

## **CARL PERKINS**

If you have questions, please contact Wray Larman, [wlarman@coyle.k12.ok.us](mailto:wlarman@coyle.k12.ok.us)

Coyle Public Schools is in a consortium with Agra, Davenport, Depew, Glencoe, Ripley, Stroud, and Wellston to provide Carl Perkins funds for technology in each respective school--for use in AGED, BMITE, or FACS classes.

Carl Perkins is funded by the Federal Government and enables us to provide this program for the benefit of our students.

The consortium sets goals for improvement to measure student progress, using Oklahoma PASS standards set forth by the Oklahoma Career Tech system. It allows the school to develop programs that add additional instruction and assistance to students in the regular classroom.

We encourage and look forward to parental input and involvement. The goal of the Carl Perkins program is to provide a high quality education for every child.
