HEADPHONE SUGGESTIONS:
With our transition into customized learning in grades 3-5, the increased use of technology, and for sanitary purposes, we are asking that households provide their own headphones.

Students will use these headphones throughout their elementary career. Students are responsible for bringing their own headphones. We will label them at school to ensure that they are not misplaced. If a student’s headphones break, they will be responsible for replacing them.

If possible, please purchase headphones that have a longer straight jack. This will help the headphones plug in to whichever iPad case your child’s grade is using. We recommend that grades K, 1 and 2 purchase over ear headphones. Grades 3-5 can purchase either over ear headphones or earbuds.

Please avoid the following features when purchasing headphones:
- Blue Tooth capability
- Wireless headphones
- Large headphones such as Beats, Bose, etc.
- “L” shaped jacks (these do not work well with our iPad cases
