Acids, Bases and Salts						
Overview						
Suggested Time Frame: 9 weeks (adjust as necessary)						
How do acids and bases react and why?						
Activities	Texts	Domain-Specific Vocabulary	Reading/writing tasks			
Acid/base titrations, the effect of pH and pOH on chemical reactions and how they work. STANDARDS: CII-PS1-2, CII=PS1-7, CII-PS3-1AR, CII-PS3-2AR. CII-PS3-3AR, CII-ETS1-3	adopted texts, on-line supplements	titration, proton donor, hydroxide doner, Lewis acids and bases	Read and take notes, read lab directions, write lab report			
Resources	YouTube and TedTalks videos, textbook, lab supplies
