## Helper Middle Says Goodbye to two beloved teachers

Helper Middle School is home to fantastic teachers and staff. We have already said “Goodbye” to some this year and “Hello” to others. Two more will tell us goodbye as we close this 2018-2019 school year.

We would like to tell Mrs. Daniels and Mr. Ovard THANK-YOU from the bottom of our hearts.! Thank you for being great teachers and bringing some much light in to our school. You will be greatly missed.

## Goodbye Mrs.Daniels, By Bradley Sweeney and Allena Ison

We are all sad to see Mrs.Daniels go, but she still has a wonderful fun filled life with her husband and grandchildren ahead of her.

Below is an interview with Mrs. Daniels

How long have you taught at helper middle school?

4 years

What are you going to miss most about teaching?

“Interaction with the people, I love learning and kids!”

Is there anything you wish you could teach but couldn't? ...

“No. but I love teaching social studies. I do not like teaching writing.”

What are you looking forward to after you retire?

“More time with my husband, my grandkids, reading, and camping.”

What advice do you give to future students of HMS?

“Be respectful. Take advantage of good things that are here.”

What advice do you give to the future science teacher?

“Have fun!”

What is your most memorable moment at HMS?

“There are lots and lots of fun and good things that i have experienced. Something that I especially liked was students ‘Aha moments’ when students get something.”

## Mr. Ovard Interview by Veronica Cartwright

Q: what you best memory of helper?

A:when students make me laugh

Q: what the funnest activity here?

A:color dance

Q: how long have you been teaching

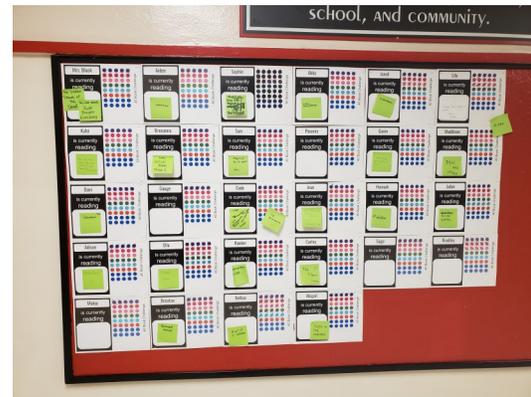

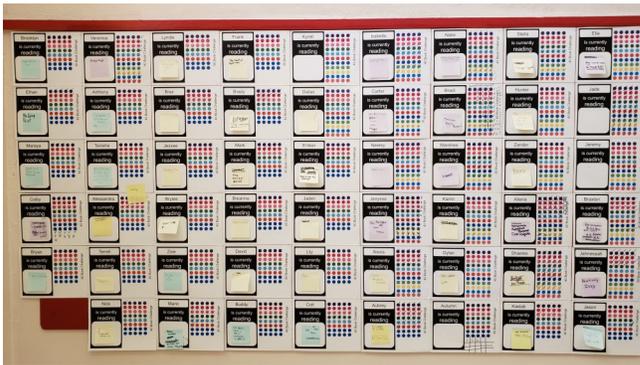

A:5th year

Q: Is there something you would want to say to the next art teacher?  
A:good luck ;)

## 40 BOOK CHALLENGE– update

The 40 Book Challenge issued by the district was a huge success! It got our students reading more books and even checking out genres that they may not normally read. We want to tell the students (and teachers) good job! Congratulations to those who finished or surpassed this challenge!

## History Fair

By Bradley Sweeney

In 2019, HMS has enjoyed many sports including wrestling, basketball, track, ETC. But many people also enjoy the History Fair. This year a total of seven kids participated. Firstly, everybody that participated in the regional fair, made it onto the state level. The kids whom participated were:

Gentrie Hansen and Sarah Ludington with their Website, Auschwitz Concentration Camp

Emma Holm with her Exhibit, The Triumphs and Tragedies of the Marquis de Lafayette

Bradley Sweeney with his Website, The Final Countdown: A Triumphant End to

a National Space Treasure Marred by Tragedy

Sophie Arrieta with her Website, The Tragedy of the Northern White Rhinos

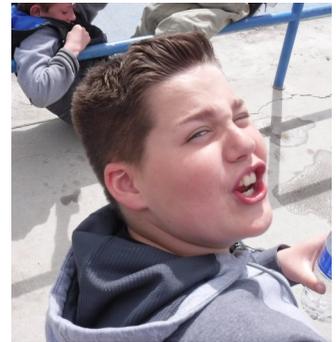

Jayden Allred with her Paper, The Salem Witch Trials

Hannah Ludington with her Paper, International Adoption

All of HMS' participants did very well in the State Fair. Unfortunately, none of our school's participants made it to the National level. We are very proud of our school's participants and hopefully people will represent our school by participating next year. Good luck to future participants and GO RAMS!!!

