

ADVANCE NOTICE OF PESTICIDE TREATMENT

This notice is to be provided whenever a pesticide, other than a bait or gel formulation, is to be applied at this facility. The information will be posted using the methods identified in the annual Advisory To Parents.

Attention: Parents / Guardians of Students:

This facility utilizes an Integrated Pest Management approach for pest control, employing non-chemical methods that include sanitation and exclusion to control pests. However, from time to time a pesticide application may be necessary to control certain pests.

Please be advised that a pesticide is expected to be applied to control **weeds and fertilize**.

The approximate location of this pest control treatment is **athletic fields and lawns**.

The anticipated date of treatment will be **the week of April 4-8** (weather permitting).
