### **Our Vision:**

Mitchell County Schools will be a school district in which every student will graduate, become locally and globally competitive, and be college/career ready.

### **Our Mission:**

Our mission is to collaborate with families and community partners to provide a safe, caring, and engaging learning environment that prepares graduates to become responsible citizens in a diverse, global society.

## **INTRODUCTION**

The Mitchell County Board of Education is committed to discipline practices that encourage the development of self-control, personal responsibility, and respect for the dignity of all individuals. The Board is committed to maintaining effective discipline in order to establish positive learning environments within which students have the opportunity to receive an appropriate public education. In order for effective discipline to be maintained in each school, the Board acknowledges that cooperative relationships must be established among students, parents, and school personnel.

Each is expected to work positively toward this goal and to respect the individuality and the rights of all people. Parent/Guardian, student, and school personnel are also expected to deal effectively with behavioral concerns. To carry out this commitment, the Board established the following responsibilities and student behavior guidelines for all students system-wide in grades K-5 and 6-12.

Efforts will be made to identify at-risk students early for potential disciplinary problems. When it is recognized that a student is behaving in a manner, which indicates potential disciplinary problems, school personnel shall make reasonable efforts to initiate preventive measures. Preventive interventions should attempt to identify and address the sources and causes of the potential discipline problems. North Carolina MTSS is a multi-tiered system of support framework which promotes school improvement through engaging, research-based academic and behavioral practices. NC MTSS employs a systems approach using data-driven problem solving to maximize growth for all.

Possible preventive intervention procedures may include but are not limited to:

- Conferences with parents/guardians and school personnel
- Conferences with students
- Change of schedule or teacher
- Change of instructional methods
- Change of educational setting
- Use of daily or weekly progress reports to parents
- Visit by parents in the classroom
- Referral to building assistance teams (if available)
- Referral to appropriate support personnel (counselor, school psychologist, attendance counselor, school resource officer, social worker, juvenile justice)
- Referral to school-based assessment committee
- Referral to and/or consultation with community agencies
- Referral to the Mitchell County Alternative School
- Use of Peer Mediation (if available)

## **STUDENT CODE OF CONDUCT**

It is the belief of the Mitchell County Schools that every child has the right to learn in a safe and orderly environment. The school board, the superintendent, school administrators, teachers, parents, and students share the responsibility of providing that environment. The following student code of conduct has been developed to provide a comprehensive list of expectations for student behavior and consequences for violating those expectations. The regulations have been written in accordance with N.C. General Statutes 115C-390 and 391.

## **RESPONSIBILITIES**

### **Board of Education Responsibilities**

1. To adopt a fair and consistent student code of conduct, which establishes clear standards of student behavior.

2. To ensure, through the superintendent of schools, that there is a fair and consistent application of the student code of conduct by school employees.

### **Parent/Guardian Responsibilities**

Parents are responsible for providing a home atmosphere that enhances the child's total development. Parents should know the school's rules and regulations and support the school's discipline efforts. Parents should see that their child attends school regularly, and parents should regularly schedule and attend parent-teacher conferences. Parents should contact school officials whenever the need arises (Policy Code #1310/4002 – *Parental Involvement*).

1. To assume legal responsibility for the child's behavior as determined by law and community practice and to ensure that the child is familiar with the discipline policy and regulations.
2. To teach the child self-discipline, respect for authority, and the rights of others.
3. To make sure that the child attends school regularly and that the school receives the notification of the reason for absences when the child cannot attend.
4. To work to the best of his/her ability to provide the materials and a positive home learning environment for the child to succeed in school.
5. To maintain communication with the school and provide the school with a current address and a current telephone number through which he/she may be reached during the school day.
6. To respond quickly and come to school to get the child when called upon.
7. To be available for conferences when requested.
8. To cooperate with the school staff to develop strategies to benefit the child.

### **Student Responsibilities**

Each student has the right to attend the public schools of Mitchell County and must accept the consequences for his/her actions. Each student is responsible for knowing all regulations and policies, which may affect him/her, and for following those regulations. Students share with school officials the responsibility of maintaining order at school through their compliance with all lawful directions of principals, teachers, substitute teachers, teacher assistants, and other school personnel authorized to give directions (Policy Code #4310 – *Standards of Expected Student Behavior*). In addition to any standards established by the school, the following behaviors are specifically prohibited as a violation of the standards of integrity and civility:

1. To be aware of and abide by system-wide policies, regulations, and school guidelines regarding acceptable behavior.
  2. To be responsible for one's own behavior.
  3. To conduct oneself in a manner that is conducive to learning and does not interfere with the teacher's right to teach or the student's right to learn.
  4. To refrain from disruptive behaviors which violate the personal, civil, and property rights of all members of our school community; including the use of physical force, verbal abuse, sexual harassment, blackmail, the use, sale or exchange of alcohol or drugs, stealing, vandalism, and other illegal activities.

