

PRE-PARTICIPATION PHYSICAL EVALUATION INSTRUCTIONS

STUDENTS/PARENTS

1. Complete the History Form (pages 1 & 2) portion PRIOR to your appointment with your healthcare provider.
2. Sign the bottom of the History Form (page 2).
3. Sign the bottom of the Medical Eligibility Form (page 4) AFTER the pre-participation evaluation is complete and PRIOR to turning in the completed PPE to the school.
4. Review the Student Eligibility Checklist (page 5) AND SIGN the bottom of the page PRIOR to turning in the completed PPE to the school.
5. Review and sign the Concussion and Head Injury Release Form provided by the school.

HEALTHCARE PROVIDERS

1. Review the History Form (pages 1 & 2) with the student and his/her parent/guardian as part of the pre-participation physical evaluation.
2. Complete the Physical Examination Form (page 3) AND SIGN the bottom of page 3.
3. Complete the Medical Eligibility Form (page 4) AND SIGN page 4.

NOTE: Two signatures are required by the healthcare provider!

SCHOOL ADMINISTRATORS

1. Collect the completed PPE forms with the appropriate signatures on pages 2 – 5.
2. Based on your school's policy, determine who is responsible to review and disseminate the student's medical information provided on the form.*
3. Complete the Shared Emergency Information section on the Medical Eligibility Form (page 4).
4. Provide copies of the Medical Eligibility Form to appropriate staff with supervisory responsibility of extracurricular activities (coaches, sponsors, etc.).
5. Collect the required Concussion and Head Injury Release Form signed by the student and parent/guardian.

* Schools are encouraged to have policies in place identifying who has access to a student's complete private health information found on the PPE form. The Medical Eligibility Form can be used independently to share with staff who may not need complete access to the private health information found on the PPE.

The annual history and the physical examination shall not be taken earlier than May 1 preceding the school year for which it is applicable. The KSHSAA recommends completion of this evaluation by athletes/cheerleaders at least one month prior to the first practice to allow time for correction of deficiencies and implementation of conditioning recommendations.

PRE-PARTICIPATION PHYSICAL EVALUATION

PPE is required annually and shall not be taken earlier than May 1 preceding the school year for which it is applicable.

HISTORY FORM (Pages 1 & 2 should be filled out by the student and parent/guardian prior to the physical examination)

Name Sex Age Date of birth
Grade School Sport(s)
Home Address Phone
Personal physician Parent Email

List past and current medical conditions:
Have you ever had surgery? If yes, list all past surgical procedures:
Medicines and Allergies:
Please list all of the prescription and over-the-counter medicines, inhalers, and supplements (herbal and nutritional) that you are currently taking:
Do you have any allergies? Yes No If yes, please identify specific allergy below.
Medicines Pollens Food Stinging Insects
What was the reaction?

Explain "Yes" answers at the end of this form. Circle questions if you don't know the answer.

Table with 3 columns: Question, YES, NO. Sections include: GENERAL QUESTIONS (4 items), HEART HEALTH QUESTIONS ABOUT YOU (6 items), HEART HEALTH QUESTIONS ABOUT YOUR FAMILY (3 items), BONE AND JOINT QUESTIONS (7 items).

