## Admission to Building

Students will be admitted into the building at 7:50 each morning. A student who is tardy (entering the building after 7:55) must enter through the front door and sign in on the computer kiosk outside the office.

## Alma Mater

On McCrory's northern border, firmly founded there  
Stands our school, our alma mater, and to her let's all give cheer;  
All her sons and all her daughters, M H S revere,  
Hail to thee, our alma mater, to our hearts you are dear.

## Alternative Learning Environment

Administrators, counselors, teachers, parents, or the student himself/herself may refer a student for placement in the Alternative Learning Environment (ALE). Names are submitted to the principal or the counselor on an ALE Referral Form. A referral packet is completed.

This packet includes:

1. Academic Concerns
2. Strategies and Interventions Attempted
3. Current Grades, Schedule, Attendance Records, Discipline Records
4. 504 Plan if Appropriate
5. Transcript

If the principal determines that a conference is needed, a conference will be set up to inform the parents that the student has been recommended for possible placement in the ALE. The principal, counselor, classroom teacher(s), ALE teacher(s), parents and students (if appropriate) will be invited to attend the conference. All supporting documentation will be reviewed to determine if a placement in ALE meets the guidelines.

ALE placement will be up to 8 periods a day for up to a year.

If the committee determines that ALE placement will be beneficial, and meets the criteria for admission into the ALE Program, parents and students will be asked to sign an agreement that outlines some of the requirements of the ALE program.

Before ALE placement, each student will be asked to formulate a plan with the counselor, teachers and parents. This plan will state behaviors that need to be developed to be successful, not just in the ALE setting, but are needed to transition back into the regular classroom. Students will also be tested to determine strengths and areas of weaknesses before or just after placement.

## Bells

The first bell will ring at 7:50 a.m.; the second, a tardy bell, at 7:55 a.m. School will ordinarily be dismissed at 3:15 p.m.

Any student who misses 10 (ten) or more minutes of class will be counted absent in that class.

Five minutes are allowed for passing from one class to another. This is sufficient time to go to lockers, the restroom, and to get a drink. Between the first and advisory periods, we will have a fifteen minute passing period so students can take advantage of our Second Chance Breakfast in the cafeteria.

## Detention Hall

There will be a detention hall for habitual tardy students. When a student has accumulated three (3) tardies in a particular class per semester, the teacher of the class will assign the student detention hall. Students will be given detention halls for tardies 3-5. Tardies 6-8 will result in 1 day of ISS. Tardies 9-10 2 days of ISS and 11+ will result in 3 days of ISS each. Detention time: 3:35-5:00 on Mondays and Wednesdays. Refusal to stay or attend could result in a suspension not to exceed three (3) days.

### Detention Rules

1. Students must be seated in the study hall room by 3:35 p.m. Those tardy will be assigned an additional day of detention.
2. Students must have work to do in detention. No reading of magazines, nor drawing will be allowed.
3. Students will sit facing the front with both feet on the floor – no head- resting, nor sleeping during detention. There may be exceptions to the seating rule as governed by the detention teacher.
4. No talking will be allowed in detention.
5. No sharing of books, pencils, paper, calculators, etc. during detention.
6. Students may not leave the detention room for any reason – not to go to lockers, the restroom, etc.
7. Students may not use the phone during detention, but will be allowed to do so after detention if necessary. Arrangements should be made beforehand for student pick-up at 5:00 p.m. sharp.
8. All detention students will exit the front door. Students will not be allowed to go to lockers after detention.
9. Students who skip detention will be referred to the principal. Penalties may include extra detention, in-school suspension, or out-of-school suspension. When a student skips detention 3 times in a school year, they will be assigned 3 days of In School Suspension.

Students assigned detention are expected to be present unless prior arrangements are made in the office to have detention rescheduled. This must be done in advance.

## Exemptions

Students may be exempt from taking semester exams under the following provisions:

1. Maintain a 95 average or above in the subject.
2. Maintain a 90 average and miss no more than 3 days.
3. Maintain an 85 average and miss no more than 2 days.
4. Maintain an 80 average and miss no more than 1 day.
5. In addition to the previous 4 (four) stipulations or guidelines, a student may have no more than 5 (five) tardies and one (1) discipline referral in the class to be eligible for exemptions.

Semester average will be calculated by adding first and second nine weeks' grades. Grades will be computed and exemptions announced the day before the semester test is given.

## 4.1—RESIDENCE REQUIREMENTS

### Definitions

“In loco parentis” means relating to the responsibility to undertake the care and control of another person in the absence of:

1. Supervision by the person's parent or legal guardian; and
2. Formal legal approval.

“Reside” means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

“Resident” means a student whose parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis reside in the school district.

“Residential address” means the physical location where the student’s parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis reside. A student may use the residential address of a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty one (21) years whose parents, legal guardians, persons having lawful control of the student, or person standing in loco parentis reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District's schools separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis, the student is required to reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools. A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education co-op to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.

Children whose parent or legal guardian relocates within the state due to a mobilization, deployment, or available military housing while on active duty in or serving in the reserve component of a branch of the United States Armed Forces or National Guard may continue attending school in the school district the children were attending prior to the relocation or attend school in the school district where the children have relocated. A child may complete all remaining school years at the enrolled school district regardless of mobilization, deployment, or military status of the parent or guardian.

## **4.2—ENTRANCE REQUIREMENTS**

To enroll in a school in the District, the child must be a resident of the District as defined in District policy (4.1—RESIDENCE REQUIREMENTS), meet the criteria outlined in policy 4.40—HOMELESS STUDENTS or in policy 4.52—STUDENTS WHO ARE FOSTER CHILDREN, be accepted as a transfer student under the provisions of policy 4.4, or participate under a school choice option and submit the required paperwork as required by the choice option under Policy 4.5.

Students may enter kindergarten if they attain the age of five (5) on or before August 1 of the year in which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or

state-approved kindergarten program in another state for at least sixty (60) days, will become five (5) years old during the year in which he/she is enrolled in kindergarten, and meets the basic residency requirement for school attendance may be enrolled in kindergarten upon written request to the District. Any student who was enrolled in a state-accredited or state-approved kindergarten program in another state or in a kindergarten program equivalent in another country, becomes a resident of this state as a direct result of active military orders or a court-ordered change of custody, will become five (5) years of age during the year in which he or she is enrolled in kindergarten, and meets the basic residency requirement for school attendance may be enrolled in kindergarten upon a written request to the District.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state-accredited kindergarten program shall be evaluated by the district and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child's parent or legal guardian agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter first grade in a District school if the child attains the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited school shall be assigned to the same grade as they were attending in their previous school (mid-year transfers) or as they would have been assigned in their previous school. Private school students shall be evaluated by the District to determine their appropriate grade placement. Home school students enrolling or re-enrolling as a public school student shall be placed in accordance with policy 4.6—HOME SCHOOLING.

The district shall make no attempt to ascertain the immigration status, legal or illegal, of any student or his/her parent or legal guardian presenting for enrollment.

Prior to the child's admission to a District school:

1. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall furnish the child's social security number, or if they request, the district will assign the child a nine (9) digit number designated by the Division of Elementary and Secondary education.
2. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall provide the district with one (1) of the following documents indicating the child's age:
  - a. A birth certificate;
  - b. A statement by the local registrar or a county recorder certifying the child's date of birth;
  - c. An attested baptismal certificate;
  - d. A passport;

- a. An affidavit of the date and place of birth by the child's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis;
  - b. United States military identification; or
  - c. Previous school records.
3. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall indicate on school registration forms whether the child has been expelled from school in any other school district or is a party to an expulsion proceeding. Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.
4. In accordance with Policy 4.57—IMMUNIZATIONS, the child shall be age appropriately immunized or have an exemption issued by the Arkansas Department of Health.

### **Uniformed Services Member's Children**

For the purposes of this policy:

“Activated reserve components” means members of the reserve component of the uniformed services who have received a notice of intent to deploy or mobilize under Title 10 of the United States Code, Title 32 of the United States Code, or state mobilization to active duty.

“Active duty” means full-time duty status in the active, uniformed services of the United States, including without limitation members of The National Guard and Reserve on active duty orders under 10 U.S.C. §§ 1209, 1210, and 1211.

“Deployment” means a period of time extending from six (6) months before a member of the uniformed services' departure from their home station on military orders through six (6) months after return to his or her home station.

“Eligible child” means the children of:

- Active duty members of the uniformed services;
- Members of the active and activated reserve components of the uniformed services;
- Members or veterans of the uniformed services who are severely injured and medically discharged or retired for a period of one (1) year after medical discharge or retirement; and
- Members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of one (1) year after death.

“Uniformed services” means the United States Army, United States Navy, United States Air Force, United States Marine Corps, United States Coast Guard, the National Oceanic and Atmospheric Administration Commissioned Officer Corps, the United States Commissioned Corps of the Public Health Services, and the state and federal reserve components of each of these bodies.

“Veteran” means an individual who served in the uniformed services and who was discharged or released from the uniformed services under conditions other than dishonorable.

The superintendent shall designate an individual as the District's military education coordinator, who shall serve as the primary point of contact for an eligible child and for the eligible child's parent, legal guardian, person having lawful control of the eligible child, or person standing in loco parentis. The individual the superintendent designates as the District's military education coordinator shall have specialized knowledge regarding the educational needs of children of military families and the obstacles that children of military families face in obtaining an education.