8. To immediately comply with any staff members' reasonable request to carry out school rules.

## STUDENT EXPECTATIONS

All students are expected to demonstrate integrity, civility, responsibility, and self-control. This expectation is related directly to the Board's educational objectives for students to learn to be responsible for and accept the consequences of their behavior and for students to respect cultural diversity and ideological differences. ## FOCUS ON STUDENTS

To support students in their formal education, each school should strive for a learning environment in which: school grounds, buildings, and classrooms are safe, orderly, clean, and inviting -students learn and practice responsible behavior -students are treated fairly; and -students have input in decisions affecting them when feasible (Policy Code #4000 – *Focus on Students* – Legal Reference G.S. 115c-36).

---

### PURPOSE

The basic purpose of the Student Code of Conduct for elementary and secondary schools is to help establish and maintain a safe and orderly environment that must prevail if learning occurs. As it applies to these guidelines, the term schools' refers to all school buildings, parking areas, and properties. These rules are in effect at any school function or a school-sponsored activity and while students are waiting for, riding, or leaving the bus.

### ADMISSION TO THE MITCHELL COUNTY SCHOOLS

Persons under the age of twenty-one (21) years who are domiciled in the Mitchell County School System Administrative Unit (Policy Code #4120 – *Domicile or Residence Requirements*), who have not been removed from any school for cause, or who have not obtained a high school diploma, are eligible for enrollment in the Mitchell County School System.

No student currently under suspension or expulsion from either a public or private school for any action that would have resulted in a suspension or expulsion from the Mitchell County Schools will be admitted into the Mitchell County School System until he is eligible for readmission at his previous school (Policy Code #4115 – *Behavior Standards for Transfer Students*).

The Mitchell County School System reserves the right to place any transferring student into the Mitchell County Grad Center, Mitchell County Distance Learning Center, or the Mitchell County Alternative Learning Center whenever it matches the student's most recent school placement; giving the student the best possibility of earning credit; or is in the best interest of school operations.

### STUDENT BEHAVIOR GUIDELINES

Ensuring the safe, secure, and orderly operation of the Mitchell County School System while maintaining an atmosphere conducive to teaching, learning, and quiet study, is a major responsibility of school administrators teachers, parents, and students.

Each school campus will operate by a mutual "Code of Respect." This "Code of Respect" states: All students will have respect for themselves and respect for others and their rights. All students will respect the diversity of others. All students will not cheat or engage in any other inappropriate activity. All students will utilize appropriate language. All students will dress appropriately. (*The principal at each school will determine appropriate dress, but students are not permitted to wear/display symbols or other items that are or would be perceived to be disruptive.*) All students will contribute to a safe and positive climate. All students will act in a manner conducive to learning.

Each school administrator has the authority to remove any student from any elected/appointed school leadership position or from any school team or club (athletic or otherwise) if the student's actions, on or off the campus, are of such nature that in the eyes of the principal, the student would not be a good representative of the school to the public.

### ROLE OF TEACHERS AND ADMINISTRATORS IN SCHOOL SAFETY AND STUDENT DISCIPLINE

State law requires a principal or designee to immediately report to law enforcement agencies (sheriff or police) certain acts that occur on school property. When the principal has personal knowledge or actual notice that one of the acts listed below has occurred on school property, the principal shall immediately report the act to the appropriate local law enforcement agency. For purposes of this subsection, "*school property*" shall include any public school building, bus, public school campus, grounds, recreational area, or athletic field in charge of the principal. (G.S. § 115C-307(a). Teachers and other school employees have a legal obligation to report these same acts to the principal. (G.S. § 115C-288(g). Required reportable acts are as follows:

#### **DISCLAIMER**

School-based administrators reserve the right to handle any incident that is not covered or mentioned in this handbook in a timely and appropriate manner. Serious or repeated violation of one or more rules would suggest a need for strong parent-student-administrator communication, coordination, and consideration of outside assistance, and may result in suspension and possible recommendation for long-term suspension or expulsion. The severity of the offense will be taken into consideration when determining consequences.

#### **SYSTEM-WIDE UNIFORM CONSEQUENCES FOR MISCONDUCT**

The principal or his designee shall investigate and deal with incidents of alleged misconduct of students whenever:

- a student discipline problem is referred, or
- the alleged misconduct violates the Student Code of Conduct, or
- the principal determines that a situation exists which could pose a danger to persons or property or which seriously disrupts the learning environment.