KSHSAA PRE-PARTICIPATION PHYSICAL EVALUATION

MEDICAL QUESTIONS:		YES	NO		
22. Do you cough, wheeze, or have difficulty breathing during or after exercise?					
23. Have you ever used an inhaler or taken asthma medicine?					
24. Are you missing a kidney, an eye, a testicle (males), your spleen, or any other organs?					
25. Do you have groin or testicle pain, a bump, a painful bulge or hernia in the groin area?					
26. Have you had infectious mononucleosis (mono)?					
27. Do you have any recurring skin rashes or skin infection that come and go, including herpes or methicillin-resistant Staphylococcus aureus (MRSA)?					
28. Have you had a concussion or head injury that caused confusion, a prolonged headache, or memory problems?					
If yes, how many?					
What is the longest time it took for full recovery?					
When were you last released?					
29. Do you have headaches with exercise?					
30. Have you ever had numbness, tingling, weakness in your arms (including stingers/burners) or legs, or been unable to move your arms or legs after being hit or falling?					
31. Have you ever become ill while exercising in the heat?					
32. Do you get frequent muscle cramps when exercising?					
33. Do you or does someone in your family have sickle cell trait or disease?					
34. Have you ever had or do you have any problems with your eyes or vision?					
35. Do you wear protective eyewear, such as goggles or a face shield?					
36. Do you worry about your weight?					
37. Are you trying to or has anyone recommended that you gain or lose weight?					
38. Are you on a special diet or do you avoid certain types of foods or food groups?					
39. Have you ever had an eating disorder?					
40. How do you currently identify your gender?	<input type="checkbox"/> M	<input type="checkbox"/> F	<input type="checkbox"/> Other _____		
41. Over the last 2 weeks, how often have you been bothered by any of the following problems? (check box)		NOT AT ALL	SEVERAL DAYS	OVER HALF THE DAYS	NEARLY EVERY DAY
Feeling nervous, anxious, or on edge		0	1	2	3
Not being able to stop or control worrying		0	1	2	3
Little interest or pleasure in doing things		0	1	2	3
Feeling down, depressed, or hopeless		0	1	2	3
<i>(A sum of 3 or more is considered positive on either subscale [questions 1 and 2, or questions 3 and 4] for screening purposes) Patient Health Questionnaire Version 4 (PHQ-4)</i>					
FEMALES ONLY:		YES	NO		
42. Have you ever had a menstrual period?					
43. If yes, are you experiencing any problems or changes with athletic participation (i.e., irregularity, pain, etc.)?					
44. How old were you when you had your first menstrual period?					
45. When was your most recent menstrual period?					
46. How many menstrual periods have you had in the past 12 months?					

Explain all Yes answers here

I hereby state that, to the best of my knowledge, my answers to the above questions are complete and correct.

Parent or Guardian Consent

To be eligible for participation in interscholastic athletics/spirit groups, a student must have on file with the superintendent or principal, a signed statement by a physician, chiropractor, physician's assistant who has been authorized to perform the examination by a Kansas licensed supervising physician or an advanced practice registered nurse who has been authorized to perform this examination by a Kansas licensed supervising physician, certifying the student has passed an adequate physical examination and is physically fit to participate (See KSHSAA Handbook, Rule 7). A complete history and physical examination must be performed annually before a student participates in KSHSAA interscholastic athletics/cheerleading.

I do not know of any existing physical or any additional health reasons that would preclude participation in activities. I certify that the answers to the questions in the HISTORY part of the Preparticipation Physical Examination (PPE), are true and accurate. I approve participation in activities. I hereby authorize release to the KSHSAA, school nurse, certified athletic trainer (whether employee or independent contractor of the school), school administrators, coach and medical provider of information contained in this document. Upon written request, I may receive a copy of this document for my own personal health care records.

I acknowledge that there are risks of participating, including the possibility of catastrophic injury. I hereby give my consent for the above student to compete in KSHSAA approved activities, and to accompany school representatives on school trips and receive emergency medical treatment when necessary. It is understood that neither the KSHSAA nor the school assumes any responsibility in case of accident. The undersigned agrees to be responsible for the safe return of all equipment issued by the school to the student.

X Signature of parent/guardian _____ Date _____

ATTENTION PARENTS AND STUDENTS: KSHSAA ELIGIBILITY CHECKLIST

Student's Name _____

(PLEASE PRINT CLEARLY)

NOTE: Transfer Rule 18 states in part, a student is eligible transfer-wise if:

BEGINNING SEVENTH GRADER—A seventh grader, at the beginning of his or her seventh grade year, is eligible under the Transfer Rule at any school he or she may choose to attend. In addition, age and academic eligibility requirements must also be met.