An eligible child as defined in this policy shall:

1. Be allowed to continue his/her enrollment at the grade level commensurate with his/her grade level he/she was in at the time of transition from his/her previous school, regardless of age;
2. Be eligible for enrollment in the next highest grade level, regardless of age if the student has satisfactorily completed the prerequisite grade level in his/her previous school;
3. Enter the District's school on the validated level from his/her previous accredited school when transferring into the District after the start of the school year;
4. Be enrolled in courses and programs the same as or similar to the ones the student was enrolled in his/her previous school to the extent that space is available. This does not prohibit the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses/and/or programs;
5. Be provided services comparable to those the student with disabilities received in his/her previous school based on his/her previous Individualized Education Program (IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
6. Make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan, necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
7. Be enrolled by an individual who has been given the special power of attorney for the student's guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;
8. Be eligible to continue attending District schools if he/she has been placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty.

In the event that official copies of an eligible child's education records are not available at the time the eligible child is transferring, then the District shall:

- o Pre-register and place an eligible child based on the eligible child's unofficial education records pending receipt of the eligible child's official records; and
- o Request the eligible child's official education records from the sending district.

2. The child is being home-schooled and the conditions of policy (4.6—HOMESCHOOLING) have been met.
3. The child will not be age six (6) on or before August 1 of that particular school year and the parent, legal guardian, person having lawful control of the child, or person standing in loco parentis of the child elects not to have him/her attend kindergarten. 4. The child has received a high school diploma or its equivalent as determined by the State Board of Education.

## 4.6—HOMESCHOOLING

### **Enrollment in Home School**

Parents or legal guardians desiring to provide a home school for their children shall give written notice to the Superintendent of their intent to homeschool. The notice shall be given:

1. At the beginning of each school year, but no later than August 15;
2. Fourteen (14) calendar days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter; or
3. Within thirty (30) calendar days of the parent or legal guardian establishing residency within the district during the school year.

Written notice of the parent or legal guardian's intent to homeschool shall be delivered to the Superintendent through any of the following methods:

- Electronically, including without limitation by:
  - Use of the Division of Elementary and Secondary Education's (DESE) online system;
  - Email; or
  - Facsimile;
- By mail; or
- In person.

The notice shall include:

- a. The name, sex, date of birth, grade level, and the name and address of the school last attended, if any;
- b. The mailing address and telephone number of the home school;
- c. The name of the parent or legal guardian providing the home school;
- d. Indicate if the home-schooled student intends to participate in extracurricular activities during the school year;
- e. A statement of whether the home-schooled student plans to seek a high school equivalency diploma during the current school year;
- f. A statement that the parent or legal guardian agrees that the parent or legal guardian is responsible for the education of their children during the time the parents or legal guardians choose to homeschool; and
- g. A signature of the parent or legal guardian.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information that might indicate the need for special education services.

### **Enrollment or Re-Enrollment in Public School**

A home-schooled student who wishes to enroll or re-enroll in a District school shall submit:

- A transcript listing all courses taken and semester grades from the home school;
- Score of at least the thirtieth percentile on a nationally recognized norm-referenced assessment taken in the past year; and

- A portfolio of indicators of the home-schooled student's academic progress, including without limitation:
  - Curricula used in the home school;
  - Tests taken and lessons completed by the home-schooled student; and
  - Other indicators of the home-schooled student's academic progress.

If a home-schooled student is unable to provide a nationally recognized norm-referenced score, the District may either assess the student using a nationally recognized norm-referenced assessment or waive the requirement for a nationally recognized norm-referenced assessment score.

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled student's grade level and academic course level in the home school:

1. As indicated by the documentation submitted by the home-schooled student;
2. By mutual agreement between the public school and the home-schooled student's parent or legal guardian; or
3. If the home-schooled student fails to provide the documentation required by this policy, with the exception of the nationally recognized norm-referenced assessment score, the District may have sole authority to determine the home-schooled student's grade placement and course credits. The District will determine the home-schooled student's grade placement and course credits in the same manner the District uses when determining grade placement and course credits for students enrolling or re-enrolling in the District who attended another public or private school.

The District shall afford a home-schooled student who enrolls or re-enrolls in a public school the same rights and privileges enjoyed by the District's other students. The District shall not deny a home-schooled student who enrolls or re-enrolls in the District any of the following on the basis of the student having attended a home school:

- a. Award of course credits earned in the home school;
- b. Placement in the proper grade level and promotion to the next grade level;
- c. Participation in any academic or extracurricular activity;
- d. Membership in school-sponsored clubs, associations, or organizations;
- e. A diploma or graduation, so long as the student has enrolled or re-enrolled in the District to attend classes for at least the nine (9) months immediately prior to graduation; or
- f. Scholarships.

## 4.7—ABSENCES

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

Absences for students enrolled in digital courses shall be determined by the online attendance and time the student is working on the course rather than the student's physical presence at school. Students who are scheduled to have a dedicated period for a digital class shall not be considered absent if the student logs the correct amount of time and completes any required assignments; however, a student who fails to be physically present for an assigned period may be disciplined in accordance with the District's truancy policy.

### **Excused Absences**

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement to the principal or designee upon his/her return to school from the parent or legal guardian stating such reason. A written statement presented for an absence having occurred more than five (5) school days prior to its presentation will **not** be accepted:

1. The student's illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.
2. Death or serious illness in their immediate family (parent, grandparent, aunt/uncle, sibling and any other family member living in the same household)
3. Observance of recognized holidays observed by the student's faith;
4. Attendance at an appointment with a government agency;
5. Attendance at a medical appointment;
6. Exceptional circumstances with prior approval of the principal;
7. Participation in an FFA, FHA, or 4-H sanctioned activity;
8. Participation in the election poll workers program for high school students.
9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.
10. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).

11. Absences for students excluded from school by the Arkansas Department of Health during a disease outbreak because the student has an immunization waiver or whose immunizations are not up to date.

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

### **Unexcused Absences**

Absences not defined above or not having an accompanying note from the parent; legal guardian; person having lawful control of the student; or person standing in loco parentis, presented in the timeline required by this policy, shall be considered as unexcused absences. Students with **11 (eleven)** unexcused absences in a course in a semester may not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has **five (5)** unexcused absences, his/her parents, legal guardians, persons with lawful control of the student, or persons standing in loco parentis shall be notified. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

Whenever a student exceeds **6 (six)** unexcused absences or **8 (eight)** total absences in a semester, the District shall notify the prosecuting authority and the parent, legal guardian, person having lawful control of the student, or persons standing in loco parentis shall be subject to a civil penalty as prescribed by law.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, legal guardian, person with lawful control of the student, or person standing in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent; legal guardian; person having lawful control of the student; or person standing in loco parentis, and the school or district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days.

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is

required to suspend the former student's operator's license unless he/she meets certain requirements specified in the statute.

## 4.8—MAKE-UP WORK

Students who miss school due to an excused absence shall be allowed to make up the work they missed during their absence under the following rules:

1. High School students are responsible for asking the teachers of the classes they missed what assignments they need to make up.
2. High School Teachers are responsible for providing the missed assignments when asked by a returning student.
3. High School Students are required to ask for their assignments on their first day back at school or their first class day after their return.
4. Make-up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.
5. Students shall have **two class days** to make up their work for each class day they are absent. A student's IEP or 504 may indicate more time and should be referred to by the teacher.
6. Make-up work which is not turned in within the make-up schedule for that assignment may not be accepted by the teacher.
7. High School Students are responsible for turning in their make-up work without the teacher having to ask for it.

8. Students who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return.
9. As required/permitted by the student's Individual Education Program or 504 Plan.

Work may not be made up for credit for unexcused absences **unless** the unexcused absences are part of a signed agreement as permitted by policy 4.7—ABSENCES.

Work for students serving an out-of-school suspension or expulsion shall be in accordance with the District's programs, measures, or alternative means and methods to continue student engagement and access to education during the student's period of suspension or expulsion, including offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

In lieu of the timeline above, assignments for students who are excluded from school by the Arkansas Department of Health during a disease outbreak are to be made up as set forth in Policy 4.57—IMMUNIZATIONS.

## 4.9—TARDIES

Promptness is an important character trait that District staff are encouraged to model and help develop in our schools' students. At the same time, promptness is the responsibility of each student. Students who are late to class show a disregard for both the teacher and their classmates which compromises potential student achievement. **MHS will adhere to the following tardy policy and consequences:**

**When a student acquires 3 tardies in a class, they shall be assigned after school detention. Students will receive after school detention for tardies 3-5. Tardies 6-8 will result in 1 day of In School Suspension. Tardies 9-10 will result in 2 days of In School Suspension and 11+ will result in 3 days each.**

**If a student skips detention hall 3 times in a school year, they shall be assigned 3 days of In School Suspension.**

## 4.10—CLOSED CAMPUS

All schools in the District shall operate closed campuses. Students are required to stay on campus from their arrival until dismissal at the end of the regular school day unless given permission to leave the campus by a school official. Students must sign out in the office upon their departure.

**High school students may bring their lunch with them in the mornings and keep it in their lockers or carry it with them from class to class. No students will be allowed to go back to their vehicles in order to get their lunch. Students are not allowed to have food delivered to them or left in a vehicle.**

## 4.11—EQUAL EDUCATIONAL OPPORTUNITY

No student in the McCrory School District shall, on the grounds of race, color, religion, national origin, sex, sexual orientation, gender identity, age, or disability be excluded from participation in, or denied the benefits of, or subjected to discrimination under any educational program or activity sponsored by the District. The District has a limited open forum granting equal access to the Boy Scouts of America and other youth groups.

