

Community Education Before Care & After School Program

Parent/Student handbook is available online at BryanCountySchools.org/o/ComEd

The Bryan County School System is pleased to offer both a limited Before School and After School Program for students in pre-kindergarten through eighth grade who are enrolled in the school system. Coordinated by the Community Education Office, the program is self-supporting and relies on weekly tuition fees for funding.

Both the Before School and After School Program (ASP) provide a safe, supervised environment staffed with qualified instructors. In addition, the After School Program offers students an opportunity to begin homework, enjoy fun enrichment activities and attend extracurricular activities provided by the Community Education Office.