BEGINNING NINTH GRADERS IN A THREE-YEAR JUNIOR HIGH SCHOOL—So that ninth graders of a three-year junior high are treated equally to ninth graders of a four-year senior high school, a student who has successfully completed the eighth grade of a two-year junior high/middle school, may transfer to the ninth grade of a three-year junior high school at the beginning of the school year and be eligible immediately under the Transfer Rule. Such a ninth grader must then, as a tenth grader, attend the feeder senior high school of their school system. Should they attend a different school as a tenth grader, they would be ineligible for eighteen weeks.

ENTERING HIGH SCHOOL FOR THE FIRST TIME—A senior high school student is eligible under the Transfer Rule at any senior high school he or she may choose to attend when senior high is entered for the first time at the beginning of the school year. In addition, age and academic eligibility requirements must also be met.

For Middle/Junior High and Senior High School Students to Retain Eligibility

Schools may have stricter rules than those pertaining to the questions above or listed below. Contact the principal or coach on any matter of eligibility. A student eligible to participate in interscholastic activities must be certified by the school principal as meeting all eligibility standards.

All KSHSAA rules and regulations are published in the official *KSHSAA Handbook* which is distributed annually to schools and is available at www.kshsaa.org.

Below Are Brief Summaries Of Selected Rules. Please See Your Principal For Complete Information.

- Rule 7 Physical Evaluation - Parental Consent**—Students shall have passed the **attached evaluation** and have the written consent of their parents or legal guardian.
- Rule 14 Bona Fide Student**—Eligible students shall be a **bona fide undergraduate member** of his/her school in good standing.
- Rule 15 Enrollment/Attendance**—Students must be regularly **enrolled and in attendance** not later than Monday of the fourth week of the semester in which they participate.
- Rule 16 Semester Requirements**—A student shall not have more than two semesters of possible eligibility in grade seven and two semesters in grade eight. A student shall not have more than eight consecutive semesters of possible eligibility in grades nine through twelve, regardless of whether the ninth grade is included in junior high or in a senior high school.
NOTE: If a student does not participate or is ineligible due to transfer, scholarship, etc., the semester(s) during that period shall be counted toward the total number of semesters possible.
- Rule 17 Age Requirements**—Students are eligible if they are not 19 years of **age (16, 15 or 14 for junior high or middle school student)** on or before August 1 of the school year in which they compete.
- Rule 19 Undue Influence**—The use of **undue influence** by any person to secure or retain a student shall cause ineligibility. If tuition is charged or reduced, it shall meet the requirements of the KSHSAA.
- Rules 20/21 Amateur and Awards Rules**—Students are eligible if they have not **competed under a false name** or for money or merchandise of intrinsic value, and have observed all other provisions of the Amateur and Awards Rules.
- Rule 22 Outside Competition**—Students may not engage in **outside competition** in the same sport during a season in which they are representing their school.
NOTE: Consult the coach, athletic director or principal before participating individually or on a team in any game, training session, contest, or tryout conducted by an outside organization.
- Rule 25 Anti-Fraternity**—Students are eligible if they are not members of any **fraternity** or other organization prohibited by law or by the rules of the KSHSAA.
- Rule 26 Anti-Tryout and Private Instruction**—Students are eligible if they have not participated in **training sessions or tryouts** held by colleges or other outside agencies or organizations in the same sport while a member of a school athletic team.
- Rule 30 Seasons of Sport**—Students are not eligible for more than **four seasons** in one sport in a four-year high school, three seasons in a three-year high school or two seasons in a two-year high school.