Inquiries on non-discrimination may be directed to the Federal Programs Coordinator, who may be reached at 870-731-2535.

Any person may report sex discrimination, including sexual harassment, to the Title IX Coordinator in person or by using the mailing address, telephone number, or email address provided above. A report may be made at any time, including during non-business hours, and may be on the individual's own behalf or on behalf of another individual who is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment.

For further information on notice of non-discrimination or to file a complaint, visit <https://www2.ed.gov/about/offices/list/ocr/complaintintro.html>; for the address and phone number of the office that serves your area, or call 1-800-421-3481.

## **4.12—STUDENT ORGANIZATIONS/EQUAL ACCESS**

Non-curriculum-related secondary school student organizations wishing to conduct meetings on school premises during non-instructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meetings. Such meetings must meet the following criteria.

1. The meeting is to be voluntary and student initiated;
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees;
3. The meeting must occur during non-instructional time;
4. Employees or agents of the school are present at religious meetings only in a non-participatory capacity;
5. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
6. Non-school persons may not direct, conduct, control, or regularly attend activities of student groups.

All meetings held on school premises must be scheduled and approved by the principal. The school, its agents, and employees retain the authority to maintain order and discipline, to protect the well-being of students and faculty, and to assure that attendance of students at meetings is voluntary.

Fraternities, sororities, and secret societies are forbidden in the District's schools. Membership to student organizations shall not be by a vote of the organization's members, nor be restricted by the student's race, religion, sex, national origin, or other arbitrary criteria. Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization, extracurricular activity or sport program. Students who are convicted of participation in hazing or the failure to report hazing shall be expelled.

## **4.14—STUDENT MEDIA AND THE DISTRIBUTION OF LITERATURE**

The Superintendent and the student media advisors(s) shall jointly develop administrative regulations for the implementation of this policy. The regulations shall include definitions of terms and the time(s), place(s), and manner(s) of the dissemination of student media, which shall include timelines for the review of materials.

### **Definitions**

“School-sponsored media” means all student media that are:

- Supported financially by the school;
- Supported by the use of school facilities; or
- Produced in conjunction with a class.

“Student journalist” means a student who gathers, writes, edits, photographs, records, video tapes, or prepares information for dissemination in student media.

“Student media” means any means of communication that are:

- o Prepared, substantially written, published, or broadcasted by a student;
- o Distributed or generally made available, either free of charge or for a fee, to members of the student body; and

“Student media” does not include media that is intended for distribution or transmission solely in the classroom in which it is produced.

“Student media advisor” means an individual who is employed, appointed, or designated by the District to supervise or provide instruction with respect to student media.

### **Student Media**

While the District recognizes a student’s right of expression under the First Amendment of the Constitution of the United States, school-sponsored media does not provide an open public forum for public expression. Student media, as well as the content of student expression in school-sponsored activities, shall be subject to the editorial review of the District’s administration, whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations:

1. Advertising may be accepted for media that does not condone or promote products that are inappropriate for the age and maturity of the audience or that endorses such things as tobacco, alcohol, or drugs.
2. Media may be regulated to prohibit communications determined by the appropriate teacher, student media advisor, and/or administrator to be ungrammatical; poorly written; inadequately researched; biased or prejudiced; vulgar or profane; or unsuitable for immature audiences.
3. Media may be regulated to prohibit the dissemination of material that may reasonably be perceived to advocate drug or alcohol use; irresponsible sex; conduct that is otherwise inconsistent with the shared values of a civilized social order; or to associate the school with any position other than neutrality on matters of political controversy.
4. Prohibited media includes those that:
  - a. Are obscene as to minors;
  - b. Are libelous or slanderous, including material containing defamatory falsehoods about public figures or governmental officials, and made with knowledge of their falsity or a reckless disregard of the truth;
  - c. Constitute an unwarranted invasion of privacy as defined by state law;
  - d. Suggest or urge the commission of unlawful acts on the school premises;
  - e. Suggest or urge the violation of lawful school regulations;
  - f. Scurrilously attacks ethnic, religious, or racial groups; or
  - g. Harass, threaten, or intimidate a student.

### **Student Media on School Web Pages**

Student media displayed on school web pages shall follow the same guidelines as listed above and shall also:

1. Not contain any non-educational advertisements;
2. Adhere to the restrictions regarding use of Directory Information as prescribed in Policy 4.13 including not using a student’s photograph when associated with the student’s name unless written permission has been received from the student’s parent or student if over the age of eighteen (18);
3. State that the views expressed are not necessarily those of the School Board or the employees of the district.

### **Student Distribution of Non-school Literature, Publications, and Materials**

A student or group of students who distribute ten (10) or fewer copies of the same non-school-sponsored literature, publications, or materials shall do so in a time, place, and manner that does not cause a substantial disruption of the orderly education environment. A student or group of students wishing to distribute more than ten (10) copies of non-school-sponsored materials shall have school authorities (building principal and Superintendent) review their non-school-sponsored materials at least three (3) school days in advance of their desired time of dissemination. School authorities shall review the non-school-sponsored materials, prior to their distribution and will bar from distribution those non-school-sponsored materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution. Concerns related to any denial of distribution by the principal shall be heard by the superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of non-school-sponsored materials. The regulations shall:

1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
2. Be uniformly applied to all forms of non-school-sponsored materials;
3. Allow no interference with classes or school activities;
4. Specify times, places, and manner where distribution may and may not occur; and
5. Not inhibit a person's right to accept or reject any literature distributed in accordance with the regulations.

Students shall be responsible for the removal of excess literature that is left at the distribution point for more than three (3) days.

## **4.15—CONTACT WITH STUDENTS WHILE AT SCHOOL**

### **CONTACT BY PARENTS**

Parents wishing to speak to their children during the school day shall register first with the office.

### **CONTACT BY NON-CUSTODIAL PARENTS**

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or the principal's designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting unsupervised visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply.

Arkansas law provides that, in order to avoid continuing child custody controversies from involving school personnel and to avoid disruptions to the educational atmosphere in the District's schools, the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation. The custodial or non-custodial parent may send to/drop off the student at school to be sent to/picked up by the other parent on predetermined days in accordance with any court order provided by the custodial parent or by a signed agreement between both the custodial and non-custodial parents that was witnessed by the student's building principal. Unless a valid no-contact order has been filed with the student's principal or the principal's designee, district employees shall not become involved in disputes concerning whether or not that parent was supposed to pick up the student on any given day.

### **CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER**

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen (18) years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the

suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

#### **CONTACT BY PROFESSIONAL LICENSURE STANDARDS BOARD INVESTIGATORS**

Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

## **4.16—STUDENT VISITORS**

The board strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is strongly discouraged, unless approved by the principal and scheduled in advance. This includes visits made by former students, friends, and/or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school principal and all visitors must first register at the office.

## 4.17—STUDENT DISCIPLINE

The McCrory Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school sponsored function, activity, or event; and
- Going to and from school or a school activity.

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to: a felony or an act that would be considered a felony if committed by an adult; an assault or battery; drug law violations; or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.

The District's personnel policy committees shall annually review the District's student discipline policies, including State and District student discipline data, and may recommend changes in the policies to the McCrory School Board. The Board has the responsibility of determining whether to approve any recommended changes to student discipline policies.

The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall sign and return to the school an acknowledgement form documenting that they have received the policies.

The District shall develop and provide programs, measures, or alternative means and methods for continued student engagement and educational access during periods of suspension or expulsion.

The superintendent is authorized to modify the penalties set forth in the District's student discipline policies on a case-by-case basis.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

The superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation: the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

## **4.19—CONDUCT TO AND FROM SCHOOL AND TRANSPORTATION ELIGIBILITY**

The District's Student Code of conduct applies to students while traveling to and from school or to and from a school activity to the same extent as if the students were on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate the District's Student Code of Conduct.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices. The driver of a school bus shall not operate the school bus until every passenger is seated. In addition to other disciplinary measures provided for violations of the District's Student Code of Conduct, the student's bus transportation privileges may be suspended or terminated for violations of the Student Code of Conduct related to bus behavior.

Students are eligible to receive district bus transportation if they meet the following requirements. Every student is eligible to ride the school bus. The Superintendent, along with the Director of Transportation shall annually establish bus routes and may modify them as needed. The transportation to and from school of students who have lost their bus transportation privileges is the responsibility of the student's parent or guardian.

## **4.20—DISRUPTION OF SCHOOL**

No student shall by the use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct, intentionally cause the disruption of any lawful mission, process, or function of the school, or engage in any such conduct for the purpose of causing disruption or obstruction of any lawful mission, process, or function. Nor shall any student encourage any other student to engage in such activities.

Disorderly activities by any student or group of students that adversely affect the school's orderly educational environment shall not be tolerated at any time on school grounds. Teachers may remove from class and send to the principal or principal's designated office a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to teach the students,

the class, or with the ability of the student's classmates to learn. Students who refuse to leave the classroom voluntarily will be escorted from the classroom by the school administration.

## **4.21—STUDENT ASSAULT OR BATTERY**

A student shall not threaten, physically abuse, attempt to physically abuse, or behave in such a way as to be perceived to threaten bodily harm to any other person (student, school employee, or school visitor). Any gestures; vulgar, abusive, or insulting language; taunting, threatening, harassing, or intimidating remarks by a student toward another person that threatens their well-being is strictly forbidden. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs.