The use of the following disciplinary consequences is based on the assumption that teachers and/or other student support personnel have utilized reasonable and available disciplines alternatives and preventive measures prior to referring the student to the principal or that the student's behavior presents harm or a significant risk of harm or a threat to the orderly operation of the school.

The principal or his/her designee shall have the authority to suspend for ten days or less any student who violates the Student Code of Conduct by applying the System-wide Uniform Consequences for Misconduct. The principal or his/her designee may suspend a student for more than ten days with prior approval of the superintendent following an infraction of the Student Code of Conduct. School personnel may use reasonable force to control behavior or to remove a person from the scene in those situations when necessary:

- to quell a disturbance threatening injury to others;
- to obtain possession of weapons or other dangerous objects on the person, or within the control of, a student;
- for self-defense; or
- for the protection of persons or property.

#### **GENERAL STATEMENTS**

- a. Parents will be held personally and financially responsible for any cost associated with the injury and/or damage that result from inappropriate behavior of their minor children.

- b. The Mitchell County Board of Education will not permit a student to pose a threat or constantly disrupt the learning environment in a school.
- c. Repeated violations or very serious occurrences of infractions listed below may result in harsher remedies than those prescribed below.

### **ATHLETIC PARTICIPATION**

Students assigned in Out-of-School Suspension (OSS), or are enrolled in the Mitchell County Alternative School may not participate in or be in attendance at any extracurricular activities, including athletic practices and club activities, whether home or away, during the period of suspension.

Any student who is subject to the NCHSAA eight-semester rule who (1) is convicted of a crime classified as a felony under North Carolina or federal law, or (2) is adjudicated delinquent for an offense that would be a felony if committed by an adult, is not eligible to participate in the North Carolina High School Athletic Association sports program.

A student transferred from one high school to another forfeits, for one year, varsity athletic eligibility in any sport in which the student was on a varsity eligibility roster at their former high school during the immediately preceding year to the transfer approval. This does not apply to students who make a legitimate change of domicile to another school attendance zone. Complete athletic guidelines are addressed later in this handbook (Policy Code #4375 – *Athletic Discipline*).

The administrator always has the option to use an intervention from a subordinate level, however, the disciplinary options suggested within the considered level of behavior are recommended. Behavior or activity jeopardizing the safe operation of the school bus or interfering with the welfare of other vehicle occupants is prohibited. The school bus operator will verbally report promptly to the appropriate administrative staff and document in writing why the conduct requires disciplinary action. After the administrative staff evaluates, appropriate disciplinary action will follow. A copy of the misconduct report will be returned to the school bus operator. Generally, misconduct on a school bus will not deny a student access to the classroom. School suspension, including expulsion, will occur only in special cases of misconduct that warrant this type of action.

### Video Cameras

School buses are now equipped with video cameras. This tool monitors the passenger area of the bus. The objective is to provide an important additional tool to assist the driver in managing student conduct on school buses, which is an important safety consideration that benefits all.

## **ATTENDANCE / TRUANCY**

Regular school attendance is of crucial importance for educational achievement. The learning experiences that occur in the classroom are essential components of the learning process and time lost from class tends to be irretrievable in terms of opportunity for instructional interaction. Students should attend school every day, and the responsibility for regular attendance resides with the parents/guardians and the individual student. If a parent fails to assure the child's attendance at school, the parent may be prosecuted for violating the compulsory attendance law (Policy Code #4400 - Attendance). In order to receive the optimum educational experience, students must be in regular attendance for the entirety of the school day.

### **Compulsory Attendance Law Reporting**

The principal shall notify parents and take all other steps required by [G.S. 115C-378](#) for excessive absences. Students may be suspended for up to two days for truancy.

- a. After a student has accumulated three unexcused absences, the principal or his/her designee shall notify the parent/guardian of the child's excessive absences. The principal will explain what is excused and unexcused absences.
- b. After not more than six unexcused absences, the principal or his/her designee shall notify the parent/guardian that he/she may be in violation of the Compulsory Attendance Law and may be prosecuted if the absences cannot be justified under the established attendance policies of the state and local boards of education. Once parents are notified, the school social worker shall work with the child and his/her family to analyze the causes of the absences and determine steps to
- c. After ten accumulated unexcused absences in a school year, the principal and his/her designee shall review any report or investigation prepared under G.S 115C-381 and shall confer with the student and his/her parent/guardian, if possible, to determine whether the parent/guardian has received notification pursuant to this section and made a good faith effort to comply with the law.