For Middle/Junior High and Senior High School Students to Determine Eligibility When Enrolling

If a **negative** response is given to any of the following questions, this enrollee should contact his/her administrator in charge of evaluating eligibility. This should be done before the student is allowed to attend his/her first class and prior to the first activity practice. If questions still exist, the school administrator should telephone the KSHSAA for a final determination of eligibility. (*Schools shall process a Certificate of Transfer Form T-E on all transfer students.*)

- | YES | NO | |
|-----------------------------|--------------------------|---|
| 1. <input type="checkbox"/> | <input type="checkbox"/> | Are you a bona fide student in good standing in school? (If there is a question, your principal will make that determination.) |
| 2. <input type="checkbox"/> | <input type="checkbox"/> | Did you pass at least five new subjects (those not previously passed) last semester? (<i>The KSHSAA has a minimum regulation which requires you to pass at least five subjects of unit weight in your last semester of attendance.</i>) |
| 3. <input type="checkbox"/> | <input type="checkbox"/> | Are you planning to enroll in at least five new subjects (those not previously passed) of unit weight this coming semester? (<i>The KSHSAA has a minimum regulation which requires you to enroll and be in attendance in at least five subjects of unit weight.</i>) |
| 4. <input type="checkbox"/> | <input type="checkbox"/> | Did you attend this school or a feeder school in your district last semester? (<i>If the answer is "no" to this question, please answer Sections a and b.</i>) |
| <input type="checkbox"/> | <input type="checkbox"/> | a. Do you reside with your parents? |
| <input type="checkbox"/> | <input type="checkbox"/> | b. If you reside with your parents, have they made a permanent and bona fide move into your school's attendance center? |

The above named student and I have read the KSHSAA Eligibility Checklist and how to retain eligibility information listed in this form. The student/parent authorizes the school to release to the KSHSAA student records and other pertinent documents and information for the purpose of determining student eligibility. The student/parent also authorizes the school and the KSHSAA to publish the name and picture of student as a result of participating in or attending extra-curricular activities, school events and KSHSAA activities or events.

X Signature of parent/guardian _____ Date _____
 X Signature of student _____ Birth Date _____ Grade _____ Date _____

The parties to this document agree that an electronic signature is intended to make this writing effective and binding and to have the same force and effect as the use of a manual signature.

**KANSAS STATE HIGH SCHOOL ACTIVITIES ASSOCIATION
RECOMMENDATIONS FOR COMPLIANCE WITH THE KANSAS SCHOOL SPORTS HEAD
INJURY PREVENTION ACT AND IMPLEMENTATION OF THE NATIONAL FEDERATION
SPORTS PLAYING RULES RELATED TO CONCUSSIONS**

The following language appears in all National Federation sports' rules books:

“Any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest and shall not return to play until cleared by an appropriate health care professional.”

The Kansas Legislature has enacted the School Sports Head Injury Prevention Act (hereinafter the “Kansas Act”) effective July 1, 2011:

Sec. 72-135. (a) This section shall be known and may be cited as the school sports head injury prevention act.

(b) As used in this section:

(1) “School” means any public or accredited private high school, middle school or junior high school.

(2) “Health care provider” means a person licensed by the state board of healing arts to practice medicine and surgery.

(c) The state board of education, in cooperation with the Kansas state high school activities association, shall compile information on the nature and risk of concussion and head injury including the dangers and risks associated with the continuation of playing or practicing after a person suffers a concussion or head injury. Such information shall be provided to school districts for distribution to coaches, school athletes and the parents or guardians of school athletes.

(d) A school athlete may not participate in any sport competition or practice session unless such athlete and the athlete’s parent or guardian have signed, and returned to the school, a concussion and head injury information release form. A release form shall be signed and returned each school year that a student athlete participates in sport competitions or practice sessions.

(e) If a school athlete suffers, or is suspected of having suffered, concussion or head injury during a sport competition or practice session, such school athlete immediately shall be removed from the sport competition or practice session.

(f) Any school athlete who has been removed from a sport competition or practice session shall not return to competition or practice until the athlete is evaluated by a health care provider and the health care provider provides such athlete a written clearance to return to play or practice. If the healthcare provider who provides the clearance to return to play or practice is not an employee of the school district, such health care provider shall not be liable for civil damages resulting from any act or omission in the rendering of such care, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

(g) This section shall take effect on and after July 1, 2011.