Furthermore, it is unlawful, during regular school hours, and in a place where a public school employee is required to be in the course of his or her duties, for any person to address a public school employee using language which, in its common acceptance, is calculated to:

- a. Cause a breach of the peace;
- b. Materially and substantially interfere with the operation of the school; or
- c. Arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation.

Students guilty of such an offense may be subject to legal proceedings in addition to any student disciplinary measures.

## 4.22—WEAPONS AND DANGEROUS INSTRUMENTS

### Definitions

“Firearm” means any device designed, made, or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.

“Weapon” means any:

- Box cutter;
- Nunchucks;
- Pepper spray, mace, or other noxious spray;

No student, except for Military personnel (such as ROTC cadets) acting in the course of their official duties or as otherwise expressly permitted by this policy, shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon before or after school while:

- o In a school building;
- o On or about school property;
- o At any school sponsored activity or event;
- o On route to or from school or any school sponsored activity; or
- o Off the school grounds at any school bus stop.

If a student discovers prior to any questioning or search by any school personnel that he/she has accidentally brought a weapon, other than a firearm, to school on his/her person, in a book bag/purse, or in his/her vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon unless it is a firearm. The weapon shall be confiscated and held in the office until such time as the student’s parent/legal guardian shall pick up the weapon from the school’s office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of one (1) year. The superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis.

Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on

school property. Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a firearm policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The mandatory expulsion requirement for possession of a firearm does not apply to a firearm brought to school for the purpose of participating in activities approved and authorized by the district that include the use of firearms. Such activities may include ROTC programs; hunting safety or military education; or before or after-school hunting or rifle clubs. Firearms brought to school for such purposes shall be brought to the school employee designated to receive such firearms. The designated employee shall store the firearms in a secure location until they are removed for use in the approved activity.

The district shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.

## **4.24—DRUGS AND ALCOHOL**

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the McCrory School District shall possess, attempt to possess, consume, use, distribute, sell, buy, attempt to sell, attempt to buy, give to any person, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. This policy applies to any student who: is on or about school property; is in attendance at school or any school sponsored activity; has left the school campus for any reason and returns to the campus; or is on route to or from school or any school sponsored activity.

Prohibited substances shall include, but are not limited to: alcohol, or any alcoholic beverage; inhalants or any ingestible matter that alter a student’s ability to act, think, or respond; LSD, or any other hallucinogen; marijuana; cocaine, heroin, or any other narcotic drug; PCP; amphetamines; steroids; “designer drugs”; look-alike drugs; or any controlled substance.

## 4.25—STUDENT DRESS AND GROOMING

The McCrory Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, unsafe, could cause property damage, or are offensive to common standards of decency.

Students are prohibited from wearing, while on the school grounds during the school day and at school-sponsored events, clothing that exposes underwear, buttocks, or the breast of a female. This prohibition does not apply, however, to a costume or uniform worn by a student while participating in a school-sponsored activity or event.

The Superintendent shall establish student dress codes for the District's schools, to be included in the student handbook, and are consistent with the above criteria.

**Permitted:** Dresses, skirts, or shorts that come within three (3) inches of the knee and have a "finished edge". Pants or jeans must also have finished edges. Blouses or tops must have sleeves covering the shoulders. Sweat pants may be pulled up on the calves of the legs; however, they must be loose fitting.

**Not Permitted:**

- Hats/caps inside buildings

## **4.26—GANGS AND GANG ACTIVITY**

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions.

The following actions are prohibited by students on school property or at school functions:

1. Wearing or possessing any clothing, bandanas, jewelry, symbol, or other sign associated with membership in, or representative of, any gang;
2. Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative of membership in any gang;
3. Recruiting, soliciting, or encouraging any person through duress or intimidation to become or remain a member of any gang; and/or
4. Extorting payment from any individual in return for protection from harm from any gang.

## **4.27—STUDENT SEXUAL HARASSMENT**

The McCrory School District is committed to providing an academic environment that treats all students with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

The District believes the best policy to create an educational environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to:

- o the nature of sexual harassment;
- o The District's written procedures governing the formal complaint grievance process;
- o The process for submitting a formal complaint of sexual harassment;

- o That the district does not tolerate sexual harassment;
- o That students can report inappropriate behavior of a sexual nature without fear of adverse consequences;
- o The supports that are available to individuals suffering sexual harassment; and
- o The potential discipline for perpetrating sexual harassment.

### **Definitions**

“Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Education program or activity” includes locations, events, or circumstances where the District exercised substantial control over both the respondent and the context in which the sexual harassment occurs.

“Formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting an investigation of the allegation of sexual harassment.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual harassment” means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee:
  - a. Conditions the provision of an aid, benefit, or service of the District on an individual’s participation in sexual conduct; or
  - b. Uses the rejection of sexual conduct as the basis for academic decisions affecting that individual;
2. The conduct is:
  - a. Unwelcome; and
  - b. Determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District’s education program or activity; or
  - c. Constitutes:
  - d. Sexual assault;
  - e. Dating violence
  - f. Domestic violence; or
  - g. Stalking.

“Supportive measures” means individualized services that are offered to the complainant or made available to the respondent designed to restore or preserve equal access to the District’s education program or activity without unreasonably burdening the other party. The supportive measures must be non-disciplinary and non-punitive in nature; offered before or after the filing of a formal complaint or where no formal complaint has been filed; and offered to either party as appropriate, as reasonably available, and without fee or charge. Examples of supportive measures include, but are not limited to: measures designed to protect the safety of all parties or the District’s educational environment, or deter sexual harassment; counseling; extensions of deadlines or other course-related adjustments;

modifications of work or class schedules; campus escort services; mutual restrictions on contact between the parties; changes in work or class locations; leaves of absence; and increased security and monitoring of certain areas of the campus.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; and non-employees and students.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;
- Spreading rumors related to a person's alleged sexual activities;
- Discussions of sexual experiences;
- Rating other students or employees as to sexual activity or performance;
- Circulating or showing e-mails or Web sites of a sexual nature;
- Intimidation by words, actions, insults, or name calling; and
- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the individual self-identifies as homosexual or transgender.

Students who believe they have been subjected to sexual harassment, or the parent/legal guardian/other responsible adult of a student who believes their student has been subjected to sexual harassment, are encouraged to bring their concerns to **any** District staff member, including a counselor, teacher, Title IX coordinator, or administrator. If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment. As soon as reasonably possible after receiving a report of alleged sexual harassment from another District staff member or after receiving a report directly through any means, the Title IX Coordinator shall contact the complainant to:

- Discuss the availability of supportive measures;
- Consider the complainant's wishes with respect to supportive measures;
- Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
- explain to the complainant the process for filing a formal complaint.

### **Supportive Measures**

The District shall offer supportive measures to the complainant and make supportive measures available to the respondent that are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party before or after the filing of a formal complaint or where no formal complaint has been filed. The District shall provide the

individualized supportive measures to the complainant unless declined in writing by the complainant and shall provide individualized supportive measures that are non-disciplinary and non-punitive to the respondent. A complainant who initially declined the District's offer of supportive measures may request supportive measures at a later time and the District shall provide individualized supportive measures based on the circumstances when the subsequent request is received.

### **Formal Complaint**

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email. Upon receipt of a formal complaint, a District shall simultaneously provide the following written notice to the parties who are known:

- o Notice of the District's grievance process and a copy of the procedures governing the grievance process;
- o Notice of the allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
  - The identities of the parties involved in the incident, if known;
  - The conduct allegedly constituting sexual harassment; and
  - The date and location of the alleged incident, if known;
- o A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- o That the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;
- o That the parties may inspect and review evidence relevant to the complaint of sexual harassment; and
- o That the District's code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known.

The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular "party", "complainant", or "respondent" include the plural, as applicable.

When investigating a formal complaint and throughout the grievance process, a District shall:

- Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the District and not on the parties;
- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the

professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party's voluntary, written consent or that party's voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process;

- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation ; this includes evidence:
  - Whether obtained from a party or other source,;
  - The District does not intend to rely upon in reaching a determination regarding responsibility; and
  - That is either Inculpatory or exculpatory; and
- Create an investigative report that fairly summarizes relevant evidence.

At least ten (10) days prior to completion of the investigative report, the District shall send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10) days to submit a written response to the evidence. The investigator will consider the written responses prior to completion of the investigative report. All evidence subject to inspection and review shall be available for the parties' inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

After the investigative report is sent to the parties, the decision-maker shall:

- o Provide each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness;
- o Provide each party with the answers;
- o Allow for additional, limited follow-up questions from each party; and
- o Provide an explanation to the party proposing the questions any decision to exclude a question as not relevant. Specifically, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence

concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

No earlier than ten (10) days following the completion of the investigation period, the decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility. The written determination shall include—

1. Identification of the allegations potentially constituting sexual harassment;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including:
  - a. Any notifications to the parties;
  - b. Interviews with parties and witnesses;
  - c. site visits;
  - d. Methods used to gather other evidence,; and
  - e. Hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the District's code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including:
  - a. A determination regarding responsibility;
  - b. Any disciplinary sanctions imposed on the respondent; and
  - c. Whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
6. The procedures and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination regarding responsibility shall become final on the earlier of:

- If an appeal is not filed, the day after the period for an appeal to be filed expires; or
- If an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved; did not occur in the District's education program or activity; or did not occur against a person in the United States, then the District shall dismiss the complaint as not meeting the definition of sexual harassment under this policy. A dismissal for these reasons does not preclude action under another provision of the District's code of conduct.

