

AET - Online Record Keeping System

Students are encouraged to stay up-to-date on their AET (record keeping system) for the summer. It will make their transition back into the classroom much easier this fall.

** Remember, every AG ED students/FFA member received .25 credits for their SAE and tracking their work/hours/dollars in AET is part of the requirement for earning this credit.

Attached are helpful links and video if you get stuck.

<https://www.theaet.com/studenthelp>

The mobile APP is also available for quick entry.

** PLEASE NOTE - If you LABOR EXCHANGE for expenses (meaning you do Not pay, rather a parent/etc. pays for expenses) you can NOT enter it directly from this app. It ONLY allows you to enter CASH expenses on this page (ones you paid for). But you can journal time and paychecks. You can go to the desktop version though from this app and then you can add your LABOR EXCHANGE expenses.

We will also have record book work days on at the end of June or the beginning of July if you need help.