### Quiz Bowl 2019

By Emma Holm

Quick, what direction does Mississippi river flow in? If you know the answer to that, you might be fit for Quiz Bowl. Quiz Bowl tests students random knowledge and speed in a trivia game. The Quiz Bowl teams compete against Grand, San Rafael, Mont Harmon, Canyon View, and ARL. Our second match of the session was held on March 4 and Mont Harmon Middle School. Varsity A team -consisting of Jared Saccomanno, Daron Garner, Emma Holm, and T'kiah McArthur- took First, and JV B -Gauge Holm, team took Second. The next match was on March 19 at Green River High School. Varsity A team came back with another second place trophy. April 3 was the final big match. It was held at Emery High School, and Varsity A team one again took second. On March 5 there was a match at the District office. Students competed against Mont Harmon, Canyon View, and San Rafael. Varsity a team this time consisted of Emma Holm, T'kiah McArthur, Daron Garner, and Gauge Holm. They took third, and so did JV.

Jared Saccomanno, a member of the Varsity A team was quoted with saying, "We did very good, and even when we lost I felt like we were a great team." Hannah Ludington, a Varsity B team member said that this season was very fun. T'kiah McArthur said this about the questions, "Some of them were really stupid, but a lot of them were really good and really hard. Once the judges even had to Google our answer," she re-counts.

If you are interested in participating in next years Quiz Bowl season please talk to Mrs. Fidell or Mrs. Oliver, and make sure you study up this summer!

HMS Band members with Mr. Navarro at Lagoon!

Rams Tracks Club has been so much fun! If you like to write, take pictures, or read, this club might be the club for you! Join us next year 2019-2020 for more exciting news!

## The Outsiders

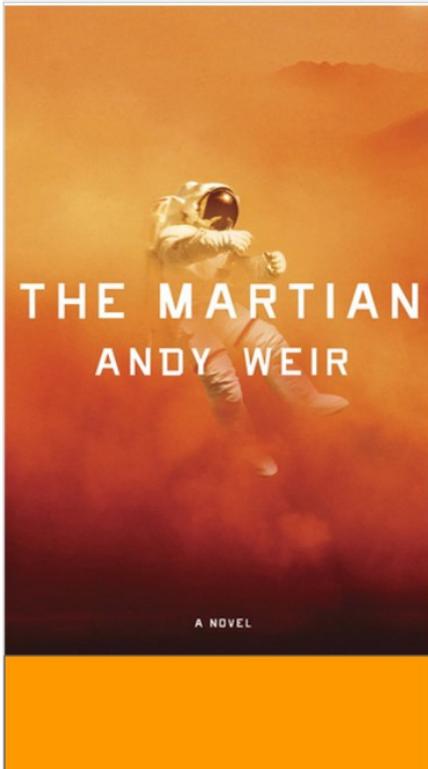

Mrs. Ison 8th grade classes have been reading *The Outsiders* with the 8th grade students. When they finished the book they watched the film and dressed up as “greasers” or “socs” and walked down to the old gas stations on Helper Main to take pictures.

Thank you Mrs. Ison for this memorable activity.

## HELPER MIDDLE SCHOOL BOOK REVIEWS!

The Martian: by Andy Weir  
Book review written by Bradley Sweeney

The Martian is an amazing book about how a guy named Mark Watney is trapped on Mars. Mark is a botanist sent to Mars onboard the spacecraft *Hermes*. On sol 6, (or day 7 and a half) the HAB (or temporary Mars house) gets hit by a 175 kph sandstorm. The HAB can not survive over 150 kph winds, so the mission is aborted. During the sandstorm (on the way to the MAV [Mars Ascent Vehicle]), Mark gets jabbed by a broken communication dish from the HAB. The crew thinks he is dead and leaves him on Mars. Now, Mark has to find a way to get off of Mars and a way to reach *Hermes*. This will be extremely challenging to the fact that basically, 1, he has no food source that will last him until he can get off of Mars, 2, he (just like food) has a limited amount of water, 3, if the HAB has a breach; he runs out of oxygen in less that he can say uh-oh, and 4, the next mission to possibly land on mars doesn't land for four years (or 1421 sols). So unless there is a miracle, he is "Martian toast."

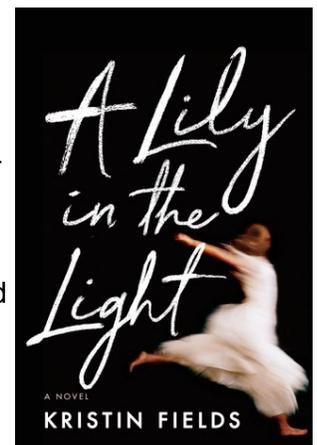

***If you would like to submit a book review for next quarters' issue, please email Mrs. Bentley a short paragraph, including Book Title and Author.***

A Lily in the Light Book Review  
By Emma Holm

A Lily in the Light is a realistic fiction mystery book by Kristen Fields. Esme is an eleven year old ballerina, soon to be en pointe. She lives with her mom Cerise, Dad Andre, 17 year old brother Nick, 15 year old sister Madeline, and 4 year old sister Lily. The family lives in Queens, New York, 1997.

After an argument with her sisters, Lily goes missing. Esme deals with trying to become a professional ballerina while also having a missing sister. Fast forward 8 years, and Esme is a professional. Finally, there is a break in the case. This book has talk of

many serious topics, and heavy swearing. A Lily in the Light is rated 3.9/5 on Goodreads and 4.3/5 on Barnes and Noble. This book is perfect for anyone interested in mystery, drama, and dance.

# 8th Grade Dedications and Superlatives

Dedications gathered by Sarah Ludington and Jayden Allred.