The District may dismiss the formal complaint or any allegations therein, if at any time during the grievance process:

- o The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- o The respondent is no longer enrolled at the District; or
- o Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The District may hire an individual or individuals to conduct the investigation or to act as the determination-maker when necessary.

### **Appeals**

Either party may appeal a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- a. The existence of a procedural irregularity that affected the outcome of the matter;
- b. Discovery of new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- c. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or
- d. An appeal of the disciplinary sanctions from the initial determination.

For all appeals, the District shall:

1. Notify the other party in writing when an appeal is filed;
2. Simultaneously Provide all parties a written copy of the District's procedures governing the appeal process;
3. Implement appeal procedures equally for both parties;
4. Ensure that the decision-maker for the appeal is not the same person as the decision-maker that reached the original determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator;
5. Provide all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
6. Issue a written decision describing the result of the appeal and the rationale for the result; and
7. Provide the written decision simultaneously to both parties.

### **Confidentiality**

Reports of sexual harassment, both informal reports and formal complaints, will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to:

- individuals who are responsible for handling the District's investigation and determination of responsibility to the extent necessary to complete the District's grievance process;
- Submit a report to the child maltreatment hotline;
- Submit a report to the Professional Licensure Standards Board for reports alleging sexual harassment by an employee towards a student; or
- The extent necessary to provide either party due process during the grievance process.

Except as listed above, the District shall keep confidential the identity of:

- Any individual who has made a report or complaint of sex discrimination;
- Any individual who has made a report or filed a formal complaint of sexual harassment;
- Any complainant;
- Any individual who has been reported to be the perpetrator of sex discrimination;
- Any respondent; and
- Any witness.

Any supportive measures provided to the complainant or respondent shall be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the District to provide the supportive measures.

### **Emergency removal**

The District may remove a respondent from the District's education program or activity on an emergency basis only after the completion of an individualized safety and risk analysis that determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. A removed student will be provided with notice and an opportunity to challenge the removal decision immediately following the removal.

### **Retaliation Prohibited**

Students, or the parents/legal guardians/ other responsible adult of a student, who submit a report or file a formal complaint of sexual harassment,; testified; assisted; or participate or refused to participate in any manner in an investigation, proceeding, or hearing on sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats; intimidation; coercion; discrimination; or charges for code of conduct violations that do not involve sex discrimination or sexual harassment, arise out of the same facts or circumstances as a report or formal complaint of sex discrimination, and are made for the purpose of interfering with any right or privilege under this policy. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

### **Disciplinary Sanctions**

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment. Following the completion of the District's grievance process, any student who is found by the evidence to more likely than not have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion. No disciplinary sanction or other action that is not a supportive measure may be taken against a respondent until the conclusion of the grievance process.

Students who knowingly fabricate allegations of sexual harassment or purposely provide inaccurate facts shall be subject to disciplinary action up to and including expulsion. A determination that the allegations do not rise to the level of sexual harassment alone is not sufficient to conclude that any party made a false allegation or materially false statement in bad faith.

### **Records**

The District shall maintain the following records for a minimum of seven (7) years:

- Each sexual harassment investigation including:
- Any determination regarding responsibility;
- any disciplinary sanctions imposed on the respondent;
- Any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
- Any appeal and the result therefrom;
- All materials used to train Title IX Coordinators, investigators, and decision-makers;

- Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, which must include:
  - o The basis for the District’s conclusion that its response was not deliberately indifferent; and
  - o Document:
    - If supportive measures were provided to the complainant, the supportive measures taken designed to restore or preserve equal access to the District’s education program or activity; or
    - If no supportive measures were provided to a complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Use of district electronic devices is for educational and/or instructional purposes only. Student use of electronic device(s) shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their electronic device use, including email, and that monitoring of student electronic device use is continuous.

No student will be granted Internet access until and unless an Internet and electronic device -use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. The current version of the Internet and Electronic Device use agreement is incorporated by reference into board policy and is considered part of the student handbook.

### **Technology Protection Measures**

The District is dedicated to protecting students from materials on the Internet or world wide web that are inappropriate, obscene, or otherwise harmful to minors; therefore, it is the policy of the District to protect each electronic device with Internet filtering software that is designed to prevent students from accessing such materials. ## 4.30—SUSPENSION FROM SCHOOL

Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days, including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to, that:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5<sup>th</sup>) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student:

1. The student shall be given written notice or advised orally of the charges against him/her;
2. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts; and
3. If the principal finds the student guilty of misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s), legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), person(s) having lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the responsibility of a student's parents, legal guardians, person having lawful control of the student, or person standing in loco parentis to provide current contact information to the district, which the school shall use to immediately notify the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:

- A primary call number;
  - The contact may be by voice, voice mail, or text message.
- An email address;
- A regular first class letter to the last known mailing address.

The district shall keep a log of contacts attempted and made to the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of OSS.

During the period of their suspension, students serving OSS are not permitted on campus except to attend a student/parent/administrator conference or when necessary as part of the District's engagement or access to education program.

During the period of their suspension, students serving in-school suspension shall not attend or participate in any school-sponsored activities during the imposed suspension.<sup>3</sup>

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board.

## 4.31—EXPULSION

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct:

- Deemed to be of such gravity that suspension would be inappropriate;
- Where the student's continued attendance at school would disrupt the orderly learning environment; or
- Would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5<sup>th</sup>) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

The Superintendent or his/her designee shall give written notice to the parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, legal guardian, person having lawful control of the student, person standing in loco parentis, or student if age eighteen (18) or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses, who gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted; however, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by policy 4.22, the Superintendent shall recommend the expulsion of any student for a period of one (1) year for possession of any firearm prohibited on school campus by law. The

Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of expulsion. The District's program shall include offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

## **4.32—SEARCH, SEIZURE, AND INTERROGATIONS**

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable and individualized suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness; however, searches may be done at any time with or without notice or the student's consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

### 4.33—STUDENTS' VEHICLES

Vehicles driven to school shall be parked in the area designated for student parking. Parking on school property is a privilege which may be denied to a student for any disciplinary violation, at the discretion of the student's building principal.

Students are **not** permitted to loiter in parking areas and are not to return to their vehicles during the school day for any reason unless given permission to do so by school personnel. Students may not arrive on campus (dropped off, bus, etc) and enter another student's vehicle.

It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by District policy found in their vehicle. The act of a student parking a vehicle on campus is a grant of permission for school or law enforcement authorities to search that vehicle.

### 4.34—COMMUNICABLE DISEASES AND PARASITES

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: Varicella (chicken pox), measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant *Staphylococcus aureus*), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis A, B, or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any bloodborne, foodborne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

In accordance with 4.57—IMMUNIZATIONS, the District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

Prior to the administration of any medication, including any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, to any student under the age of eighteen (18), written parental consent is required. The consent form shall include authorization to administer the medication and relieve the Board and its employees of civil liability for damages or injuries resulting from the administration of medication to students in accordance with this policy. All signed medication consent forms are to be maintained by the school nurse.

Unless authorized to self-administer or otherwise authorized by this policy, students are not allowed to carry any medications, including over-the-counter (OTC) medications or any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration while at school.

The parent or legal guardian shall bring the student's medication to the school nurse. The student may bring the medication if accompanied by a written authorization from the parent or legal guardian. When medications are brought to the school nurse, the nurse shall document, in the presence of the parent, the quantity of the medication(s). If the medications are brought by a student, the school nurse shall ask another school employee to verify, in the presence of the student, the quantity of the medication(s). Each person present shall sign a form verifying the quantity of the medication(s).

Medications, including those for self-administration, must be in the original container and be properly labeled with the student's name, the ordering provider's name, the name of the medication, the dosage, frequency, and instructions for the administration of the medication (including times). Additional information accompanying the medication shall state the purpose for the medication, its possible side effects, and any other pertinent instructions (such as special storage requirements) or warnings. Schedule II medications that are permitted by this policy to be brought to school shall be stored in a double locked cabinet.

Students with an individualized health plan (IHP) may be given OTC medications to the extent giving such medications are included in the student's IHP.

The district's supervising registered nurse is responsible for creating procedures for the administration of medications on and off campus.

The school shall not keep outdated medications or any medications past the end of the school year. Parents shall be notified ten (10) days in advance of the school's intention to dispose of any medication. Medications not picked up by the parents or legal guardians within the ten (10) day period shall be disposed of by the school nurse in accordance with current law and rules.

### **Schedule II Medications**

Students taking Schedule II medications methylphenidate (e.g. Ritalin or closely related medications as determined by the school nurse), dextroamphetamine (Dexedrine), and amphetamine sulfate (e.g. Adderall or closely related medications as determined by the school nurse) shall be allowed to attend school.

Students taking Schedule II medications not included in the previous sentence shall be allowed to bring them to school under the provisions of this policy and shall be permitted to attend and participate in classes **only** to the extent the student's doctor has specifically authorized such attendance and participation. A doctor's prescription for a student's Schedule II medication is **not** an authorization. Attendance authorization shall specifically state the degree and potential danger of physical exertion the student is permitted to undertake in the student's classes and extracurricular activities. Without a doctor's written authorization, a student taking Schedule II medications, other than those specifically authorized in this policy, shall **not** be eligible to attend classes, but shall be eligible for homebound instruction if provided for in their IEP or 504 plans.