If the principal or his/her designee determines that the parent/guardian has not made a good faith effort to comply with the law, the principal or school social worker shall notify the district attorney and the director of social services of the county where the child resides. Documentation that demonstrates that the parent/guardian was notified and that the child has accumulated ten absences which cannot be justified under the established attendance policies of the local board shall constitute *prima facie* evidence that the child's parent/guardian is responsible for the absences. Upon receiving the notification by the principal by the principal or his/her designee, the director of social services shall determine whether to undertake an investigation under G.S. 7B-302.

If the principal or his/her designee determines that the parent/guardian has made a good faith effort to comply with the law, the principal or school social worker may file a complaint with the juvenile court counselor pursuant to Chapter 7B of the General Statutes that the child is habitually absent from school without a valid excuse.

### **Elementary School (Grades K-5)**

As a local promotion standard, students in Mitchell County elementary schools are required to be in attendance at least 94% of the school year (that is, no more than 10 absences during a 180-day school year) in order to be promoted to the next grade. A student absent for more than ten days shall be referred to the principal/designee for possible retention.

Upon the 6<sup>th</sup> absence (excused or unexcused) the principal or designee will notify the parent of the school's concern and interventions necessary for student success.

If the principal determines retention is necessary based on attendance, the parent/guardian will be notified in writing. The parent/guardian will have five days to appeal the principal's decision. Written documentation must be provided to the principal and must be based on appropriate reasons for the absences and completion of all make-up work. If summer school attendance is determined to be appropriate, a final decision regarding the promotion will be made following the summer school session.

For the purpose of promotion and retention of elementary school students, 10 tardies and/or early dismissals equal one day's absence.

### **Middle School (Grades 6-8)**

As a local promotion standard, a middle student may not miss more than 10 days of school a year or must be present more than 94% of the days he/she is enrolled in a Mitchell County middle school. The student must make up time for each day of absence over ten days during the school year. When a student accumulates more than 5 absences, he/she

may begin to attend make-up sessions/days as designated by the school. Make-up sessions could include before and after school learning labs, workdays, and summer school.

When a student has been absent for more than 10 days and has failed to make up the time missed, he/she will be referred to the principal/designee as a candidate for retention. The principal/designee will notify the parent of the school's concern and will inform the parent of the attendance requirements in regard to the local promotion standard.

If the student has accumulated more than 10 absences and has not made up the required time by the end of the last grading period, he/she will be retained in the current grade. The decision to retain may be re-evaluated before the beginning of the fall term, based on the student's participation in opportunities for make-up time, such as summer school.

If the student has fulfilled the make-up requirement, the decision may be made to promote him/her to the next grade level.

For the purpose of promotion and retention of middle school students, 5 tardies and/or early dismissals equal one day's absence.

Parents/Guardians who feel that extenuating circumstances have resulted in their child missing more than 10 days, may request an attendance waiver through the school attendance committee. Waiver requests must be submitted within 5 days of return to school or no later than the current 9 weeks. The committee will review the waiver requests and determine if the student must make up the missed days.

### **High School (Grades 9-12)**

Students absent from school and or individual classes more than three (3) times during any nine-week period or more than 6 per semester (whether excused or unexcused) will receive a "55" for the specific nine-week period. For the "55" (failure due to attendance) to be removed, time and work must be made up by the time specified by the principal.

High school students must make up class time on an hour-for-hour basis. It is important for students to begin making up time immediately after each absence. Make-up classes are organized by the principal and may be offered before school, after school, or on Saturday morning. The school system may provide additional make-up opportunities during the extended days and/or a summer program. Make-up classes will be designed specific to student needs and/or compensate for time missed due to absences.

Parents/Guardians who feel that extenuating circumstances have resulted in their child missing more than 10 days, may request an attendance waiver through the school attendance committee. Waiver requests must be submitted within 5 days of return to school or no later than the current 9 weeks. The committee will review the waiver request and determine if the student must make up the missed days.

The *total* number of absences for a semester cannot exceed six (6) excused or unexcused. If a student is absent from school and/or individual classes more than six times, he/she will not receive credit for the course(s) unless make-up classes are completed or the school attendance committee grants a waiver.

### **MAKE-UP WORK OPPORTUNITIES**

All students are required to make up missed work regardless of whether the absence is excused or unexcused or short-term out-of-school suspensions. (See also policy 4351 Short-Term Suspension). The school will determine when work is to be made up. The student is responsible for finding out what assignments are due and complete them within the specified time period. The principal will implement specific procedures for students to make up work.

### **OTHER**

Occasionally unique or unusual situations arise which are not specifically addressed by this policy. Principals shall consult with the superintendent to develop appropriate alternatives on a case-by-case basis.

Students with excused absences due to documented chronic health problems are exempt from this policy.

