2.A. Process for Monitoring Implementation: Describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under Section 2001 (e) (1) of the ARP Act to address the academic impact of lost instruction time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

Description:

Implementation will be monitored by each respective building's principal. Students who do not meet the current promotion policy for the school district will be encouraged to attend Summer School. Students who did not score proficient in Reading, Math, or Science will be asked to attend tutoring either before or after school for at least a semester, a snack will be provided. Students who are projected to score below a 26 on the ACT will be invited to attend the ACT Bootcamp, other students may attend as well. Students and guardians will receive a letter in the mail informing them of the opportunity to participate in any of the above programs. We will partner with community leaders and businesses to provide additional opportunities during this time as well.

2.B. Process for Evaluating Implementation: Please describe how the LEA will evaluate the effectiveness of these interventions.

Evaluation:

Evaluation will consist of a review of all participants and their progress in the above programs as well as the effectiveness of staff. Students' NWEA tests will be monitored for areas of improvement as well as growth. Students who do not show progress/growth will be recommended for tutoring/summer school as appropriate. Students 9-12 grade will be offered the opportunity to participate in the ACT Bootcamps. ACT Bootcamp evaluations will be based on student feedback as well as (hopefully) improved scores on the ACT. Evaluation of the personnel positions listed above will be based on effectiveness in the classroom setting and with individual students based on test scores, before and after testing as appropriate, and the personnel's success under the TESS evaluation system.
