Kimball Area Public Schools makes every attempt to provide suitable resolutions and solutions in regards to all reported concerns. However, all outcomes may not be satisfactory to all parties involved. It is important to note federal and state law on data privacy and confidentiality restricts the school district from providing anything but public information on our student body. Please note a resolution to the satisfaction of all involved is the goal of the school district and is not an easy task. All avenues will be explored in attempting to do so.