### **ATTENDANCE REQUIREMENTS FOR CREDIT AND PROMOTION**

- A high school student on the block schedule must be in attendance for a minimum of 120 hours per class to obtain credit in each course.
- A high school student on the traditional schedule must be in attendance for a minimum of 120 hours per class to obtain credit in each course.
- A middle school student must be in attendance for a minimum of 960 hours to be considered for promotion to the next grade.

- An elementary school student must be in attendance for a minimum of 960 hours to be considered for promotion to the next grade.
- Excessive absences can result in high school course failure or non-promotion in grades K-8.
- Educational opportunities will be available for students who need to make up days because of excessive absences. You should contact your school for information on the makeup sessions.

## REASSIGNMENT INFORMATION

Individuals who wish to transfer to another school within the county must follow the reassignment process outlined below. While it is our desire to accommodate as many requests as possible, we must be cautious not to exceed the space available at each grade level (Policy Code #4400 Attendance).

- Timeline – Applications only need to be completed when students are switching schools. An example would be a student moving from an elementary school to a middle school.
- Eligibility – Eligibility means that a student must be in good standing with their previous school, with records of good attendance and good behavior. Both principals must sign the application and then the Mitchell County School Board must approve.
- Athletic eligibility – A student transferred from one high school to another forfeits, for one year, varsity athletic eligibility in any sport in which the student was on the varsity eligibility roster at their former high school during the immediately preceding year to the transfer approval.
- Transportation – The parent/legal guardian custodian shall be responsible for transportation of the student for any approved reassignment request.

## **USE OF TOBACCO PRODUCTS**

A student shall not be permitted to smoke, possess, or use tobacco or tobacco products, E-cigarettes, or vapes on the school grounds or in any facility. Mitchell County Public Schools and grounds are "tobacco free" (Policy Code #4320 – *Tobacco Products – Students*).

## **Board Policy 4318: Wireless Communication and Electronic Devices**

The board recognizes that cellular phones have become an important tool through which people communicate with their children. Therefore, students are permitted to possess cellular phones and other wireless communication devices on school property as long as such devices are not activated, used, displayed or visible during the **instructional day in the elementary schools**, during **instructional time at the middle and high school**, or as otherwise directed by local school rules or school personnel. Wireless communication devices include, but are not limited to, cellular phones, paging devices, two-way radios, smart watches and similar devices.

It is unlawful to intentionally point a laser device at the head or face of another person. Students may not possess and/or use in school or on school property any laser pointer or similar device. Devices could be confiscated if found out or in use, including text messaging or taking pictures, during the instructional day. Disciplinary action in this area shall be handled by the local school administration, in accordance with their school rules (Policy Code #3320 – *Technology in the Education Program*). Any violation of this Policy shall be a violation of the Student Conduct/Discipline Code and/or Student Conduct on School Buses Code.

## **CELL PHONES AND WIRELESS COMMUNICATION (G.S. 115C-391 and G.S. 115C-36)**

The Board of Education regards the possession of a wireless communication and/or electronic device as a privilege. The use of these devices can also be a disruption to the instructional process and create a safety hazard.

Students and parents assume the risk of loss when an electronic device is brought onto school grounds for any reason. The school system is not responsible for the loss of, theft of or damage to any wireless communication and/or electronic device, including any such device confiscated by school personnel. Nothing in this policy shall prevent a principal from immediately banning from school the possession of any item or device when used in the violation of a specific provision of the code of student conduct for which a more stringent punishment is warranted.

No elementary student shall have in use or view during the school day any wireless communication and/or electronic device, including but not limited to cell phones, laser pointers, paging devices, two-way radios, iPods, any device possessing photographic capabilities, CD/MP3 players, electronic games, PDA, Bluetooth device, or other communication and/or electronic devices not specified capable of the same or similar functions. All devices shall be stored in such a manner as to make them inaccessible during the instructional day.

Except as provided below, no high school (9<sup>th</sup>-12<sup>th</sup> grade) or middle school student (6<sup>th</sup>-8<sup>th</sup> grade) shall use or have in view during the instructional time any wireless communication and/or electronic device, including but not limited to cell phones, laser pointers, paging devices, two-way radios, iPods, any device possessing photographic capabilities, CD/MP3 players, electronic games, PDA, Bluetooth device, or other communication and/or electronic devices not specified capable of the same or similar functions. All devices shall be stored in such a manner as to make them inaccessible during the instructional time.

Each principal will adopt rules on the possession and use of wireless communication and/or electronic devices on regular school bus routes. The use of such devices on activity buses is at the discretion of the sponsor/coach in charge of the activity bus.