The KSHSAA offers the following guidelines and recommendations for compliance with the Kansas Act and for implementation of the NFHS playing rule related to concussions:

1. If a student suffers, or is suspected of having suffered a concussion or head injury during a sport competition or practice session, the student: (1) must be immediately removed from the contest or practice and (2) an urgent referral to a health care provider should be arranged (if not already onsite). The student may not again participate in practice or competition until a health care provider has evaluated the student and provided a written clearance for the student to return to practice and competition. The National Federation and the KSHSAA recommend that the student **should not** be cleared for practice or competition the same day the concussion consistent sign, symptom or behavior was observed.

2. *What are the “signs, symptoms, or behaviors consistent with a concussion”?* The National Federation rule lists some of the signs, symptoms and behaviors consistent with a concussion. The U.S. Department of Human Services, Centers for Disease Control and Prevention has published the following lists of signs, symptoms and behaviors that are consistent with a concussion:

SIGNS OBSERVED BY OTHERS	SYMPTOMS REPORTED BY ATHLETE
<ul style="list-style-type: none"> • Appears dazed or stunned • Is confused about assignment • Forgets plays • Is unsure of game, score, or opponent • Moves clumsily • Answers questions slowly • Loses consciousness • Shows behavior or personality changes • Cannot recall events prior to hit • Cannot recall events after hit 	<ul style="list-style-type: none"> • Headache • Nausea • Balance problems or dizziness • Double or fuzzy vision • Sensitivity to light or noise • Feeling sluggish • Feeling foggy or groggy • Concentration or memory problems • Confusion

These lists may not be exhaustive

3. What is a “*Health Care Provider*”? The Kansas Sports Head Injury Prevention Act defines a health care provider to be “a person licensed by the state board of healing arts to practice medicine and surgery.” The KSHSAA understands this means a Medical Doctor (MD) or a Doctor of Osteopathic Medicine (DO).

4. The first step to concussion recovery is cognitive rest. Students may need their academic workload modified or even be completely removed from the classroom setting while they are initially recovering from a concussion as they may struggle with concentration, memory, and organization. Students should also limit the use of electronic devices (computers, tablets, video games, texting, etc.) and loud noises, as these can also impair the brain’s recovery process. Trying to meet academic requirements too early after sustaining a concussion may exacerbate symptoms and delay recovery. Any academic modifications should be coordinated jointly between the student’s medical providers and school personnel. After the initial 24-48 hours from the injury, under direction from their health care provider, patients can be encouraged to become gradually and progressively more active while staying below their cognitive and physical symptom-exacerbation thresholds (i.e., the physical activity should never bring on or worsen their symptoms). No consideration should be given to returning to full sport activity until the student is fully integrated back into the classroom setting and is symptom free. Occasionally, a student will be diagnosed with post-concussive syndrome and have symptoms that last weeks to months. In these cases, a student may be recommended to start a non-contact physical activity regimen, but this will only be done under the direct supervision of a healthcare provider.

5. Return to Play or Practice Clearance Requirements:
 - A. The clearance must be in writing and signed by a health care provider.
 - B. The National Federation and the KSHSAA recommend the clearance should not be issued on the same day the athlete was removed from play.
 - C. The National Federation and the KSHSAA recommend that a student who has been removed from a practice or competition because the student suffered, or was suspected of suffering, a concussion or head injury **should complete a graduated return to play protocol following medical clearance before returning to unrestricted practice or competition.** In most cases, the athlete will progress one step each day. The return to activity program schedule **may** proceed as below **following medical clearance**:

Step 1: Symptom-limited activity – daily activities that do not provoke symptoms.

Step 2: Light aerobic exercise- 5 to 10 minutes on an exercise bike or light jog; no weight lifting, resistance training, or any other exercises.

Step 3: Sport-specific exercise – running or skating drills. No head impact activities. No helmet or other equipment.

