without playing "phone tag." Also, remember all teacher email addresses on the district website ([www.triopiacusd27.org](http://www.triopiacusd27.org)). Emails should be limited to 2-3 sentences or direct questions. More personal concerns should be handled in a phone or parent/teacher conference.

All emails sent through TeacherEase are logged.

The screenshot shows the 'TEACHER EASE' interface. At the top, there are navigation links for 'Main', 'Logout', and 'Support'. The main heading is 'Send Email to Teachers'. Below this, a message states: 'Parents can send email to their child's teacher (or school administrator). Teachers can respond when they're not in the classroom -- avoiding "phone tag."' The form includes fields for 'From:' (pre-filled with 'Mr. John Doe' <johndoe@parent.com>), 'To:' (a dropdown menu showing 'Mr. Math' <middlemath@sample.org>), and 'Subject:'. A large text area for the 'Body:' is provided. At the bottom of the form are 'Send' and 'Back' buttons.

## Behavior Logs

List of notes made by the teachers and administrators regarding student behavior.

## Update Email/Passwords

This feature allows parents to set their own private password or change their email address associated with TeacherEase.

## Real-Time Data

When teachers enter data into TeacherEase, it's automatically available to parents (teachers don't have to remember to upload it to the web). Parents can provide immediate reinforcement and modify student behavior since there's no delay.

## Foster Independence and Personal Responsibility

Discuss what you see with your child and encourage him/her to talk to the teachers if they have any concerns. In general, students should approach their teacher with questions before parents do.

## Student Login

Students that are interested in their own log in should complete the registration form on the Triopia website and submit it to the school secretary. Please allow 48 hours for activation.