- At an on-site school sponsored activity;
- While traveling to or from school; or
- At an off-site school sponsored activity.

A student is prohibited from sharing, transferring, or in any way diverting his/her medications to any other person. The fact that a student with a completed consent form on file is allowed to carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, or combination does not require him/her to have such on his/her person. The parent or guardian of a student who qualifies under this policy to self-carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, or any combination on his/her person shall provide the school with the appropriate medication, which shall be immediately available to the student in an emergency.

Students may possess and use a topical sunscreen that is approved by the United States Food and Drug Administration for OTC use to avoid overexposure to the sun without written authorization from a parent, legal guardian, or healthcare professional while the student is on school property or at a school-related event or activity. The parent or guardian of a student may provide written documentation authorizing specifically named District employee(s), in addition to the school nurse, to assist a student in the application of sunscreen. The District employee(s) named in the parent or legal guardian's written authorization shall not be required to assist the student in the application of sunscreen.

2. A current, valid consent form on file from their parent or guardian.

When the nurse is unavailable, the trained volunteer school employee who is responsible for a student shall be released from other duties during:

- A. The time scheduled for a dose of insulin in the student's IHP; and
- B. Glucagon or non-scheduled insulin administration once other staff have relieved him/her from other duties until a parent, guardian, other responsible adult, or medical personnel has arrived.

A student shall have access to a private area to perform diabetes monitoring and treatment functions as outlined in the student's IHP.

The parent of a student who has an authorizing IHP, or the student if over the age of eighteen (18), shall annually complete and sign a written consent form provided by the student's school nurse authorizing the nurse or other school employee(s) certified to administer auto-injector epinephrine to administer auto-injector epinephrine to the student when the employee believes the student is having a life-threatening anaphylactic reaction.

Students with an order from a licensed health care provider to self-administer auto-injectable epinephrine and who have written permission from their parent or guardian shall provide the school nurse an epinephrine auto-injector. This epinephrine will be used in the event the school nurse, or other school employee certified to administer auto-injector epinephrine, in good faith professionally believes the student is having a life-threatening anaphylactic reaction and the student is either not self-carrying his/her /epinephrine auto-injector or the nurse is unable to locate it.

The school nurse for each District school shall keep epinephrine auto-injectors on hand that are suitable for the students the school serves. The school nurse or other school employee designated by the school nurse as a care provider who has been trained and certified by a licensed physician may administer auto-injector epinephrine to those students who the school nurse, or other school employee certified to administer auto-injector epinephrine, in good faith professionally believes is having a life-threatening anaphylactic reaction.

The parent of a student who has an authorizing IHP, or the student if over the age of eighteen (18), shall annually complete and sign a written consent form provided by the student's school nurse

authorizing the nurse or other school employee(s) certified to administer albuterol to administer albuterol to the student when the employee believes the student is in perceived respiratory distress.

The school nurse for each District school shall keep albuterol on hand. The school nurse or other school employee designated by the school nurse as a care provider who has been trained and certified by a licensed physician, advanced practice registered nurse, or physician assistant may administer albuterol to those students who the school nurse, or other school employee certified to administer albuterol, in good faith professionally believes is in perceived respiratory distress.

### **Emergency Administration of Anti-opioid**

The school nurse for each District school shall keep anti-opioid injectors on hand. Prior to the administration of corporal punishment, the student receiving the corporal punishment shall be given an explanation of the reasons for the punishment and be given an opportunity to refute the charges.

All corporal punishment shall be administered privately, i.e. out of the sight and hearing of other students, shall not be excessive, or administered with malice, and shall be administered in the presence of another school administrator or designee who shall be a licensed staff member employed by the District.

## **4.40—HOMELESS STUDENTS**

The McCrory School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational agency (LEA) liaison for homeless children and youth whose responsibilities shall include, but are not limited to:

- Receive appropriate time and training in order to carry out the duties required by law and this policy;
- Coordinate and collaborate with the State Coordinator, community, and school personnel responsible for education and related services to homeless children and youths;
- Ensure that school personnel receive Professional development and other support regarding their duties and responsibilities for homeless youths;
- Ensure that unaccompanied homeless youths:
  - Are enrolled in school;
  - Have opportunities to meet the same challenging State academic standards as other children and youths; and
  - Are informed of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the LEA liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid;

- Ensure that public notice of the educational rights of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youth, and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.

To the extent possible, the LEA liaison and the building principal shall work together to ensure no homeless child or youth is harmed due to conflicts with District policies solely because of the homeless child or youth's living situation; this is especially true for District policies governing fees, fines, and absences.

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute, including all appeals. It is the responsibility of the District's LEA liaison for homeless children and youth to carry out the dispute resolution process.

For the purposes of this policy "school of origin" means:

- The school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool; and
- The designated receiving school at the next grade level for all feeder schools when the child completes the final grade provided by the school of origin.

The District shall do one of the following according to what is in the best interests of a homeless child:

1. Continue the child's or youth's education in the school of origin for the duration of homelessness:
  - In any case in which a family becomes homeless between academic years or during an academic year; and
  - For the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or
1. Enroll the child or youth in any public school that non homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

In determining the best interest of the child or youth, the District shall:

- o Presume that keeping the child or youth in the school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;
- o Consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth.

If the District determines that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, the District shall provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form

understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal. For an unaccompanied youth, the District shall ensure that the LEA liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

The homeless child or youth must be immediately enrolled in the selected school regardless of whether application or enrollment deadlines were missed during the period of homelessness.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the LEA Liaison), to and from the child's school of origin.

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and:

- a. Are:
  - Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
  - Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;
  - Living in emergency or transitional shelters;
  - Abandoned in hospitals; or
- b. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
- c. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
- d. Are migratory children who are living in circumstances described in clauses (a) through (c).

In accordance with Federal law, information on a homeless child or youth's living situation is part of the student's education record and shall not be considered, or added, to the list of directory information in Policy 4.13.

## 4.41—PHYSICAL EXAMINATIONS OR SCREENINGS

The district conducts routine health screenings such as hearing, vision, BMI and scoliosis due to the importance these health factors play in the ability of a student to succeed in school. The intent of the exams or screenings is to detect defects in hearing, vision, or other elements of health that would adversely affect the student's ability to achieve his/her full potential.

The rights provided to parents under this policy transfer to the student when he/she turns eighteen (18) years old.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F or by providing certification from a physician that he/she has recently examined the student.

## 4.45—SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a *Smart Core Waiver Form* to not participate. While Smart Core is the default option, a *Smart Core Information Sheet* and a *Smart Core Waiver Form* will be sent home with students prior to their enrolling in seventh (7<sup>th</sup>) grade, or when a seventh (7<sup>th</sup>) through twelfth (12<sup>th</sup>) grade student enrolls in the district for the first time and there is not a signed waiver form in the student's permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the deadline for them to sign and return the waiver form.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum **providing** they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents as part of the annual school district support plan development process to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children for all students who meet the definition of "eligible child" in Policy 4.2—ENTRANCE

REQUIREMENTS including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

### **GRADUATION REQUIREMENTS**

The number of units students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) units is required for graduation for a student participating in either the Smart Core or Core curriculum. In addition to the twenty-two (22) units required for graduation by the Division of Elementary and Secondary Education (DESE), the district requires an additional four (4) units to graduate for a total of twenty-six (26) units. The additional required units may be taken from any electives offered by the district. There are some distinctions made between Smart Core units and Graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

All students must receive a passing score on the Arkansas Civics Exam in order to graduate.

Students shall be trained in quality psychomotor skill bases in cardiopulmonary resuscitation and the use of automated external defibrillators in order to graduate.

### **Digital Learning Courses**

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format. In addition to the other graduation requirements contained in this policy, students are required to take at least one (1) digital learning course for credit while in high school.

### **Personal and Family Finance**

All students shall receive credit in a course covering the Personal and Family Finance Standards in order to graduate.

### **SMART CORE: Sixteen (16) units**

English: four (4) units – 9<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup>, and 12<sup>th</sup>

Oral Communications: one-half (½) unit

Mathematics: four (4) units (all students under Smart Core must take a mathematics course in grade 11 or 12 and complete Algebra II.)

#### **Qualification of Transfer Students as Honor Graduates**

Students transferring into the district shall have their transcript evaluated to determine their progress toward graduation and the comparative value of the courses that they have taken.

#### **VALEDICTORIAN AND SALUTATORIAN SELECTION PROCESS**

1. Use the 4.0 GPA from the 8 semester transcript.
2. List all AP courses and numerical grades.
3. For each semester of an AP class take numerical grade, add, and divide by 2 to get the number to Determine letter grade.
4. Assign points to each AP letter grade using the following scale:  
A=5    B=4    C=3    D=2    F=0
5. Add 4.0 GPA and the numeric values for each AP class.
6. Divide the total by the number of AP classes plus the 4 point GPA.  
(3 AP classes – divide by 4; 4 AP classes – divide by 5, etc.)

**This will be the adjusted GPA used ONLY for valedictorian and salutatorian selections. THE STUDENT(S) WITH THE HIGHEST ADJUSTED GPA WILL BE NAMED VALEDICTORIAN; THE STUDENT(S) WITH THE NEXT HIGHEST GPA WILL BE NAMED THE SALUTATORIAN.**

7. In the event of a tie or ties, there may be multiple valedictorians and/or salutatorians.
8. For honors that must be named before the 8 semester transcript is official, the seven semester transcript will be used to compute the top two ranking students using the above formula.