Step 4: Non-contact training drills in full uniform. May begin weight lifting, resistance training, and other exercises.

Step 5: Full contact practice or training.

Step 6: Full game play.

If symptoms of a concussion re-occur, or if concussion signs and/or behaviors are observed at any time during the return to activity program, the athlete must discontinue all activity and be re-evaluated by their health care provider.

This is simply a suggested protocol. The appropriate health care provider who issues the written clearance may wish to establish a different graduated protocol.

6. Parents and students **ARE REQUIRED** to complete a Concussion & Head Injury Information Release Form and turn it into their school prior to the student participating in any athletic or spirit practice or contest each school year. Schools are required to have such form on file before a student may participate in a practice or competition.

The KSHSAA Sports Medicine Advisory Committee continually reviews current sports related concussion research and information and makes updates to these guidelines as appropriate.

**KSHSAA RECOMMENDED CONCUSSION & HEAD INJURY INFORMATION RELEASE
FORM
2021-2022**

This form must be signed by all student athletes and parent/guardians before the student participates in any athletic or spirit practice or contest each school year.

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You can’t see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

Symptoms may include one or more of the following:	
<ul style="list-style-type: none"> • Headaches • “Pressure in head” • Nausea or vomiting • Neck pain • Balance problems or dizziness • Blurred, double, or fuzzy vision • Sensitivity to light or noise • Feeling sluggish or slowed down • Feeling foggy or groggy • Drowsiness • Change in sleep patterns 	<ul style="list-style-type: none"> • Amnesia • “Don’t feel right” • Fatigue or low energy • Sadness • Nervousness or anxiety • Irritability • More emotional • Confusion • Concentration or memory problems (forgetting game plays) • Repeating the same question/comment

Signs observed by teammates, parents, and coaches include:	
<ul style="list-style-type: none"> • Appears dazed • Vacant facial expression • Confused about assignment • Forgets plays • Is unsure of game, score, or opponent • Moves clumsily or displays incoordination • Answers questions slowly • Slurred speech 	<ul style="list-style-type: none"> • Shows behavior or personality changes • Can’t recall events prior to hit • Can’t recall events after hit • Seizures or convulsions • Any change in typical behavior or personality • Loses consciousness

Adapted from the CDC and the 3rd International Conference in Sport

What can happen if my child keeps on playing with a concussion or returns too soon?

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one (second impact syndrome). This can lead to prolonged recovery, or even to severe brain swelling with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often under report symptoms of injuries. And concussions are no different. As a result, education of administrators, coaches, parents and students is the key for student-athlete’s safety.

If you think your child has suffered a concussion

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately and an urgent referral to a health care provider should be arranged (if not already onsite). No athlete may return to activity after sustaining a concussion, regardless of how mild it seems or how quickly symptoms clear, without written medical clearance from a Medical Doctor (MD) or Doctor of Osteopathic Medicine (DO). Close observation of the athlete should continue for several hours. You should also inform your child's coach if you think that your child may have a concussion Remember it is better to miss one game than miss the whole season. **When in doubt, the athlete sits out!**

Cognitive Rest & Return to Learn

The first step to concussion recovery is cognitive rest. This is essential for the brain to heal. Activities that require concentration and attention such as trying to meet academic requirements, the use of electronic devices (computers, tablets, video games, texting, etc.), and exposure to loud noises may worsen symptoms and delay recovery. Students may need their academic workload modified while they are initially recovering from a concussion. Decreasing stress on the brain early on after a concussion may lessen symptoms and shorten the recovery time. This may involve staying home from school for a few days, followed by a lightened school schedule, gradually increasing to normal. Any academic modifications should be coordinated jointly between the student's medical providers and school personnel. After the initial 24-48 hours from the injury, under direction from their health care provider, patients can be encouraged to become gradually and progressively more active while staying below their cognitive and physical symptom-exacerbation thresholds (i.e., the physical activity should never bring on or worsen their symptoms). No consideration should be given to returning to full sport activity until the student is fully integrated back into the classroom setting and is symptom free. Occasionally, a student will be diagnosed with post-concussive syndrome and have symptoms that last weeks to months. In these cases, a student may be recommended to start a non-contact physical activity regimen, but this will only be done under the direct supervision of a healthcare provider.