With prior approval from the principal, elementary, middle, and high school teachers may use and/or lead students in the use of electronic and wireless devices as an instructional tool during the instructional day. Any electronic communications between staff and students should be school related.

School administrators have the right to conduct searches of students upon reasonable suspicion to ensure the enforcement of this Policy. Any school staff member witnessing a violation of this Policy at his/her school shall report it to a school administrator immediately.

An "offense" shall occur each time this Policy is violated regardless of the specific device or devices involved. However, the possession of multiple devices at one time shall be regarded as one offense.

- First offense – return device to the student at the end of the school day
- Second offense – return device to the parent at the end of the school day
- Third offense – return the device after 10 days
- Fourth offense – return the device after 45 days

- 1. The possession or sale of an alcoholic beverage or an illegal controlled substance on school property.**
- 2. The possession or use on school property of a weapon or firearm that resulted in disciplinary action under G.S. 115C-391(d1) or that could have resulted in that disciplinary action if the conduct had occurred in a public school.**
- 3. The physical assault on a teacher or other school personnel on school property.**

#### **TRESPASSING**

No student shall be on campus of any school except the one to which the student is assigned during the school day without the prior knowledge and consent of the officials of that school. Students who loiter at any school after the close of

the school day without special need or the proper supervision are trespassers and may be prosecuted if they do not leave when instructed to do so. A student under suspension from school is trespassing if he/she appears on the property of any school during the suspension period without the express permission of the principal (Policy Code #4330 – *Theft, Trespass and Damage to Property*).

Students shall refrain from the purchase, possession, distribution or use of any banned or controlled substance including but not limited to: marijuana, narcotics, stimulants, depressants, counterfeit form of an illegal substance, alcoholic beverages or any other unauthorized or illegal substance or drug paraphernalia. #### **MEDICATION POLICY SUMMARY** (Policy Code #6125 – *Administering Medicine to Students*)

This is a brief summary and explanation of Mitchell County Schools' policy with regard to medication. All medication that can be given outside school hours without adversely affecting the health of the student should not be given at school. When it becomes necessary to give medication at school, the following requirements apply:

- Medication must be in the original container or pharmacy bottle and clearly labeled with the student's name, the name of the medicine and how the medicine is to be given.
- Medication can be given only after the parent has signed a permission form.
- All medication that is to be given long-term (more than 14 days) must have authorization from the student's health care provider. This includes over-the-counter and self-administered medication.
- Self-administered medication requires a form signed by the student, parent, principal and school nurse.
- Parents should deliver medication to school rather than have the child carry it to school. Parents should also pick up any remaining medication. All medication will be discarded within seven (7) days after last administration and at the end of the school year. Alternative arrangements can be made on an individual basis if the principal deems undue hardship for the parent (guardian).

Your help by following these requirements is greatly appreciated as we strive to meet your child's health needs while also meeting his/her educational needs.

## **APPENDICES**

### **A. Definition of Terms**

#### **1. In-School Suspension (ISS): Usually short-term (1-10 days), but can be longer for special circumstances.**

During an in-school suspension, the student will work on his regular school assignments, will be counted in attendance, and will receive his earned grades.

- The decision of the principal is final in terms of ISS suspension.
- Board policy and North Carolina Law do not allow for any appeal of in-school suspensions.
- Time spent in ISS applies only to days school is in session for students. Teacher workdays, weekends, holidays, and school days missed due to inclement weather do not count toward the completion of an ISS.

#### **2. Short-Term Out-of-School Suspension (OSS): Lasts from 1-10 days**

The principal shall send a written notification to the parents or guardians informing them of their child’s suspension. Short-term out-of-school suspensions for students in grades 6-12 could be served in the Mitchell County Alternative School that is located at the Mitchell County Board of Education. While in attendance at Mitchell County Alternative School, which is located on the Mitchell High School Campus, the student will be counted in attendance, work assignments will be provided, and the student will receive his earned grades.

Following any short-term out-of-school suspension, students shall have the opportunity to take any quarterly, semester, or grading period examinations missed during the suspension. Students shall also have the opportunity to: 1) take their textbooks home for the duration of the suspension; and 2) have access to homework assignments.

- The decision of the principal is final in terms of short-term OSS suspension.
- Board policy and North Carolina Law do not allow for appeal of any short-term (1-10 day) out-of-school suspensions.
- Opportunities may be provided for partial academic credit at the Mitchell County Schools Graduation Center.

- Students assigned to OSS or Alternative School are not permitted to participate in or be in attendance at any extracurricular activities during the assigned time. The suspension does not end until midnight of the last day assigned.

