

The Board wishes to ensure that all students successfully completing the same programs offered by BOCES be awarded the same number of units of credit for that purpose by their respective school districts.

After consultation with component boards of education, superintendents of schools and high school principals, the BOCES establishes the following credit schedule:

1st year -       3 credits (Occupational Education)  
                  ½ credit (Introduction to Occupations)

2nd year -       3 credits (Occupational Education)  
                  ½ credit (Introduction to Occupations)

Students successfully completing a Related Math Program will receive:

2 credits (Occupational Education)  
½ credit (Introduction to Occupations)  
1 credit (Related Math)