Return to Practice and Competition

The Kansas School Sports Head Injury Prevention Act provides that if an athlete suffers, or is suspected of having suffered, a concussion or head injury during a competition or practice, the athlete must be immediately removed from the competition or practice and cannot return to practice or competition until a Health Care Professional has evaluated the athlete and provided a written authorization to return to practice and competition. The KSHSAA recommends that an athlete not return to practice or competition the same day the athlete suffers or is suspected of suffering a concussion. The KSHSAA also recommends that an athlete's return to practice and competition should follow a graduated protocol under the supervision of the health care provider (MD or DO).

STUDENT'S NAME _____

GRADE _____

2021-22 USD 231 INSURANCE WAIVER
CONSENT FOR TREATMENT, AGREEMENT TO OBEY INSTRUCTIONS, RELEASE

I am aware that all sports/activities are dangerous and that playing or practicing in sports/activities involve MANY RISKS OF INJURY. I understand that the dangers and risks of playing or practicing to play all sports/activities include, but are not limited to death, serious neck and spinal injuries which may result in complete or partial paralysis, brain damage, serious injury to virtually all internal organs, serious injury to virtually all bones, joints, ligaments, muscles, tendons, and other aspects of the muscular skeletal system, and serious injury or impairment to other aspects of my body, general health and well-being. I understand that the dangers and risks of playing or practicing to play all sports/activities may result not only in serious injury but in a serious impairment of my future abilities to earn a living, to engage in other business, social and recreational activities, and generally to enjoy life.

Because of the dangers of all sports and activities, I recognize the importance of following coaches' instructions regarding playing techniques, training and other rules, etc., and to agree to obey such instructions.

That I the undersigned for an in consideration of the privilege of my undersigned dependent being able to participate in sports and organized athletic activities at and for USD 231 Schools for the school year 21 - 22 hereby covenant and agree to release and forever discharge USD 231 Schools, its agents, servants, employees and volunteer coaches and assistant coaches, the USD 231 School Board and its members, from any and all claims, demands, losses, damages, costs, expenses, and attorney's fees for injury to or death of the undersigned dependent resulting from, growing out of, caused by, or arising in any manner out of playing or participating in sports and organized athletic activities at and for USD 231 Schools.

This warning, Agreement to Obey Instructions, and Release is applicable to all sports and activities at USD 231 Schools.

Further, I _____, the (parent and) legal guardian of _____ consent to and authorize, for the school year 21 - 22 any representative of USD 231 Schools to authorize medical treatment including any necessary surgery or hospitalization, for my above-named dependent, for any injury or illness of an emergency nature they may incur while at USD 231 Schools or while participating in sports and organized athletic activities at and for USD 231 Schools by any physician or dentist licensed in accordance with the provisions of the Kansas Healing Arts Act, Kansas Statutes Annotated 65-2801 and any hospital. I am also aware that USD 231 requests and recommends that the parent or legal guardian of each student who participates in athletics and activities provide an accident insurance policy to pay the medical expenses for injuries incurred in such programs.

I agree to pay and assume all responsibility for all medical and hospital expenses and charges for my dependent, whether or not I deem such services necessary or effective.

I acknowledge and agree that USD 231 Schools are not responsible for any hospital expenses and charges that are incurred in the medical treatment or hospitalization of our dependent. A photocopy of this document shall have the same force and effect as the original.

I, the UNDERSIGNED, having read and understood the Consent for Treatment, Warning, Agreement to Obey Instructions, and the Release do agree and consent to the participation of undersigned dependent in sports and organized athletic activities at and for USD 231 Schools. I execute it voluntarily and with full knowledge of its significance.