#### **3. Long-Term Out-of-School Suspension: Lasts from 11 to remainder of the school year**

Following any long-term out-of-school suspension, students shall have the opportunity to take any quarterly, semester, or grading period examinations missed during the suspension. However, announced tests, “pop” tests, and daily grades missed during the suspension are not subject to the required “makeup” opportunities, and zero grades

will be earned.

- The decision for the implementation of a principal recommended long-term suspension rests with the Superintendent.
- Any student receiving a long-term out-of-school suspension shall not return to campus and shall not be on any other property of Mitchell County School System, nor shall he attend any athletic contests or any extracurricular student activities during the suspension period.
- Time spent in OSS applies only to days when school is in session for students.
- Teacher workdays, weekends, holidays, and school days missed due to inclement weather do not count toward the completion of an OSS assignment.

#### **4. Expulsion: The Permanent and Indefinite Exclusion of a Student from School**

The decision for the implementation of a principal recommended expulsion rests with the Superintendent and the Board. An expulsion is the permanent removal of a student from school. The expelled student shall be permanently prohibited from returning to the school system unless the School Board reverses its decision. A student may not apply for readmission until six (6) months have passed. The student may then apply on the following July 1.

A student may be expelled only if:

- the student is at least 14 years of age; and
- the continued presence of the student in school constitutes a clear threat to the safety and health of other students or school employees; or
- the student is found guilty of a Felony in North Carolina or any other state.

#### **5. Alternative to Suspension**

Students who misbehave may be given the opportunity to take responsibility for the behavior, and to restore damaged relationships and material losses through a variety of agreed upon strategies.

### **B. Due Process Procedures for Long-Term Suspension and/or Expulsion**

The school administrator shall conduct an investigation of the reported incident. The student shall be informed of the charges and of the administrator's decision to issue a ten (10) day Out-of-School Suspension.

Parent(s), legal guardian(s), or legal custodian(s) shall be notified immediately in writing, of the suspension and the additional recommendation of a long-term suspension (remainder of semester/year) to the Superintendent. Information specifying the appeal process shall be included in this correspondence.

The school administrator shall: 1) notify the Superintendent in writing of the recommendation of long term suspension; 2) include a copy of correspondence mailed to the student's parent(s), legal guardian(s), or legal custodian(s); and 3) shall schedule a hearing, at which the administrator's decision may be appealed. The appeal process is required.

A five member Appeal Hearing Committee shall be appointed. The school administrator shall appoint three (3) staff members, one whom will be the committee chair. The student shall choose two (2) additional committee members. If the student refuses to choose any committee members, the school administrator shall choose all five.

The school administrator shall notify the student's parent(s), legal guardian(s), or legal custodian(s) in writing, by letter, of the scheduled time, date, and location of the hearing. The scheduled time shall not exceed ten (10) school days from the date of the first day of the suspension, unless mutually agreed upon by both parties. In addition, notice will advise the student of his rights during the hearing:

- a. right to legal advisor at his own expense;
  - b. right to have and to question witnesses;
  - c. right to make a statement in his own behalf;
  - d. right to review any documents being used as part of the hearing;
- and,
- e. right to present evidence on his or her behalf.

The Appeal Committee Chairperson shall convene and conduct the hearing, which shall be recorded by audiotape. The hearing shall be closed to the public. At the conclusion of the hearing, the Committee shall consider all evidence presented and formulate a recommendation, which shall be submitted in writing within 24 hours to the Superintendent. The recommendation may be to uphold or deny the administrator's recommendation.

The Superintendent shall review the committee's report and findings and render a decision communicated in writing, by letter, to the student's parent(s), legal guardian(s), or legal custodian(s) within three (3) school days of receiving the Committee's recommendation.

For long-term suspension, the parents or guardians must request an appeal to the Board of Education, in writing, within

three (3) days of receipt of the Superintendent's decision. For expulsion, the parents or guardians must request a hearing before the Board of Education, in writing, within five (5) days of receipt of the Superintendent's recommendation. If the parents, legal guardians, or legal custodians wish to appeal the Superintendent's decision, they may do so in writing to the Chairperson of the Mitchell County Board of Education. The completed record will be certified to the Mitchell County Board of Education by the Hearing Committee Chairperson. The Board shall consider the matter in closed session at a special called meeting, or at its regularly scheduled meeting, at the discretion of the Board Chair.

The Board shall review the Superintendent's recommendations and the record of the hearing. The student and the parent(s), legal guardian(s), or legal custodian(s) may present a written statement and may be allowed ten (10) minutes to make oral comments to the Board. The Mitchell County Board of Education shall render a written decision by mail within a reasonable period of time. The decision of the Board is final.