#### **Honor Society**

Junior and Senior Honor Society students must maintain a 3.35 cumulative GPA on a 4.0 or 5.0 scale, complete the proper course selection and be selected by certified faculty members to be eligible for invitation into the National Honor Society. These rules are based upon a student's outstanding performance in the areas of scholarship, service, leadership, and character (plus citizenship for NJHS). Students will be considered for

selection in the spring of their 8<sup>th</sup> grade year for NJHS and the spring of their 10<sup>th</sup> grade year for NSHS. Eligible students are updated annually.

SCHOLARSHIP: Maintain a 3.35 (on a 4.0 or 5.0 scale) with the following course selection -

- 8th - 12th grade    Must be enrolled in Smart Core
- 10th grade    Must be enrolled in or have completed 2 honor courses
- 11th grade    Must be enrolled in or have completed Pre AP English 11 and 4 other honor courses plus Foreign Language I and chemistry
- 12th grade    Must meet Honor Graduate curriculum requirement with a GPA of 3.35 or higher.

Students who leave high school to enroll in college before they graduate high school will be eligible to graduate as a member of the National Honor Society only if they were a member in good standing the last semester they were enrolled in high school.

#### **HONOR COURSES**

Honors English 10	Honors World History	Honors Biology	Honors Algebra II
AP English 11	AP American History	AP Biology	Pre-Calculus/Trigonometry

**Any other AP class- Note: Concurrent credit classes, besides the ones listed above, will not count for eligibility requirements for either Honor Society or Honor Graduate.**

SERVICE: The voluntary contributions made by a student to the school or community, done without compensation and with a positive, courteous, and enthusiastic spirit.

Each member must complete 2 service projects per year. MHS NJS will provide a minimum of 2 opportunities per year. A student may substitute or supplement 1 individual service project with prior approval of the chapter advisor.

## **4.47— POSSESSION AND USE OF CELL PHONES AND OTHER ELECTRONIC DEVICES**

Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden.

To protect the security of statewide assessments, no electronic device, as defined in this policy, shall be accessible by a student at any time during assessment administration unless specifically permitted by a student's individualized education program (IEP) or individual health plan; this means that when a student is taking an AESAA assessment, the student shall not have his/her electronic device in his/her possession. Any student violating this provision shall be subject to this policy's disciplinary provisions. The prohibition in this policy does not extend to the electronic device the District provides the student for the student's use during assessment administration to the extent the student is using the District provided device to complete the assessment.

As used in this policy, "electronic devices" means anything that can be used to transmit or capture images, sound, or data.

Misuse of electronic devices includes, but is not limited to:

1. Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor; Students are not allowed to use cell phones or smart watches during the instructional school day.

2. Permitting any audible sound to come from the device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the device to record audio or video or to take photographs in areas where a general expectation of personal privacy exists, including but not limited to locker rooms and bathrooms;
5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person.

Use of an electronic device is permitted to the extent it is approved in a student's IEP or it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Before and after normal school hours, possession of electronic devices is permitted on the school campus. The use of such devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending. Students are never allowed to possess or use an electronic device, outside of school issued computer, during state and interim testing. During these times, students must turn their electronic devices into the teacher until the testing session is over.

Consequences from misuse of cell phone:

1st offense: Phone will be confiscated, turned into the office, and students may pick up the phone AFTER school hours (after 3:15), and the principal will notify parents by phone.

2nd offense: Students will be assigned 3 days of ISS. Parents must come to the school to obtain confiscated phones and a parent/student/administrator conference.

3rd offense: Students will be assigned 5 days of ISS. Parents must come to the school to obtain confiscated phones and a parent/student/administrator conference.

4th offense: Phone will be turned into the office. Principal will call parents to the school for a meeting. Students will be suspended 3 days out of school and forfeit the privilege of having a cell phone at school for the remainder of the school year. (Students who drive have to leave their phones in the vehicle. Students who do not drive must turn their phones into the office each day).

*\*Confiscation of a cell phone is defined to mean the entire cell phone, which includes the SIM card, battery, etc. \*\*The severity of the consequences can be altered to address the severity of the offense, as determined by the school administration. Such consequences could range from ISS to expulsion. \*\*\*If a student refuses to turn in his or her cell phone into the teacher when requested, the consequence results in a minimum of five days of ISS.*

A parent shall obtain approval from the student's building principal before operating a student-tracking safety device at school or at a school-sponsored event if the device has recording or listen-in capability. The District requires the device's recording and listen-in technology to be disabled while the device is on the campus or at the school-sponsored event because of student privacy concerns. The District prohibits unauthorized audio or visual recordings or transmission of audio or images of other students. The student's parent shall agree in writing to the requirement for the device's recording and listening-in technology to be disabled and that the District may prohibit future use of the device on campus or at a school-sponsored activity if it is determined that the device's recording or listening-in capabilities were used in violation of this policy before the student safety tracking device may be on campus or at a school-sponsored event.

The student and/or the student's parents or guardians expressly assume any risk associated with students owning or possessing electronic devices. Students misusing electronic devices shall have them confiscated. Confiscated devices may be picked up at the school's administration office by the student's parents or guardians. Please refer to your student's campus handbook for more specific information concerning confiscated devices. Students have no right of privacy as to the content contained on any electronic devices that have been confiscated. A search of a confiscated device shall meet the reasonable individualized suspicion requirements of Policy 4.32—SEARCH, SEIZURE, AND INTERROGATIONS.

Students who use school issued cell phones and/or computers for non-school purposes, except as permitted by the district's Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion.

No student shall use any wireless communication device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle that is in motion and on school property. Violation may result in disciplinary action up to and including suspension.

#### 4.48—VIDEO SURVEILLANCE AND OTHER STUDENT MONITORING

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras, automatic identification technology, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.

The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording. Other than video recordings being retained under the provisions of this policy's following paragraph, the district's video recordings may be erased any time greater than two weeks after they were created.

Videos, automatic identification, or data compilations containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook; any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment, automatic identification, or data compilation devices shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

## 4.55—STUDENT PROMOTION AND RETENTION

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

At least once each semester, the Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis, and teacher(s) of a student in kindergarten through eighth (8<sup>th</sup>) grade shall be notified in writing of the student's independent grade-level-equivalency in reading.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on criteria established by McCrory Elementary School and McCrory High School (See Promotion and Retention Policies below for each campus) If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

- a. The building principal or designee;
- b. The student's teacher(s);
- c. School counselor;
- d. A 504/special education representative (if applicable); and
- e. The student's parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Each student shall have a student success plan (SSP) developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student's SSP shall:

- o Guide the student along pathways to graduation;
- o Address accelerated learning opportunities;
- o Address academic deficits and interventions; and
- o Include college and career planning components.

Based on a student's score on the college and career assessment:

- The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:

1. By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

A student's individualized education program (IEP) may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion or retention of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

Students who either refuse to sit for a Statewide assessment or attempt to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following Statewide assessment, as applicable. The Superintendent or designee may waive this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

## **MCCRORY HIGH SCHOOL PROMOTION POLICY**

**SEVENTH – EIGHTH GRADES** Students in grades 7 and 8 will be promoted to the next grade by passing three of the four basic subjects (English, math, science and social studies). However, any student who fails only one basic subject will be required to attend summer school during the month of June or repeat the failed class in place of an elective or activity the following year. Students who fail two or more basic subjects will be encouraged to attend summer school and will be required to repeat that grade the following year. Grades of first and second semesters are averaged together for promotion. At the end of five weeks, below average and failure notices will be sent to parents. Pupil

progress will be reported to parents four (4) times each year following the close of each nine week period, except the final report shall be made on the last day of school if possible. Supplementary notes of communication, suggestions for improvement, parental conferences, room meetings and similar means of keeping in touch with parents are encouraged. **CLASS LOADS** All students must be enrolled in at least four (4) academic classes.

**NINTH-TWELFTH GRADES** Students in grades 9-12 will be promoted based on the number of credits received at the end of each academic year. Students are required to pass each semester of each course. If a student does not pass each semester, the student will be asked to attend summer school to make up that particular credit. Failure to make up credit during the summer will result in the student making up the credit during the instructional school day the following year.

Any of the courses for which concurrent high school credit is earned may be from an institution of higher education recognized by DESE. If a student passes an academic course offered on a block schedule, the course can be counted twice toward meeting the requirement for students to pass four (4) academic courses per semester as required by this policy.

“Extracurricular activities” are defined as: any school sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular class time, or are competing for the purpose of receiving an award, rating, recognition, or criticism, or qualification for

additional competition. Examples include, but are not limited to, inter/interscholastic athletics, cheerleading, band, choral, math, or science competitions, field trips, and club activities.

“Interscholastic Activities” means athletic or non-athletic/academic activities where students compete on a school vs. school basis.

“Interscholastic Activities” means athletic or non-athletic/academic activities where students compete with students from within the same school.

“Supplemental Improvement Program (SIP)” is an additional instructional opportunity for identified students outside of their regular classroom and meets the criteria outlined in the current Arkansas Activities Association (AAA) Handbook.

