Opinion 714

Have you ever wanted to
take someone down on
skateboards someone? Then
you should go to karate.
It is in belgrade. And
you can actually take
someone down! But it
will not hurt. Because
they don't actually throw
you to the ground. They
are different levels. And
there are kid classes
and adult classes.

And if you are a kid

and you are that er/k

you can play with the

balls. And if

you are a beginner

then it isn't hard. Only

some people have ~~trubd~~

But not a lot of

people. You should go

to karate. Because if

you are in a fight

and someone is hitting

you then that are

how. The real thing is