### **C. Disciplinary Suspension of Students with Disabilities**

In most circumstances, when a student with disabilities violates a code of student conduct that warrants suspension from school for ten (10) school days or less in a given school year, the school may follow its normal disciplinary procedures. School personnel may consider any unique circumstances on a case-by-case basis when determining whether suspension is appropriate. Circumstances considered should include area of disability, functioning level of the student, intent of the behavior, and other relevant factors.

After a student with a disability has been removed from his or her current placement for ten (10) school days in the same school year, during any subsequent days of removal, the school must provide services to the extent required by N.C. Policies.

In-School-Suspension (ISS) and assignment to Mitchell County Alternative School do not count in the ten (10) days total as long as the student receives his or her special education and related services, as set forth in the child's IEP.

Suspension from bus transportation is counted as any other suspension if the bus suspension results in the student not being able to get to school by other means. Any determination suspending a student from transportation that receives transportation as a related service under the student's IEP can only be made by the student's IEP team.

#### **Suspensions Greater Than Ten (10) Cumulative School Days**

If the current removal is for not more than ten (10) consecutive school days, and is not determined to be a pattern of removals that constitutes a change in placement, school personnel, in consultation with at least one of the student's teachers, may determine the extent to which services are needed to enable the student to continue to participate in the general curriculum, although in another setting, and to progress toward meeting the goals of the IEP.

#### **Suspensions Greater Than Ten (10) Consecutive School Days**

Within ten (10) school days of any decision to change the placement of a student with a disability because of a violation of a code of conduct, the IEP team must review all relevant information in the student's file, including the student's IEP to determine (1) if the conduct in question was caused by, or had a direct and substantial relationship to the student's disability (a manifestation of the disability) or (2) the conduct in question was the direct result of a failure to implement the IEP.

If the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the student's disability, school personnel may apply the relevant disciplinary procedures in the same manner and for the same duration as the procedures would be applied to students without disabilities. The student must continue to receive educational services and receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation to prevent recurrence.

If the behavior in question was determined to be a manifestation of the student's disability, the IEP Team must conduct or review a functional behavior assessment and implement or continue a behavioral intervention plan. The student must return to the placement from which the student was removed, unless the parent and the LEA, through the IEP process, agree to a change of placement.

#### **Special Circumstances**

School personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the student's disability, if the violation of the school code involved possession of a weapon; possession, including use or sales, of an illegal drug; or serious bodily injury. Upon the end of the removal, the student shall be returned to the placement from which he or she was removed, unless the parent and the LEA, through the IEP process, agree to a change of placement.

### **Searches of Students, Students' Possessions and Lockers**

Students do not give up their constitutional rights when they come to school or attend school events. The Supreme Court of the United States has established a standard whereby students may be searched. The Mitchell County School System will comply with that standard in all student searches. Students may be searched when a "reasonable suspicion" has been established that the student may have illegal items secreted on their person, in their personal car, or in other personal possessions. Other searches may occur, which include but are not limited to, metal detectors and drug detecting canines. Student lockers are the property of the Mitchell County School System and are subject to routine inspection without student permission. Students do not have an expectation of privacy in a locker issued to them by the school. Searches may be conducted by school administrators in accordance with Board of Education Policy (Policy Code #4340 and #4342 – *School Level Investigations*).

### **Lose Control, Lose Your License Legislation**

Effective July 1, 2000, students given an expulsion/suspension for more than 10 consecutive days for one of the three reasons listed below are subject to having their permit/license suspended for up to one calendar year. 1) The possession or sale of an alcoholic beverage or an illegal controlled substance on school property. 2) The possession or use on school property of a weapon or firearm that resulted in disciplinary action under G.S. § 115C-391(d1) or that could have resulted in that disciplinary action if the conduct had occurred in a public school. 3) The physical assault on a teacher or other personnel on school property. Students who are at least 14 years old or who are rising 8th graders are subject to this law. This law applies to all students, even to those exempted under Dropout Prevention/Driver's License Legislation. Unlike the Dropout Prevention/Driver's License Legislation law that ends when a student turns 18 years old, the "Lose Control" law does not stop at age 18 nor does it stop when the student graduates. Students who may lose their permit/license under this legislation may be eligible to regain the permit/license after a six-month period by displaying exemplary behavior in an alternative educational setting or having successfully completed a school district approved drug or alcohol treatment counseling program.

### **Non-Discrimination Statement**

It is the policy of the Mitchell County Public School System not to discriminate on the basis of race, ethnic origin, sex, or disability in its educational programs, activities, or employment policies as required by Title IX of the 1972 Education Amendments, Section 504 of the Rehabilitation Act of 1973, and Title II of the 1990 Americans with Disabilities Act (ADA).