### **Extracurricular Eligibility**

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student’s educational experience. At the same time, the Board believes that a student’s participation in extracurricular activities cannot come at the expense of his/her classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal. Students must be at campus by fourth (4th) period in order to participate in an extracurricular event on the same day. Additionally, a student’s participation in, and the District’s operation of, extracurricular activities shall be subject to the following policy. All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

Any student who refuses to sit for a Statewide assessment or attempts to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity. The student shall remain ineligible to participate until the student takes the same or a following statewide assessment, as applicable. The superintendent or designee may waive this paragraph's provisions when the student’s failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

A student who enrolls in the district and meets the definition of “eligible child” in Policy 4.2—ENTRANCE REQUIREMENTS shall be eligible to try out for an extracurricular activity regardless of the date the student enrolls in the District so long as the student meets all other eligibility requirements and the extracurricular activity is still ongoing.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest

before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

No student shall be required to pay for individual or group instruction in order to participate in an extracurricular activity.

### **Interscholastic Activities**

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines. A hard copy of the schedule shall be available upon request.

#### **ACADEMIC REQUIREMENTS: Junior High**

A student promoted from the sixth to the seventh grade automatically meets scholarship requirements. A student promoted from the seventh to the eighth grade automatically meets scholarship requirements for the first semester. The second semester eighth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester.

The first semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester.

The second semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed (4) academic courses the previous semester which count toward his/her high school graduation requirements.

Ninth-grade students must meet the requirements of the senior high scholarship rule by the end of the second semester in the ninth grade in order to be eligible to participate in the fall semester of their tenth-grade year.

#### **ACADEMIC REQUIREMENTS: Senior High**

In order to remain eligible for competitive interscholastic activity, a student must have passed (4) academic courses the previous semester and either:

1. Have earned a minimum Grade Point Average (GPA) of 2.0 from all academic courses the previous semester; or
2. If the student has passed four (4) academic courses the previous semester but does not have a 2.0 GPA the student must be enrolled and successfully participating in an SIP to maintain their competitive interscholastic extracurricular eligibility.

#### **STUDENTS WITH AN INDIVIDUAL EDUCATION PROGRAM**

In order to be considered eligible to participate in competitive interscholastic activities, students with disabilities must pass at least four (4) courses per semester as required by their individual education program (IEP).

In addition to the foregoing rules, the district shall abide by the rules of AAA governing interscholastic activities. AAA provides catastrophic insurance coverage for students participating in AAA governed extracurricular activities who are enrolled in school. As a matter of District policy, no student may participate in a AAA governed extracurricular activity unless he or she is enrolled in a district school, to ensure all students are eligible for AAA catastrophic insurance.

Students participating in interscholastic extracurricular activities that would be governed by AAA if they were to occur between students of different schools shall meet all interscholastic activity eligibility requirements to be eligible to participate in the comparable interscholastic activity. The District will abide by the AAA Handbook for such activities to ensure District students are not disqualified from participating in interscholastic activities.

Unless made ineligible by District policies, all students shall be eligible to participate in non-AAA governed interscholastic extracurricular activities. Interscholastic activities designed for a particular grade(s) or course(s) shall require the student to be enrolled in the grade(s) or course(s).

## 4.57—IMMUNIZATIONS

### Definitions

“In process” means the student has received at least one dose of the required immunizations and is waiting the minimum time interval to receive the additional dose(s).

“Serologic testing” refers to a medical procedure used to determine an individual’s immunity to Hepatitis B, Measles, Mumps, Rubella and Varicella.

### General Requirements

Unless otherwise provided by law or this policy, no student shall be admitted to attend classes in the District who has not been age appropriately immunized against:

- Poliomyelitis;
- Diphtheria;
- Tetanus;
- Pertussis;
- Red (rubeola) measles;
- Rubella;
- Mumps;
- Hepatitis A;
- Hepatitis B;
- Meningococcal disease;
- Varicella (chickenpox); and
- Any other immunization required by the Arkansas Department of Health (ADH).

The District administration has the responsibility to evaluate the immunization status of District students. The District shall maintain a list of all students who are not fully age appropriately immunized or who have an exemption provided by ADH to the immunization requirements based on medical, religious, or philosophical grounds. Students who are not fully age appropriately immunized when seeking admittance shall be referred to a medical authority for consultation.

The only types of proof of immunization the District will accept are immunization records provided by

- A. Licensed physician;
- B. Health department;
- C. Military service;
- D. Official record from another educational institution in Arkansas; or
- E. An immunization record printed off of the statewide immunization registry with the Official Seal of the State of Arkansas.

The proof of immunization must include the vaccine type and dates of vaccine administration.

Documents stating “up-to-date”, “complete”, “adequate”, and the like will not be accepted as proof of immunization. No self or parental history of varicella disease will be accepted as a history of varicella disease must be documented by a licensed physician, advanced practice nurse, doctor of osteopathy, or

physician assistant. Valid proof of immunization and of immunity based on serological testing shall be entered into the student's record.

In order to continue attending classes in the District, the student must have submitted:

- 1) Proof of immunization showing the student to be fully age appropriately vaccinated;
- 2) Written documentation by a public health nurse or private physician of proof the student is in process of being age appropriately immunized, which includes a schedule of the student's next immunization;
- 3) A copy of a letter from ADH indicating immunity based on serologic testing; and/or
- 4) A copy of the letter from ADH exempting the student from the immunization requirements for the current school year, or a copy of the application for an exemption for the current school year if the exemption letter has not yet arrived.

Students whose immunization records or serology results are lost or unavailable are required to receive all age appropriate vaccinations or submit number 4 above.

### **Temporary Admittance**

While students who are not fully age appropriately immunized or have not yet submitted an immunization waiver may be enrolled to attend school, such students shall be allowed to attend school on a temporary basis only. Students admitted on a temporary basis may be admitted for a maximum of thirty (30) days (or until October 1st of the current school year for the tetanus, diphtheria, pertussis, and meningococcal vaccinations required at ages eleven (11) and sixteen (16) respectively if October 1<sup>st</sup> is later in the current school year than the thirty (30) days following the student's admittance). No student shall be withdrawn and readmitted in order to extend the thirty (30) day period. Students may be allowed to continue attending beyond the thirty (30) day period if the student submits a copy of either number 2 or number 4 above.

Students who are in process shall be required to adhere to the submitted schedule. Failure of the student to submit written documentation from a public health nurse or private physician demonstrating the student received the vaccinations set forth in the schedule may lead to the revocation of the student's temporary admittance; such students shall be excluded from school until the documentation is provided.

The District will not accept copies of applications requesting an exemption for the current school year that are older than two (2) weeks based on the date on the application. Students who submit a copy of an application to receive an exemption from the immunization requirements for the current year to gain temporary admittance have thirty (30) days from the admission date to submit either a letter from ADH granting the exemption or documentation demonstrating the student is in process and a copy of the immunization schedule. Failure to submit the necessary documentation by the close of the thirty (30) days will result in the student being excluded until the documentation is submitted.

### **Exclusion From School**

In the event of an outbreak, students who are not fully age appropriately immunized, are in process, or are exempt from the immunization requirements may be required to be excluded from school in order

to protect the student. ADH shall determine if it is necessary for students to be excluded in the event of an outbreak. Students may be excluded for no fewer than twenty-one (21) days or even longer depending on the outbreak. No student excluded due to an outbreak shall be allowed to return to school until the District receives approval from ADH.

Students who are excluded from school are not eligible to receive homebound instruction unless the excluded student had a pre-existing IEP or 504 Plan and the IEP/504 team determines homebound instruction to be in the best interest of the student. To the extent possible, the student's teacher(s) shall place in the principal's office a copy of the student's assignments:

- for the remainder of the week by the end of the initial school day of the student's exclusion; and
- by the end of each school's calendar week for the upcoming week until the student returns to school.

It is the responsibility of the student or the student's parent/legal guardian to make sure that the student's assignments are collected.

Students excluded from school shall have five (5) school days from the day the student returns to school to submit any homework and to make up any examinations. State mandated assessments are not included in "examinations" and the District has no control over administering state mandated make-up assessments outside of the state's schedule. Students shall receive a grade of zero for any assignment or examination not completed or submitted on time.

Annually by December 1, the District shall create, maintain, and post to the District's website a report that includes the following for each disease requiring an immunization under this policy:

- o The number of students in the District that were granted an exemption by the Department of Health from an immunization;
- o The percentage of students in the District that were granted an exemption by the Department of Health from an immunization;
- o The number of students within the District who have failed to provide to the public school proof of the vaccinations required and have not obtained an exemption from ADH;
- o The percentage of students within the District who have failed to provide to the public school proof of the vaccinations required and have not obtained an exemption from ADH; and
- o The percentage of a population that must receive an immunization for herd immunity to exist.

## Parent-Student Statement of Discipline Policy

Dear Parents or Guardians:

In accordance with the provisions of **Act 104**, First Extraordinary Session of the 1983 Legislature, each school district in Arkansas is required to establish procedures for notifying students and parents of charges, hearings, and other due process proceedings applicable to the enforcement and administration of district disciplinary policies.

In attempting to meet the requirements of **Act 104**, each student enrolled in the McCrory School District has been issued a "Student Handbook" (printed or electronic), which outlines the district's student policies.

In an effort to be in full compliance with the legal requirements of **Act 104**, the McCrory School District is requesting that each parent or guardian and their child/children please read this handbook and sign this sheet and return it to the principal's office within one week of receipt.

This form must be returned properly signed and dated within one week.

We have received the MHS Student Handbook (printed or electronic) and, although we may not agree with all the regulations, we understand that the rules must be adhered to at school and at all school sponsored activities.
