

TECHNOLOGY USE OPT-OUT

I have read and understand policy IJNDB and administrative rule IJNDB-R regarding the Newberry County School District's technology resources.

I understand that the district's technology resources are provided to students for educational purposes and that, while the district has implemented measures to prevent their access to inappropriate material, it cannot guarantee that all such access will be prevented.

In light of this risk, I have determined to **opt my child out** of the use of district technology resources. I understand that this means that my child **will not** be provided with access to the Internet.
