CHESTNUT HEALTH SYSTEMS VIRTUAL SCHOOL-BASED SERVICES

CHESTNUT SERVICES

Chestnut mental health services are designed for effective, short term interventions for a variety of difficulties experienced by young people. Our staff is experienced in helping families and children cope with such issues as depression and grief, anxiety, behavioral problems, family conflict, blended family issues, and trauma.

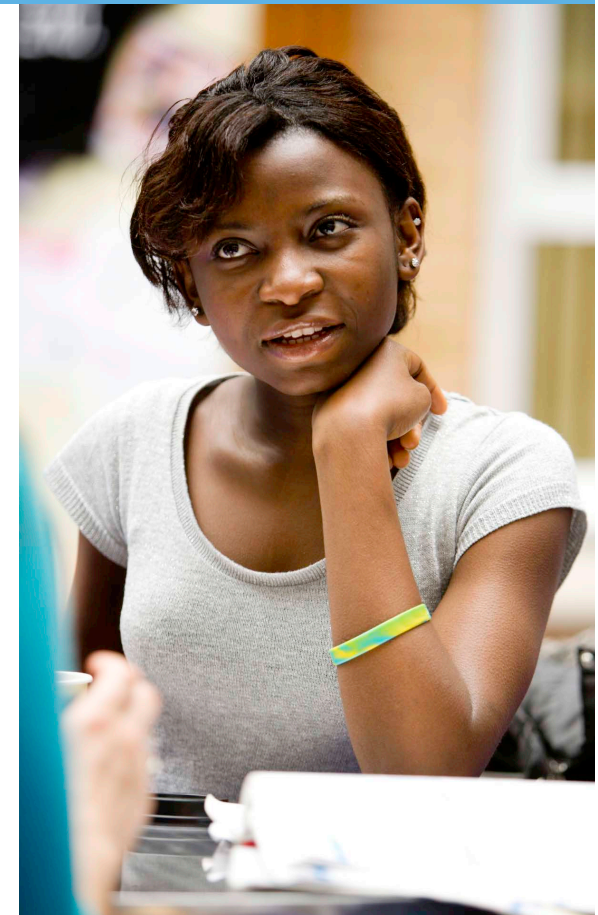

WE PROVIDE

- Case management
- Consultation and evaluation by a psychiatrist
- Family counseling
- Group therapy
- Individual counseling

PROGRAMS INCLUDE

- Virtual medication services
- School-based services
- Youth and family support services
- Referrals for virtual and residential substance use treatment

REFERRAL PROCESS

Social worker or administration:

Complete a referral page and forward to the Chestnut clinician

Parent:

Call the school and ask administration or social worker how to get services started
